Atul Karkhanis Architects, Ltd.

2514 West Peterson Avenue

Chicago, IL 60659-4109

February 15, 2015

Dear Mr. Karkhanis:

It is my great pleasure to write a letter of recommendation for you and the entire AKA team.

Over the last decade your company has completed many projects for Asian Human Services (AHS) with the great success. In particular, I would specially like to thank you and your staff for your company's outstanding architectural and coordination work on our recently completed Medical Facility at 2505 W. Peterson Avenue, Chicago, IL.

This City of Chicago project was very challenging to get City Permits and for construction coordination. AKA's architectural team worked hard to maintain communication and coordination between the Contractor, the City and the Project Management team at Asian Human Services and the Illinois Facilities Fund (IFF). AKA Architects commitment to the project and attention to detail helped this project meet its goals most efficiently and effectively, and made it a very successful experience for all of us.

We look forward to working with you and your qualified staff on future AHS projects.

Sincerely,

Abha Pandya

Chief Executive Officer
