

Request for Funding Proposal

Filtered Water Fountain/ Bottle Filler

2014-15

Application Information

Applicant's name: Andrew Knowlton

Applicant's title: Student

Approving authority name: Buc Backers

Approving authority title: Parent Organization

Amount requested: 1500

Number of students benefiting from project: approximately 1200 students (entire student population)

Objective (What are you planning on doing and why.)

My objective is to provide all members of the RBR community with filtered, clean tasting water. Along with providing clean water, this water station will also lower RBR's environmental impact by reducing the use of plastic water bottles in the school.

-Researchers in Germany found "that by installing a cooled, filtered water fountain with plain or optionally carbonated water, providing children with water bottles, educating them on the importance of drinking water and encouraging them to fill up their water bottles, they were able to reduce the risk of children becoming overweight by 31%"

(<http://www.cnn.com/2011/HEALTH/04/18/water.school.children/index.html>)

Plan (A step by step guide to how your grant will work)

- 1. Purchase and shipping:**
- 2. Installation:** The water fountain/bottle filler will be installed similar to a normal water fountain. The work will be done by RBR maintenance staff
- 3. Fountain in useh**

Participants (Who will participate in this project?)

RBR Maintenance Staff and I will deal with installation

Beneficiaries (Who will be impacted by your grant proposal? This will probably be similar to the information in the participant section)

The RBR Student Body and Staff

Budget (A breakdown of expenses related to your proposal. Not to exceed 1500.00)

- Water station: \$1,100
- Replacement Filters (4): 100 each x 4= \$400

The total cost is \$1,500

Evaluation (How you will evaluate the success of your project?)

The success of this project will be evaluated through a survey and by monitoring usage of the fountain. Usage will be determined by the amount of time it takes for the filter to be used.

Request for Funding Proposal

Music and keyboards

2014-2015

Application Information

Applicant's name: Humberto Pineda

Applicant's title: Student

Approving authority name: Buc Backer Club

Approving authority title: Parent Organization

Amount requested: \$600

Number of students benefiting from project: Everyone

Objective (What are you planning on doing and why.)

I'm planning on improving the music studio for the students who want to produce, make music, or even mix songs. I would like purchase an Audio Key station to help improve the technology in the music labs..

Plan (A step by step guide to how your grant will work)

Buy the Audio key stations and present them to Mr. Zook for the Swashbuckler club.

Participants (Who will participate in this project?)

Anyone who is a member of the Swashbuckler club.

The club is to all students at rbr

Beneficiaries (Who will be impacted by your grant proposal? This will probably be similar to the information in the participant section)

Anybody who wants to create a career of music or would like to explore the music industry
All member of the Swashbucklers

Budget (A breakdown of expenses related to your proposal. Not to exceed 1500.00)

6 - M-Audio Key station 49 49-key MIDI Controllers each costing \$99.00 from sweetwater.com

Evaluation (How you will evaluate the success of your project?)

By seeing the outcome of the different things that all the participants have accomplished, and recruiting more members to the Swashbuckler Club.
