**Reunion information update:**

**KUDOS for Early Reservations!**

The list of those who have gotten in their reservations listed on the web pages! KUDO's To Ron!  
**We have to date had 37 responses & have 60 coming on Friday & 58 on Saturday.**

**\*We have to date received \$1480 in donations towards the Memorial Scholarship Fund. WOW!**

The Bio pages are few! Please consider filling it out (no need to separate it from reservation) and if you would like to inc. a photo there is room for that too!  
These will go into a permanent memory book. I still have the one from 45<sup>th</sup> & several folks have enjoyed it both at reunion & since.

Have had calls & notes requesting duplicate reunion Mailings...Please go to web site & down load the pages there if needed! (Reservations form is Jpeg format & you can print it out)

On a personal note, we are hearing of so many folks being Evacuated from their homes for various disasters & we Donate to funds at church, the Red Cross & others to help & aid those misplaced & even their pets.

Recently I was forced to put a face to one of those in my own family! My Bro. Rodger Clifford, living in Sierra Vista AZ (So East AZ) we had talked to him on Father's Day afternoon and that shortly after our call, he received the order to vacate, ASAP. Luckily he had friends who took him & his big dog Checkers in. He was luckier than many as he got the all clear to return on Tuesday after lunch. The fires had come within 2 blocks of his house on 2 sides! WOW! Praise God!

Surprising as it was, he says he had no mess, soot or ash to clean up. Said he guessed the winds were just right. Several homes were Consumed as well as several small businesses. So Sad!

So next time we hear of these faceless families being evacuated or losing their homes to such disasters & there are many every day . . . Say a big prayer & maybe even drop a few \$'s in the box or next project to help them.

I also thank those of you who knew & passed along prayers!

~~~

A side note, we were in AZ from May 20-31<sup>st</sup> for our granddaughter's HS Graduation & grandson's 8<sup>th</sup> Graduation – was great to see them get their diplomas & awards. So proud! I took lots of photos too . . . Did you doubt it?

Here is one am particularly proud of capturing:

Shelby Lynn Dunkel Celebrates With Good Cause! She earned a full scholarship to ASU, & has aspirations of becoming a Pediatrician. (also top 2% honors, she hopes to work for Doctors without Borders to help the poor) She currently volunteers in the Animal Care Center of The Phoenix Zoo. While there we got full guided personal tours of Zoo, history & back grounds on many of the animals and best of all a tour of care ctr. It was spectacular. >>>

Dust, possibly smoke from Arizona's wildfires, contributes to a sunset June 9 on Inman Lake. (Photo via Hutch news) Weather Radars have tracked smoke into KS and we have had many sunrises & sunsets similar to this one from the of fires from Eastern AZ into N. Mex.
