COVID-19 Related Closures

Little Village Montessori is a licensed childcare center in the state of Oregon. Due to the COVID-19 Pandemic, LVM is operating as an Emergency Childcare Center and is mandated to follow the rules and regulations set forth by the Early Learning Division (ELD), a division of the Oregon Education Department.

A short-term closure could occur if a child or staff person has been exposed to, has symptoms of, or is confirmed to have COVID-19 which may result in the whole group quarantining at home. Policies regarding quarantining are subject to change throughout the year, per the ELD and OHA recommendations.

A long-term closure could occur if the state or county sees a surge in COVID-19 cases and the state of Oregon mandates school and childcare closures OR the state or county sees a surge in COVID-19 cases and LVM decides that it must move to distance learning for the safety of our staff and families.

All families will receive access to:

- Distance learning support plan and weekly/daily schedule
- Distance learning appropriate for the developmental age group
- Google Classroom to access content and communicate with your classroom guide
- Weekly Classroom Zoom gathering and/or Weekly Guide check-in via Zoom

For any such closure shorter than 15 consecutive days in a month, there will be no reduction in tuition for that month. For closure conditions longer than 15 days in any month, the school will charge up to 50% tuition for the duration of the closure in that month and will charge 100% tuition for any duration that the school is open. This clause allows the school to retain at least key staff on payroll, readily available to return to the classroom to welcome our children back when the school reopens.
