NO.

Name of Judge:	
Signature of Judge:	

Prix Caprilli Test #2

Purpose: For horses with jumping experience competing First Level Dressage and above – maximum height of fences 2'6". It is understood that in the working gaits, a jumping horse is not expected to be as round on the bit as a competing dressage horse. The horse must softly accept the bit and may show more "roundness" in the parts of the tests separate from the jumps. Unless otherwise noted, trot work may be done posting or sitting. When allowed to change leads the horse may do a flying change or change through the trot. The quality of the change is what matters. Test may be called. Refusals will be penalized as an error of course. Knockdowns will be penalized at the judge's discretion. In the case of a knocked down rail being in the way, the judge will ring the bell for the rider to stop without penalty. After the jump is replaced the bell will be rung again telling the rider to continue from where he stopped.

Coefficient

TEST POINTS	-	•		oefficie		
X Halt. Salute Proceed working trot C Track left. 2. E Large ½ circle to Jump #2. After Jump #2 proceed straight ahead at working canter (changing leads as necessary.) 3.
