May 2009 – Mark Webb's Legislative Update

There is an emerging cost driver that is causing medical costs to skyrocket – the increased incidence of obesity in the workplace. But, as an employer, you CAN do something. [Click to read more...](#)

March 2009 - President's Welcome Message

Your workers' compensation premium is an investment in your company's future and is not a line item where you can afford to cut costs. [Click to learn more...](#)
