Attorney Speaks to Law Class about Journey

Posted on 03 May 2015.

Lawyer Maurice Hebert visited Ms. Carol Eshleman's Law Studies I classes on last week. He spoke to the students about his own journey from engineer to lawyer and his experience in mediation vs. the courtroom. A student in each class won a Starbucks coffee mug that Mr. Hebert assured them they would need to make it through long nights of studying in law school!
