Ward One Council Update / Community Q & A

Jamie introduces Councillor Stephen Dasko of Ward 1, Mississauga. Councillor Dasko discusses several issues, such as:

- The traffic calming lines painted on the roads in the community.
- Carmen Corbasson Community Centre is going through a significant upgrade. The centre closed down for renovations in September 2022 and is expected to reopen in 2024. A new swimming pool and fitness centre will be constructed along with the city’s largest warm water therapy pool.
- Port Credit Library was structurally unsound and is being renovated.
- Indigenous Arts Walk has commenced and the first carved piece is displayed at Lakeshore/Hurontario.
- Classic Car Thursdays in Port Credit just finished its third year. This event helps promote local businesses.

- New street signs were installed in the community, as well as new stop signs in several areas.
- Middle Road Bridge was restored, there was a ribbon cutting for new chess tables in Laughton Heights Park, and the tennis, pickleball and basketball courts were resurfaced. Basketball court to also have pickleball lines placed on court.
- Stephen mentions the community skate day event and the community softball games organized by Chris Fiore each year.
- He discusses new developments and Bill 23 that will be passed in December, 2022. New developments will involve building duplexes and triplexes, which is not good for our community due to lack of infrastructure. Intensification is discussed where there are specific plans for Ward 1. The city describes the area's growth and the characteristics of the neighbourhood. These issues are ultimately in the way of them getting 1.5 million homes built.
- Dixie Value Mall development discussions. Developer (Slate and Choice) submitted a plan for adding 3,000-4,000 housing units in this area from 17 up to 40 storey towers. As of now, no plans have been approved for any changes in the Dixie Value Mall location.
- Windrow Program is available, which involves the removal of snow at the base of driveways. This is available for people 65 and older at a cost of \$200 for the season. The program is available for up to 300 participants, on a first come first serve basis.
- The Laughton Heights Park community ice rink is in need of a rink liner. Stephen mentions how sponsors are needed to help cover the cost of the liner. The City does not provide these liners. Going into the pandemic Mississauga had 19 outdoor ice rinks, and now there are 55 rinks.
- Stephen mentions his e-news blast gets sent out to residents to help keep them informed. He is also on a talk show called The Norm Show (9:30am) at the beginning of each month found on radio channel News Talk Sauga 960 AM. There is a virtual senior's coffee talk every Tuesday at 11:00 a.m., which you can find on Stephen Dasko's website.
