FLORIDA UTILITIES COORDINATING COMMITTEE

Coordination Through Cooperation

NOVEMBER 1988
FT. LAUDERDALE, FLORIDA

The fall meeting of the Florida Utilities Coordinating Committee was called to order at 8:55 a.m. by Chairman Richard L. Nowling.

Chairman Nowling led the group in the "Pledge of Allegiance to the Flag", and then Mr. Bill Garrett offered the Invocation.

Chairman Nowling recognized Kin Brown of Tampa Electric Co. Mr. Brown is retiring and will no longer be a member of FUCC, unless he returns in the future in another capacity.

Dr. Hal Garrish, Senior Forecaster, of the National Hurricane Center in Miami was introduced by Chairman Nowling as our first guest speaker. Dr. Garrish presented a very interesting and informative program on Hurricanes, how they are tracked, their devastation and the importance of being prepared for a hurricane.

Our second speaker Mr. Steve Kangisser of Flowmole Corp was introduced. Mr. Kangisser presented a talk on Flowmole a new way to install underground conduit without an open cut to pavement. He promised to return at a later date and present a video of the system in operation.

The "Historians Report" was presented by Mr. Bill Garrett. Bill read excerpts from FUCC meetings held 50 years ago 1938 and 25 years ago 1963. It seems that the problems and discussions were the same as the are today. The only thing that has changed is the price of a room.

Mr. Bill Garrett chairman of the Awards Committee gave the group a brief history of the Malcome Yancey Award an the conditions under which it must be awarded. Chairman Nowling took this opportunity to present Mr. Ken Brown of Tampa Electric the Malcome Yancey Award for his years of outstanding leadership and contributions to the Florida Utilities Coordinating Committee.
