

PARKS -N- REC VIDEO CONTEST

This year the City of Montesano is excited to offer an opportunity for our youth between the ages of 12 and 18, who live in the Monte school district, to create a short film which highlights outdoor recreation in our parks. **Entry packets are at city hall, on our website and on Facebook.**

We want you to showcase the city parks and create an original work. Not only will this be fun—but there is a **\$100 prize** for the best video and you get the bragging rights to be the first winner ever for this contest!
