APRIL MEETING NOTES

Ed Cole reports that the cover project for the 200 yard pits has been completed. A couple of minor adjustments were made, but we now have chain link type covers over the pits at the 200 yard line, and a fence/gate around the access area.

Bill Montgomery reports that the Youth Hunter Education Challenge ([YHEC](#)) held last month was a huge success. We had five competitors qualify to go to Raton, NM to compete in the national championships. Bill also presented club President Mark Curtis with an award recognizing him for his help with hunter education over the past 10 years.

Rocky Walston is selling raffle tickets supporting the YHEC program. This year they will be raffling off a Ruger American rifle chambered in .308. If you are interested in purchasing one of the 500 \$10 tickets, contact Rocky or see a range safety officer at the club.

May is a very busy month for the club. We have several days when some of the ranges will be in use for matches, and a few days around Memorial Day for the muzzleloaders' rendezvous, which will close all ranges. Also, all ranges will be closed 8am to 6pm the first weekend of June for the State Hi-Power Rifle Championships. Please check the calendar before coming to the range on the weekends. Due to the Memorial Day holiday, our general meeting will be held the 3rd Friday this month at 7PM.

I am doing some research on club history from the early 80's and need some information. If you were a club member back then, I would like to ask you a few quick questions. Please send an email to (bullsheeteditor@gmail.com) or give me a call at 206-909-5499.

CARETAKERS REPORT

Doug Shellenberger

The gate controller is finally back in service. A new cable was recently installed between the clubhouse and the main control box. As a side note, if you are having trouble opening the gate with your access code, please contact Membership Chairman Ben LoCicero. He has all of the access code records and can get you back in service.

We have a lot of firewood available for sale at \$40 per pick-up truck load. It is stacked in various places near the parking lot. The wood is still in log form, so purchasers will have to cut and haul it. Give me a call or see me around the range if you are interested.

With the recent weather, the grass has been growing like crazy. Unfortunately, with all of the rain we've had recently, we have been hard pressed to get it cut.

The contractors for the new building have been working the past few weeks to complete the defects and get the building finished.

NEW BUILDING UPDATE

The building committee has been busy purchasing tables, cabinets, shelving and other items to get the clubhouse organized and fully functional. Last week, we received our two new gun safes. Those two, and our other old safes, have been placed in the "safe" room. We are getting bids for additional lighting for upstairs as well as for the patio area on the north side of the building. We are also planning the landscaping and getting ideas and bids to have the work done. The punch list has been pretty much taken care of, with just a few items remaining to be fixed.

CBA MILITARY RIFLE MATCH

Mitch Migliaccio

April 8, 2017

Greetings shooters. Here are today's results for PBC's CBA/MR. Not too bad weather conditions, except for a rather cool 40ish, and some irritating wind conditions. Didn't seem to bother some folks tho. Pretty good shooting by Ron Heilman but slipped on the 200 yd part. Newcomer AnnaBananaFana is really showing the old timers how it's done. Watch this young lady! Also, Mr. Shellenberger has decided him and the Finn he's been shooting in Issue aren't getting along, so he's going back to Mod Scope and butt heads with those fellas some more.

We'll be doing it again May13th, but this time it will be for **GROUPS**. We can do it three ways, Four 5 shot strings at 100 and Two 10 shot strings at 200. Or, four 5 shot groups at 100 and 200. Or, we can do two 10 shot strings at 100 and 200. I would like your preferences. I personally am opposed to 10 shot strings at 100 because it is impossible to count ten bullet holes at that range. However, I will defer to the majority, so y'all call it.

CALLING ALL 22 RIFLE SHOOTERS

Mitch Migliaccio will be hosting a 22 rimfire rifle match this July, with two classes, one for target grade rifles and one for regular sporter rifles. Targets will be shot at 100 yards as well as out to 200 yards. This will be a match for fun, with no pressure or world records at stake! We will have more information next month.

JUNIORS

Doug Shellenberger

Alec Patajo and Emme Nelson recently returned from the Junior National Championships at Colorado Springs. Alec, shooting in smallbore as well as air rifle, placed 77th out of 130 competitors. Equipment issues kept him from scoring better. Emme came in 72nd out of 180 female competitors in the air rifle competition.

We have recently picked up a couple of new shooters for Tuesday night practices. It's getting into the slow time of year for the juniors with very few competitions and other springtime activities taking up much of their time.

We had 38 shooters for our outdoor match on April 29th. Alec Patajo won the prone match by three points with Kellen McAferty from the Olympia club winning the 3 position match. Go to the smallbore section of the [Orion Scoring webpage](#) to see all of the results.

WASHINGTON STATE SOLDIERS HOME RANGE DAYS

For the past several years, our club has hosted residents from the Washington State Soldiers Home in Orting to a fun day on the range. Once a month from May through August, the Home's Recreational Therapist, Erin Jordan, transports those residents interested in doing some shooting to the range. They come out to shoot .22 rifle on the pistol range, relax and have some fun with the help of Chief Range Safety Officer Frank Phelps, and several club volunteers. There is a bit of good natured competition between the veterans, giving them some bragging rights at the Home. This is a great program for these veterans, providing them a day out and a chance to do something different from their day to day routines. Our club, along with our volunteers, supports this activity in an effort to give something back to those who have given so much for our country. If you have some time to spare and would like to help, contact Frank Phelps or show up at the pistol range on the 3rd Friday of the month at 1PM.
