Job Description

Design your own

If there isn't a job description to be found, work with the teachers and administration to identify categories for your job description. Then, ask for feedback on each of those categories. This will help you gain great perspective on people's perceptions and help you develop a job description.

Example

Job Description	Teacher Feedback	Administration Feedback	Final Description
Role	To work with struggling students	To help teachers meet their	To support teachers in setting
	and provide help if I ask for it	teacher evaluation goals and	and achieving goals through
		provide professional	professional development and
		development on current	coaching centered around
		implementations	meeting the needs of students
