

**HOLLISTER INCORPORATED (50)****Adapt® Stoma Powder**

Protects raw and weeping skin by creating a sticky gel. Use sparingly to absorb moisture or exudate from skin prior to placing a skin barrier on peristomal skin. Convenient to use; squeeze bottle allows aeration of powder onto skin. Bottle has window for visualizing contents.

	ITEM #	HCPCS	SOLD BY
1-oz. puff bottle	7906	A4371	ea

**Karaya 5™ Powder**

Protects raw and weeping skin by creating a sticky gel. Karaya, a natural hydrocolloid, has unique skin care properties. Use sparingly to absorb moisture or exudate from skin prior to placing a skin barrier on peristomal skin. Convenient to use; squeeze bottle allows aeration of powder onto skin.

	ITEM #	HCPCS	SOLD BY
2.5-oz. puff bottle	7905	A4371	ea

**Skin Gel Protective Dressing Wipes**

Protect skin by forming a thin, semipermeable polymer coating over the skin before applying tapes or skin barriers. Prevent skin stripping resulting from frequent removal of tapes or skin barriers. Convenient wipe package is easy to use.

	ITEM #	HCPCS	SOLD BY
	7917	A5120	50/bx

**SKIN BARRIERS/SEALS****Adapt® Convex and Oval Convex Barrier Rings**

Convexity helps support the peristomal skin for stomas that do not protrude from the abdomen. Can be cut, bent and stacked to adjust barrier thickness for deeper convexity. Feature extended wear skin barrier technology for durability and erosion prevention. Adapt® Oval Convex Barrier Rings are ideal for oval-shaped stomas to create an even more customized fit.

**Adapt® Flat Barrier Rings**

Sting-free alternative to paste. Flat shape means ring can be stretched and molded to create custom shapes. Can be cut, bent and stacked together to improve the fit of the skin barrier. Prolong skin barrier wear time when used under a pouch or two-piece skin barrier. For individuals with sensitive skin or limited dexterity.

	ITEM #	HCPCS	SOLD BY
2" (48-mm) outer diameter	7805	A4385	10/bx
4" (98-mm) outer diameter	7806	A4385	10/bx

**Adapt® Barrier Strips**

Can be cut, bent and stacked together to improve a skin barrier fit. Can be stretched and molded to create custom shapes. Conform to irregular skin folds and help prevent skin erosion. 5 1/2" length.

	ITEM #	HCPCS	SOLD BY
60 g	79400	A4385	10/bx

**Flexlend® Skin Barrier, Sterile**

Enhanced skin care technology through a special formulation of cross-linked molecules that absorbs and holds fluids. Durability is achieved by its unique cross-linking, giving the skin barrier superior resistance to erosion. Extended wear time over days translates into superior value.

	ITEM #	HCPCS	SOLD BY
4" x 4"	8800	A4385	5/bx
8" x 8"	8801	A5122	3/bx

**Premium Skin Barriers, Nonsterile**

Protect skin from irritating urinary or fecal discharge, and wound drainage. Superior skin care is provided by the Premium (standard wear) skin barrier. Formulated for gentleness and flexibility, yet attach firmly to skin. 4" x 4".

ITEM #	HCPCS	SOLD BY
7800	A4362	5/bx

**HolliHesive™ Skin Barriers, Nonsterile (Standard Wear)**

Protect the skin from irritating stomal discharge; durable in the presence of heat and moisture. Allow greater freedom of movement. Easy to use and comfortable. Flexible materials conform to body contours; sticky barrier on both sides can be shaped to give a custom fit. 4" x 4".

ITEM #	HCPCS	SOLD BY

# OSTOMY

## HOLLISTER INCORPORATED (50)

### Urostomy Drain Tube Adapter

Convenient and easy to attach to urostomy pouch; allows easy attachment of a night drainage collector to the pouch. For use with series 14xx, 390x, 1840x and 1841x urostomy pouches.

ITEM #	HCPCS	SOLD BY
7331	A4421	ea

### Adapt® Stoma Lubricant

Ensures safe and effective insertion of stoma cone into stoma without causing undue friction. Easy-to-use, convenient bottle allows lubricant to be dispensed without mess. Easy to clean with soap and water. 4-oz. bottle.

ITEM #	HCPCS	SOLD BY
7740	A4402	ea

## ODOR ELIMINATORS/CLEANERS/LUBRICANTS

### m9® Odor Eliminator Drops

Highly effective in eliminating odors; safe to use as demonstrated over many years. Convenient to use; place drops into pouch before applying. Economical; a few drops per wearing adequately eliminates odor.

	ITEM #	HCPCS	SOLD BY
1 oz. (30 mL)	7715	A4394	ea
8 oz. (240 mL)	7717	A4394	ea

### m9® Odor Eliminator Spray

Effectively and safely eliminates odors. Available unscented or with a pleasant apple scent. Convenient packaging.

	ITEM #	ITEM #	HCPCS	SOLD BY
	UNSCENTED	LIGHT APPLE SCENT		
2-oz. spray	7732	7734	N/A	ea
8-oz. spray	7733	7735	N/A	ea

### m9® Cleaner/Decrystallizer

Effectively and safely cleans urinary drainage systems. Specially formulated for use with urinary drainage system; pH balanced and nonacidic. Includes free wash bottle. 16-oz. bottle.

ITEM #	HCPCS	SOLD BY
7736	A5131	ea

### Adapt® Lubricating Deodorant

Enables a new level of confidence and security with a proven odor-neutralizer and pouch lubricant that helps to keep the pouch interior clean. Lubrication eases emptying and helps prevent pouch static and sticking. Deodorant works by neutralizing the odor; not a perfume or masking agent.

	ITEM #	HCPCS	SOLD BY
0.27 oz. (8-mL packs)	78501	A4394	50/bx
8 oz. bottle	78500	A4394	ea

## FILTERS

### Replacement Filters

Highly effective deodorizing and venting filters made of activated carbon granules provide security and confidence. Convenient to use with drainable pouches that have replaceable filter holders (e.g. series 366x, 383x, 385x and 389x). Easily changed as needed.

ITEM #	HCPCS	SOLD BY
7766	A4368	20/bx

## POUCH CLAMPS

### Drainable Pouch Clamp

Precision-molded plastic pouch clamp locks securely and is easy to use. Clamp is curved and fits body contours. Included in every box of drainable pouches and also can be purchased separately. Beige. Box quantity is 20 clamps.

ITEM #	HCPCS	SOLD BY
8770	A4363	ea

## Loop Ostomy Bridge

Sterile bridge is easy to insert under the bowel. Folds in half along a hinge and forms a convenient curved shape. Securely opens along its hinge and lays flat on the abdomen, simplifying stoma management and providing a low profile. Stays in place anywhere. Optional suture holes are provided at all four ends. Beige. Box quantity is 20 bridges.

ITEM #	HCPCS	SOLD BY
7767	A4421	ea

## COLOPLAST (62)

All Coloplast ostomy products are not made with natural rubber latex unless otherwise noted.

**SENSURA® FLEX TWO-PIECE OSTOMY SYSTEMS**

The SenSura® Flex two-piece ostomy system provides a unique combination of security and flexibility. Pouches feature a reinforced ring to ensure a tight seal across the entire coupling surface. Integrated security channel on the adhesive ring offers extra protection against leakage. Flexible, low-profile coupling system offers complete conformability and allows for freedom of movement as it contours to the body for ultimate comfort and discretion. Excellent postoperative solution because minimal pressure is required for application. The "floating" baseplate can be lifted during application to ensure a good seal and prevent direct pressure against the abdomen. The only adhesive coupling system available in the EasiClose™ WIDE outlet, providing a fast, easy hygienic emptying process.

## SENSURA® CLICK TWO-PIECE OSTOMY SYSTEMS

Two-piece system combines the SenSura® double-layer adhesive for optimal skin friendliness and protection with secure, click-lock technology. Upper layer provides erosion-resistant protection from stoma output and flexibility. Lower layer ensures absorption, moisture balance and ease of removal. Unique, click-lock security ring provides a leak-proof coupling system, while safely and securely fastening the pouch to the barrier. When Security Ring is unlocked, the pouch can be turned in either direction, while still fastened to the barrier. Pouch is applied to barrier using minimal pressure and is easily removed with an "up and over" motion.

## ASSURA® ONE-PIECE POST-OPERATIVE PRODUCTS

## 12" Assura® One-Piece Post-Op and Wound Management Drainable Pouches without Filter, Transparent

For use in most postsurgical ostomy, fistula and draining wound management. Easy-to-remove window allows quick access to wounds. Unique, spiral adhesive protects sensitive skin and adheres securely, yet removes easily. Drainable outlet is easy to open and close, and can be attached to drainage collector. 830 mL.

## Fistula and Wound Management Systems

"All-in-one" solution designed to save nurses time. "Laminate" adhesive is designed with two layers: the first (which touches the skin) provides great moldability and creates a secure, long-lasting seal; the second, erosion-resistant layer ensures the skin is protected from drainage. Tracing guide increases accuracy in cutting fistula or wound patterns. Lid is easy to apply and remove, allowing nurses to dress wounds. Drain port can be

easily applied to the lid to allow for catheter insertion. Inflatable ring is positioned directly under the coupling to provide more stability when applying the lid and prevents leakage from the front of the pouch. Clinician can inflate ring by using the enclosed pump. Outlets are designed with spigots to help with draining fistulae (mini size is designed with one spigot; midi and maxi sizes have two). Include drain port, flexible lid, sheet and clamp.

	ITEM #	HCPCS	SOLD BY

## UROSTOMY NIGHT DRAINAGE

### Assura® Urostomy Night Bag

Includes a fixed connector that fits directly to the SenSura® or Assura® urostomy pouch (so the user no longer has to connect the night bag to a fitting component before connecting to the urostomy pouch). 2-L capacity and has a 120-cm long, flexible, cuttable tube with anti-reflux valve.

ITEM #	HCPCS	SOLD BY
21365	A4357	10/bx

## ACCESSORIES

### SKIN BARRIERS/SEALS

#### Brava® Moldable Rings

The most durable ring on the market. Used to fill uneven skin surfaces, protect the skin and provide a tight seal. Absorb moisture without breaking down around the stoma. Easy to handle, mold and apply. Alcohol- and sting-free.

	ITEM #	HCPCS	SOLD BY
2-mm thick	120307	A4385	10/bx
4.2-mm thick	120427	A4385	10/bx

#### Brava® Strip Paste

Pectin-based. Protects peristomal skin from stomal output. Used to fill uneven skin surfaces to create a flat pouching surface. Alcohol- and sting-free. 2 oz.

ITEM #	HCPCS	SOLD BY
26555	A4406	10/bx

#### Brava® Elastic Barrier Strips

Skin-friendly tape alternatives provide extra security and support longer wear time. Elastic to follow the contours of the body. Designed to ensure the position of the barrier and minimize roll-up. 5 1/2" strips.

ITEM #	HCPCS	SOLD BY
120700	A4362	20/bx

#### Brava® Protective Sheets

Hydrocolloid skin barriers protect the skin from stomal output and offer effective protection for peristomal skin. Provide a ready surface for good adhesion. Easy to apply around the stoma.

	ITEM #	HCPCS	SOLD BY
¾" – 2" (10 – 50 mm)	UROST	A5071	20/bx

#### STOMOCUR® Skin Protection Rings, Cut-to-Fit

Made from hydrocolloid material; very well-tolerated by the skin; cover stomas; can be used in case of stoma retractions; and can be molded. ¾" – 1½" (10 – 40 mm).

	ITEM #	HCPCS	SOLD BY
	CT6010	A4385	10/bx

#### STOMOCUR® Skin Protection Paste

Protects uncovered skin from feces. Easily moldable, covers skin folds extremely well and fills in any uneven skin areas.

	ITEM #	HCPCS	SOLD BY
2 oz. (56 g)	CP2050	A4406	ea

### SMITH & NEPHEW (S4)

#### DEODORANTS

#### BANISH® II Liquid Deodorant

For pouches; no perfume additives.

	ITEM #	HCPCS	SOLD BY
1.25-oz. bottle	412000	A4394	ea
8-oz. bottle	412100	A4394	ea

#### URIKLEEN® Deodorizing Detergent

Effectively cleans/deodorizes plastic and rubber urinary appliances in just 10 minutes. 16-oz. concentrate.

	ITEM #	HCPCS	SOLD BY
	405000	A5131	ea

#### ADHESIVE REMOVERS AND SKIN PREPS

#### REMOVE® Adhesive Removers

Wipes gently clean hydrocolloid-, acrylic- and rubber-based adhesive residues from skin. Aloe moisturizes and conditions the skin without greasiness. Environmentally friendly; do not contain ozone-depleting CFCs (chlorofluorocarbons).

	ITEM #	HCPCS	SOLD BY
Wipes	403100	A4456	50/bx
8-oz. bottle	40330	A4455	ea

#### UNI-SOLVE® Adhesive Removers

Formulated to reduce adhesive trauma to the skin by thoroughly dissolving dressing tape or ostomy appliance adhesives. Ideal for removing acrylic-, rubber- and hydrocolloid-based residue from the skin. Contains aloe, which soothes and moisturizes skin without greasiness. Environmentally friendly; do not contain ozone-depleting CFCs (chlorofluorocarbons).

	ITEM #	HCPCS	SOLD BY
Wipes	402300	A4456	50/bx
8-oz. bottle	59402500	A4455	ea

#### NO-STING SKIN-PREP® Protective Dressings

Liquid, film-forming dressing that forms a protective interface to reduce friction during adhesive dressing removal. May be used on intact or damaged skin to help prepare skin attachment sites for drainage tubes, external catheters, surrounding ostomy sites and adhesive dressings. Alcohol-free formula will not sting damaged skin. Allow skin to "breathe" so tapes and films may adhere better.

	ITEM #	HCPCS	SOLD BY
Wipes	59420600	A5120	50/bx
Swabs	59420700	A5120	50/bx

#### SKIN-PREP® Protective Dressings

Protective liquid dressing may reduce adhesive removal trauma during removal of tapes or films. Allow skin to "breathe" so tapes and films may adhere better. Pediatrician tested.

	ITEM #	HCPCS	SOLD BY
Wipes	420400	A5120	50/bx
4-oz. pump spray	420200	A4369	ea

#### SKIN CARE PRODUCTS

#### SECURA® Total Body Foam Cleanser

Provides no-rinse cleansing for all external areas of the body. Can be used on the hair. pH-balanced foam gently and thoroughly removes oil, dirt and grease; adds moisture; helps condition the skin; and deodorizes. Also aids in the removal of urine and feces. Pediatrician tested.

	ITEM #	HCPCS	SOLD BY
4.5-oz. dispenser	59430200	A9270	ea
8.5-oz. dispenser	59430300	A9270	ea

#### UNICARE® Moisturizing Lotion

Soothes, conditions and moisturizes dry skin without disturbing the skin's natural acid mantle. Nonirritating, rich lotion can be applied easily and is quickly absorbed. Contains allantoin, dimethicone and aloe vera. Can be used as a moisturizer after radiation treatment. pH balanced.

	ITEM #	HCPCS	SOLD BY
8-fl. oz. bottle	445000	A6250	ea

#### UNIDERM® Moisturizing Cream

Effective, water-based cream moisturizes dry skin. Combination of quality moisturizers and conditioners gently moisturizes, lubricates and conditions dry, scaling or cracked skin. Helps to reduce the incidence of friction injuries and pressure ulcers. Gentle to the skin; nonirritating, nonsensitizing and pH-balanced formula will not disturb the skin's natural mantle. Proven safe; hypoallergenic and nontoxic. Useful in many affected areas, such as heels, elbows, hands, and peristomal or perineal areas. Convenient to use; nongreasy, nonstaining, water-based formula glides on easily and vanishes into the skin.

# **RELIAMED®**

Indicates this product is **NOT** manufactured with natural latex components.

**LATEX FREE**

## **WIPES**

### **ReliaMed® I.V. Antiseptic Wipes**

**LATEX FREE**

Provides a clear film which can reduce trauma to the skin. For preparation of the skin prior to injection or venipuncture. Protects skin from adhesives. Nonirritating to intact skin. Thick, soft pad. For external use only.

ITEM #	HCPCS	SOLD BY
1 1/4" x 3"	ZA50075	A5120 75/bx

### **ReliaMed® Protective Barrier Wipes**

**LATEX FREE**

Thick, durable pad. Protects skin from dressing tape and damage caused by adhesives. Nonirritating to intact skin. For external use only.

ITEM #	HCPCS	SOLD BY
1 1/4" x 3"	ZA40075	A5120 75/bx

### **ReliaMed® Adhesive Remover Wipes**

**LATEX FREE**

Thick, durable pad to remove adhesive residue from tapes, bandages, ostomy appliances, ostomy paste and other adhesives. Larger 4" x 4" size is ideal for tough-to-remove adhesives, such as ostomy pastes and appliance cements. Fresh scent. Nonirritating to intact skin. For external use only.

ITEM #	HCPCS	SOLD BY
1 1/4" x 3"	ZA30075	A4456 75/bx
4" x 4 3/4"	ZA30050XL	A4456 50/bx

## **ACCESSORIES**

### **ReliaMed® Ostomy Barrier Seals**

**LATEX FREE**

Hydrocolloid, doughnut-shaped seal that can be stretched to fit a variety of stoma sizes. Molds easily without warming to fill in body crevices and irregularities. Forms a gel that helps prevent skin damage by sealing the area between the skin and ostomy appliance. Matches the skin's natural pH level. Alcohol-free. Made in the USA.

ITEM #	HCPCS	SOLD BY
2" diameter	ZROS22	A4385 10/bx
4" diameter	ZROS44	A4385 10/bx

### **ReliaMed® Odor Eliminator Spray**

**LATEX FREE**

Designed for use by ostomy patients. Unique air freshener safely and effectively eliminates odors with a light, fresh scent. Convenient 8-oz. pump sprayer; spray should be directed away from patient in the vicinity of the odor. Antibacterial. Non-toxic and eco-friendly. For external use only.

ITEM #	HCPCS	SOLD BY
8-oz. bottle	ZR8OZSPD	A4421 12/cs

### **ReliaMed® Ostomy Odor Eliminator Drops**

**LATEX FREE**

Eliminates odors, not a masking agent. Blue color provides a visual indication of surface coverage. Powerful formula provides hours of odor protection. Convenient to use; place a few drops into the pouch prior to attachment.

ITEM #	HCPCS	SOLD BY
1-oz. bottle	ZR1OZEDA	A4394 ea

8-oz. bottle	ZR8OZEDA	A4394 ea

### **ReliaMed® Lubricating Deodorant Drops**

**LATEX FREE**

Similar to ReliaMed® Odor Eliminator Drops, but with the addition of a lubricant to facilitate cleansing of drainable pouches. Blue color provides a visual indication of surface coverage. Convenient to use, flip-top bottle.

ITEM #	HCPCS	SOLD BY
8-oz. bottle	ZR8OZLD	A4394 ea

### **ReliaMed® Ostomy Pouch Absorbent Tablets with Deodorant**

**LATEX FREE**

Easy to use: drop tablet into pouch opening. Transforms liquid waste into a gel. Gel remains at the bottom of the pouch away from the stoma to promote healthier peristomal skin. Gel makes it easier to empty pouch. Reduces pouch noise and leakage. Neutralizes odor. Lowers pouch profile. Nontoxic – 100% biodegradable and eco-friendly. **Caution: Store in a dry place.**

ITEM #	HCPCS	SOLD BY
180 tablets	ZROGT180	A4422 12/cs

### **ReliaMed® Ostomy Protective Powder**

**LATEX FREE**

Pectin-based powder protects irritated skin around the stoma, increases wear time of appliances and absorbs moisture. Convenient squeeze bottle provides easy puffing of powder to skin. Should be used sparingly.

ITEM #	HCPCS	SOLD BY
1-oz. bottle	ZR1OZOPA	A4371 ea

Large (40" – 42")	Large (Sizes 8 – 9; Hips 41" – 45")
XL (44" – 46")	XL (Size 10; Hips 45" – 47")

Larger Sizes Available

OPTIONS™ contain the patented built-in Ostomy Barrier/Support designed by an ostomate for 24-hour wear for day, sleep and intimacy. Patients can forget they are wearing a pouch – they can wear regular clothing and virtually eliminate leakage. Designed for discreet appearance and to provide a flatter abdominal profile. When the pouch is contained within the support, it provides a larger area across the lower abdomen for pouch contents to be evenly distributed, providing concealment. To conceal and prevent bulging/ballooning, it is recommended that a 9" or longer pouch be used, directing the pouch tail to the opposite side. The support provides security, peace of mind and maintains an adhesive seal – extending wear time. It also creates a barrier between skin, pouch and wafer that helps prevent rashes and skin breakdown. User will not feel the pouch, heat or tail closure; pouch is rustle-free. Access for urinary night drainage tubing on all products. Barrier/Support 100% cotton wicks/absorbs moisture away from skin.

**Note:** When ordering, replace the **A** with the desired Barrier/Support Size (S-small, M-medium, L-large and XL-x-large), and replace **B** with the Stoma Location (R-right, L-left, C-center and D-dual). For example, the item number for a Large, Right-side Stoma Ladies' Brief with Open Crotch and Built-in Barrier/Support would be 83002 L R.

If stoma is under or above waistband, please contact customer service for special order. CHILDREN'S SIZES also available.

**Ladies' Wrap/Brief with Open Crotch and Built-in Barrier/Support**

## MONTREAL OSTOMY (BE/MO)

### Welland Flair® Active Xtra Peel and Flush Cut-to-Fit Pouch System

Allow users to discard their pouch discreetly, anytime, anywhere. The beige outer liner is peeled away from white inner liner/pouch, which contains the fecal output. The outer liner is thrown away, and the inner liner is flushed away. The inner liner is completely biodegradable and can be flushed in any toilet system, including septic tanks. The outer bag remains clean for normal garbage disposal at a convenient time and place.

ITEM #	HCPCS	SOLD BY
(MO)WELPFL519	A4416	30/bx

### Welland One-Piece Cut-to-Fit Drainable Pouches with Soft Comfort Panel

Welland's Hyperflex® hydrocolloid flange is soft and gentle against delicate skin, and excellent for the management of sore and excoriated skin. Easy removal of pouch is achieved by a nonadhesive tab incorporated into the hydrocolloid. Reduce the likelihood of pancaking with the teardrop shape and combine less bulk with capacity where it is needed the most. Offer additional comfort from the soft back material, which is gentle against the skin. Reduce pouch noise, offering increased discretion and confidence.

ITEM #	HCPCS	SOLD BY
(MO)WELWFZ013	A5061	10/bx

### Welland One-Piece Adult Urostomy Pouches with Soft Comfort Panel

Welland's Hyperflex® hydrocolloid flange is soft and gentle against delicate skin, and excellent for the management of sore and excoriated skin often associated with urostomies. Integral non-return valve prevents reflux of urine, which minimizes the risk of infection. Clear plastic window above the pouch outlet helps detect evidence of infection. The soft urostomy outlet tap is exceptionally secure, yet soft and pliable against the skin and is very easy to use.

ITEM #	HCPCS	SOLD BY
(MO)WELWUR913	A5071	30/bx

### One-Piece Pediatric Urostomy Pouches

Feature body-side, soft backing for additional comfort. Welland's Dual-Carb® filter not only eliminates odor, but also actively manages the excess gas produced by infants. Unique hydrocolloid flange shape has been designed to be flexible. Has no starter hole, making it ideal for the customized hole placement of babies with multiple stomas. Can be used either vertically or horizontally. When used horizontally, it can be put over the side of the sleeping surface so that the newborn baby does not have to take the weight of the pouch. Incorporate an outlet tap that is exceptionally secure, yet soft and pliable, and is ideal for controlling flow of output. The versatility of the pouch means the pouch can be drained at the tap, or the soft tap can be cut off if required for thicker output, and a tie or clip used in place of the tap. Welland's Hyperflex® hydrocolloid formula is soft and gentle against delicate skin and is excellent for the management of sore and excoriated skin.

Foam-covered wire tie (MO)WELFSA700	A4363	ea

### Pectin Powder

Pectin-based stoma powder to help protect skin. Puffer bottle makes application easy.

ITEM #	HCPCS	SOLD BY
1-oz. bottle (MO)CPOWDER	A4371	ea

## MONTREAL OSTOMY (BE/MO)

## OSTO-STRIPS "THINS"

Form a low-profile seal that stretches and molds around the stoma, creating a long-lasting, leak-free barrier. Thin, sticky and highly moldable, yet retain their form once shaped to size. Beneficial for flush stomas. Skin-friendly, do not sting and help cure and prevent sore or irritated skin. Extend appliance wear time.

ITEM #	HCPCS	SOLD BY
(MO)OSTOSTRIPS	A4385	15/bx

4" x 3/8"

## OSTO-SEAL "XTRA" Regular Profile Extended Wear Barrier Rings

Thicker barrier rings give a regular standard thickness profile. The seal stretches and molds around the stoma, creating a long-lasting, leak-free barrier. They are sticky, highly moldable and retain their form once shaped to size. The thicker seal is beneficial for more pronounced stomas. Alcohol-free, skin-friendly and help cure and prevent sore or irritated skin. Extend appliance wear time.

ITEM #	HCPCS	SOLD BY
(MO)S400	A4385	20/bx

2" diameter

## OSTO-SEAL "THINS" Low Profile Extended Wear Barrier Rings

Form a low-profile seal that stretches and molds around the stoma, creating a long-lasting, leak-free barrier. Thin, sticky and highly moldable, yet retain their form once shaped to size. Beneficial for flush stomas. Skin-friendly, do not sting and help cure and prevent sore or irritated skin. Extend appliance wear time.

ITEM #	HCPCS	SOLD BY

(MO)STOP4	A4394	ea
(MO)STOP8	A4394	ea

8-oz. bottle

## ND2-Kit

Fits all leading ostomy and urinary appliances. Contains a 2-L capacity, see-through translucent plastic bottle, three connectors and 5' of plastic tubing.

ITEM #	HCPCS	SOLD BY
(MO)CND2C	A5102	ea

## Sea-Breeze Appliance Cleaner/Deodorizer

Add a teaspoon (5 mL) of concentrate to 1 pt. warm water and soak for 10 minutes. Removes fecal and urinary deposits from appliances and deodorizes.

ITEM #	HCPCS	SOLD BY
(MO)SEABRZ	A5131	ea

16-oz. bottle

## Osto-Barriers

Skin barriers are now thinner and more comfortable than ever before. Used by nurses to apply between appliances and skin, which gives complete protection and helps prevent skin breakdown.

ITEM #	HCPCS	SOLD BY
(MO)WAFER4	A4362	5/bx

4" x 4"

## Osto-Bond Skin Bond Adhesive

Lid has brush cap for easy application. **Contains pure latex and zinc oxide.**

ITEM #	HCPCS	SOLD BY
(MO)OSTOBOND	A4364	ea

4 oz.

## Osto-Gel Super-Absorbent

Turns liquid stool into a gel, traps odor and prevents leakage. Add one packet or tablet to ileostomy pouch. Outer plastic dissolves on contact, releasing granules that form a gel with the liquid fecal output. Traps odor, which makes emptying the pouch simple. Also available as quick dissolve tablets.

ITEM #	HCPCS	SOLD BY
(MO)OSTOGEL	A4422	100/pk
(MO)OSTOGEL180T	A4422	btl

## Gel-Plus

Mixture of Stop-Odor and Osto-Gel to deodorize, lubricate and thicken liquid stool.

ITEM #	HCPCS	SOLD BY
(MO)GELPLUS8	A4394	ea

8-oz. bottle

## OSTO-PASTE

The first alcohol-free, pectin-based ostomy paste. Applied between and around appliance and skin to deter skin breakdown. No sting, which is ideal for sore and excoriated skin. Stays soft and sticky; washes off with warm water and mild soap.

ITEM #	HCPCS	SOLD BY
(MO)OSTOPASTE	A4406	ea

4-oz. tube

## Osto-Hesive Skin Barrier Paste

Pectin-based paste for sealing around stoma and filling crevices and fistulas.

ITEM #	HCPCS	SOLD BY
(MO)CSTOMAPASTE	A4406	ea

2-oz. tube

## HydroFrame®

Thin, hydrocolloid flange extensions with soft, beveled edges ensure flexibility, comfort and security. Finger grips at either end allow accurate placement. Unique, semicircle design enables easy application. Extends pouch wear time and provides extra adhesion where it is needed most. Minimizes the leakage risk and reduces skin irritation and maceration.

ITEM #	HCPCS	SOLD BY
(BE)WAFH33	A4362	20/pk

5 1/2" long

#### No-Sting Skin Barrier Wipes – Sachets

One of the most popular products is now available in a convenient sachet. Alcohol-free liquid absorbed into a wipe that creates a transparent, protective film when wiped on the skin. The transparent film that forms on the skin once the liquid dries is a synthetic, protective skin barrier film to adhesives, friction and body fluids. Increase adhesion of tapes and wafers. Gentle, convenient and scent-free. 1g of liquid in each wipe.

#### No-Sting Skin Barrier Film Spray

No-sting, alcohol-free spray provides a transparent, protective coating onto the area sprayed. This transparent film is a synthetic, protective skin barrier to adhesives, friction and body fluids. Increases adhesion of tapes and wafers. Gentle, convenient and scent-free. Ideal for use in the crusting technique.

**SAFE N SIMPLE™ (RR)**
**SKIN BARRIER RINGS/ARCS/PASTE**
**Skin Barrier Ring-Conforming Seals**

A high absorbency adhesive seal that creates a classic turtleneck around the stoma to prevent leakage. Ideal for patients with an ileostomy or urostomy. These seals hold up better and don't leave a mess when removed from the skin. They are very moldable and stretchable with a strong tack and require no cutting. Great for replacing paste.

4"	SNS684U4	A4385	10/bx

**Skin Barrier Ring INTEGRITY Seal**

Durable skin barrier rings maintain their integrity and do not melt from excessive moisture absorption or body heat. Provide a comfortable and protective seal to prevent leakage. Sticky, thin, low-profile seals stretch and mold easily to fit around any stoma. Individually packaged.

4"	SNS68004	A4385	20/bx

**Skin Barrier Arcs**

Can be used under or over the ostomy appliance. When placed directly on the skin around the stoma, they create a smooth platform that allows the pouch to be changed without having to remove the Skin Barrier Arcs from the skin. Protect the skin from trauma caused by repetitive removal of tapes and adhesives. User can apply wafer or tapes directly over them. Also can be placed around the wafer to

secure the edges from lifting up, creasing or loosening. Picture frame around the edges of the wafer using one to three arcs. Provide an excellent, skin-friendly alternative to waterproof tapes and provide a waterproof seal around the wafer when bathing or showering.

# OSTOMY

## NB PRODUCTS (KG)

### Na'Scent Odor Eliminator

Water-based, fragrance-free solution. It's not a deodorant; it eliminates odor by creating an oxygen-rich environment that gets rid of odor-causing microbes in the pouch, helping people with ostomies let their confidence glow while enjoying an odor-free life. One or two squirts in the ostomy pouch (depending on the need) eliminates odors. For use in colostomy, ileostomy and urostomy pouches and stoma caps. Allows user to enjoy favorite foods and socialize without worry. Safe, effective, non-toxic and easy to use.

## 11 HEALTH & TECHNOLOGIES (GJ)

### Ostom-i™ Alert Sensor

Discreet, innovative device that alerts those with an ostomy as to how full their ostomy pouches are, so they can decide if and when to empty them. Clips on to any ostomy pouch, sending Bluetooth alerts to a free app on a mobile device. Users can set individual alerts for when they wish to be notified. Also tracks information about volume of output in the pouch over a time period and allows users to have that information e-mailed to them. This data is also stored safely on the 11 Health & Technologies Web site and can be accessed any time. Each device lasts up to three months.
