amount will be due October 15th. More
information will be given once we get closer
to the date.

As of right now
these activities are
still scheduled to
go according to
plans.

IMPORTANT INFORMATION

CORONAVIRES

There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19). The best way to prevent illness is to avoid being exposed to this virus. However, as a reminder, CDC always recommends everyday preventive actions to help prevent the spread of respiratory diseases, including:

- * Avoid close contact with people who are sick.
- * Avoid touching your eyes, nose, and mouth.
- * Stay home when you are sick.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.

Facemasks should be used by people who show symptoms of COVID-19 to help prevent the spread of the disease to others. The use of facemasks is also crucial for health workers and people who are taking care of someone in close settings (at home or in a health care facility).

Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.

**I've been to a lot of places,
 but I've never been in Cahoots.
 Apparently you can't go alone,
 you have to be in Cahoots with
 someone. I've also never been
 in Cognito, either. I hear no
 one recognizes you there.
 I have, however, been in Sane.
 They don't have an airport,
 you have to be driven there.
 I have made several trips.**

Jessica Scott delivering meals to clients and trying to brighten their day. Thanks Jessica for making everyone smile.
