

## Family Volunteers at South West Early Learning Preschool

Family participation and volunteerism at SWEL is welcomed and most encouraged. Our family community represents a diverse set of skills, talents, and interests. As the busy families of young children, we hope to assist you in locating an avenue to help out at school that is both meaningful and sensitive to the many demands on your time.

Below is a list of areas where your time, talents, and interests would be useful and appreciated. While non-binding, we use this list as a source pool when developing committees or completing tasks. At times, your classroom teachers may also ask for help with specific needs.

### Social

- Volunteer Coordinator
- Photographer (at Picture day)
