Dear Mr. Hess:

Thank you for attending the beach clean-up this weekend. I appreciate you taking the time to participate in this important event to clean our coast.

I have reviewed your materials proposing a bill to end male circumcision. Thank you for sharing your research and other legislators' responses with me.

I share the sentiments of my colleague, Senator Christine Kehoe regarding the process of introducing controversial legislation, such as a bill to end male circumcision. It is imperative that you obtain the support of numerous respected health and human rights organizations to demonstrate the widespread support and necessity of such a bill to legislators. I also recommend contacting the Chair of the California State Assembly Committee on Health, Assemblymember Wilma Chan of the 16th District and discussing your proposal with her staff. Her District Office number is (510) 286-1670 and Capitol Office number is (916) 319-2016.

If I may be of assistance with any other state government matter, please feel free to contact my office. Thank you again for your time.

Sincerely,
