PREAMBLE

We, the Women Of the United States Armed Forces, both regular and reserve components to include the National Guard and Maritime Services, who serve or are serving honorably have joined together to form Military Women Across the Nation, declare this is to be the PREAMBLE to the Bylaws of Military Women Across the Nation.

BACKGROUND

This organization, formerly known as WAVES National, was established in 1979 to encourage patriotism and perpetuate the honorable history of women who served our Country in the military sea services. In 1985 the IRS formally recognized WAVES National as a Veterans Non-profit Service Organization under IRS 501(c)(19).

During the 2014 National Convention, members voted to open membership to all military women who have served or are serving honorably in one of our Armed Services, and to change the name of the organization to Military Women Across the Nation. Our current **MISSION STATEMENT** is:

We are military Women Across the Nation who served or are serving in the United States Armed Forces, who, because of shared experiences, are uniquely qualified to continue to serve God, country, family, and veterans, in particular, women veterans, through community service and volunteerism by assisting, advocating for and supporting those in need as well as preserving the distinguished history of women serving our nation.

MILITARY WOMEN ACROSS THE NATION

PROCEDURES MANUAL

GENERAL INFORMATION

Members of Military Women Across the Nation (MWAN) units and members-at-large volunteer their time and/or monies, with a focus on women veterans and women veteran programs. The primary opportunity to achieve this is through volunteer service and participation with the Veterans' Affairs Hospitals, Medical Centers and clinics. Members of MWAN also support and participate in other veteran service organizations, veteran-related events and activities sponsored by veteran groups or local communities.

MWAN believes in effective communications to its members, whether belonging to an active unit or with Member-At-Large (MAL). The national newsletter, *White Caps*, is a means of distributing information to MWAN members that is of mutual concern and information important to all women veterans. An electronic copy of the newsletter can be found on MWAN website: www.milwomen.org Social media outlets such as Facebook contain MWAN information and additionally provide forums for MWAN members to remain updated and in contact with one another.

This Procedures Manual is designed to provide guidance and information not specifically addressed in MWAN National Bylaws. This manual is intended to supplement, compliment, and clarify further the responsibilities delineated in MWAN National Bylaws. In order to effectively carry out your duties and responsibilities, you must use both the MWAN National Bylaws and Procedures Manual together. When you leave office, the bylaws and this manual, along with relevant files, notes, etc., should be passed on to your successor. Every edition of the *White Caps* provides you the name and address of the incumbent to whom you should be sending your reports.

All reports should be made via electronic mail whenever possible to expedite transmission. This manual provides report formats to assist with meeting minimum reporting requirements and also provides sample templates and letters to which units may refer. Forms and templates are available via Microsoft Office Word document format as well as Microsoft Office Excel spreadsheet formats. All reports, forms, and other required submissions may be made electronically through e-mail as an expeditious and convenient form of communication. Current e-mail addresses for key officers are contained in the *White Caps*. As always, if e-mail is unavailable to you, reports, forms and other required submissions may be sent to the regular postal mail addresses which are also contained in the latest *White Caps*.

SECTION I:

About Military Women Across the Nation (1979-2016)

formerly WAVES National

Three former WAVES (Women Accepted for Volunteer Emergency Service) met in 1979 to seek out other WAVES and assist them as they were transitioning from the military back into civilian life. From the tireless efforts of Jeannie Palermo (Dicks), Loda Mae Dobbins and Esther Govorchin, the WAVES National Corporation was founded.

In 1980, there were 3,000 names and addresses on file with 768 paid members from 47 states. The first WAVES National Convention was held in Sacramento, CA with more than 250 attending. The theme was "Still Something Special." During that convention, it was decided to issue a newsletter, "White Caps", to be published six times a year in order to keep everyone informed of relevant events and issues as well as to remain connected to the organization.

In 1985, the IRS formally recognized WAVES National as a non-profit Veteran's Service Organization (VSO) under IRS Code 501(c)(19). From there the organization expanded across the nation and evolved from a social organization to a Veterans Service Organization.

At the WAVES National Convention held aboard the Royal Caribbean cruise ship ALLURE OF THE SEAS in August 2014, members voted to expand the membership to include women who have honorably served or are serving in all facets of the United States Military. The name was also changed to reflect the new demographic: **MILITARY WOMEN ACROSS THE NATION.**

On 20 June 2015, 40 military women from Tennessee, Georgia, and Alabama were the first to obtain formal charter from the Military Women Across the Nation as Unit #157, Tri-State Women Veterans. In Addition New England Military Woman Across the Nation, Unit #158, was chartered in November 2015, in Newport R.I.

We welcome aboard all military women!

STAINED GLASS WINDOW

Symbolic of the history of WAVES National is a Stained Glass Window, crafted from lead crystal and designed with the WAVES National Logo in the center. Following the 1984 WN Convention held in Washington, DC, a group of 40 members toured England, joining their British counterparts, Women in the Royal Navy (WRN) in a joint venture entitled 'Hands Across the Sea'. During their tour, the ladies visited the Cathedral of the Holy Spirit in Guilford, England, where they saw the WRNs stained glass window that had been unveiled July 8, 1979 by Lord Mountbatten to mark the WRNs diamond Jubilee. As a result of this experience, WAVES National President Anne Anderson requested and received approval from the Commandant, Washington Navy Yard, to install a WAVES National stained glass window similar to the WRNs concept with the WAVES National emblem in the center. Through individual and unit donations, the first stained glass window was installed on June 8, 1986, in the Washington Navy Yard Chapel located in Washington, DC.

There are currently nine stained glass commemorative windows, or inlaid shadow boxes, each installed in a special place welcoming everyone who touches the sea services, and silently reminding everyone that women have always had their footsteps firmly planted in history.

The first stained glass window is installed in the Navy Memorial Chapel in Washington, DC, inside the Washington Navy Yard. This is the grounds of the former Navy shipyard and the Naval Gun Factory, which was the world's largest gun factory during WWII. The WAVES National window is located very near Tingey House. Built in 1804 for CAPT Thomas Tingey, the First Commandant of the Navy Yard, the incumbent Chief of Naval Operations has lived in Tingey House since 1977. The WAVES National window shines over this historic place, symbolically shining on all U.S. Navy Chiefs of Naval Operations where they reside while in office.

There is a stained glass window in the Lehman College Music Building in Bronx, NY. This one commemorates what was formerly known as Hunter College, which was the initial entry point for thousands of WAVES as they attended the first 'boot camp' for Navy and Coast Guard women.

A commemorative stained glass Shadow Box is located in the Charette Health Care Dining Facility at the Naval Medical Center in Portsmouth, VA. Women have been serving as nurses and at sea since the Battle of 1812.

There are two stained glass windows at Naval Air Station Corpus Christi, TX, looking over the new pilots during their training. Women Airforce Service Pilots (WASPs) were used to test and transport war planes across the United States, freeing their male counterparts to deploy for battle. Public Law 111-40 was passed by Congress on March 10, 2010, formally recognizing the service of these brave women pilots through award of the Congressional Gold Medal. There are no longer boundaries between male pilots and female pilots ... they are merely pilots.

The stained glass windows are shining lights for all the sea service recruits. There is a Commemorative Stained Glass window installed in Cape May, NJ, in the Coast Guard Recruit Training Center. In San Diego, a stained glass window was originally installed in the North Chapel at the former Recruit Training Center. When the training center grounds were commercialized, the Stained Glass Window was moved to the Veteran's Museum & Memorial Center at Balboa Park where it shines over the new Women's Military History

Room.

A Stained Glass Window was installed April 29, 2010, at the Recruit Training Command Great Lakes Chapel, Great Lakes, IL. Attended by the Commander, Naval Service Command, and the Commanding Officer, Recruit Training Command, the dedication ceremony commemorated and marked the achievements of military women throughout the decades and called today's military women 'velvet-covered steel'.

The most recent Stained Glass Window was installed in April 2015 at the 4th Recruit Training Battalion, Parris Island, SC. The Stained Glass Windows are shining brightly on everyone in the Sea Services, men and women equally. Each new footstep of every recruit in the sea services is taken under the multicolored stained glass window that represents WAVES National.

We look forward to being able to install windows in our sister service organizations commemorating all military women, past, present, and future.

ASSOCIATE MEMBER

A fourth category of membership, Associate Member, may be extended by units to allied women veterans. Associate members are NOT ELIGIBLE for MWAN membership and are for affiliation with the local unit ONLY. An associate member must have served in, or is now serving in, an allied or coalition force. Because this membership is in title only, the Associate Member shall not pay MWAN dues, hold elective national office, or vote on MWAN issues. Associate members have no vested or financial interest in the operations of MWAN and may not serve as unit president or unit vice president, but they are encouraged to participate at the local unit level by serving in other unit offices or committee chairmanships. Associate

members may attend MWAN biennial national conventions. In addition, a member of another MWAN unit may be an associate member of another unit, but may not be a regular member of both.

SECTION V: BIENNIAL CONVENTIONS & CONFERENCES

GENERAL

National conventions are open to all regular members and held biennially in even-numbered years, in various cities, hosted by local unit(s). National officers are elected at these conventions. Geographically, the country has been divided into regions that hold regional conferences in the odd-numbered years. Regional conferences provide an opportunity to members to make recommendations for consideration at the Mid-Term Meeting which is also held in odd-numbered years and attended by the National Board of Directors and National Executive Committee. The recommendations are discussed and, if appropriate, are placed on the agenda for consideration at the biennial convention.

Following the installation at each biennial Military Women Across the Nation National Convention and upon selection by the membership of the following convention's location, the newly elected President should appoint a Convention Coordinator for the convention. The Convention Coordinator appoints an Assistant and the chairs of the committees mandated by MWAN Bylaws Article IX section 5B and any other committee (s) necessary to conduct convention planning and organization thereby assuring the success of the Biennial Convention. A list of committees and appointed chairs will be provided to MWAN President.

CONVENTION COORDINATOR

The convention coordinator will appoint local committee chairmen as needed for planning, hosting arrangements, and execution of the next national convention. Some ideas of key committees follow; however, the convention chairman should feel free to establish any committees necessary to conduct convention planning and organization. Each committee chairman appointed to the committees may select committee members as needed.

At the convention coordinator's discretion and best judgment, a copy of correspondence relating to the convention will be provided to the MWAN President. A general rule of thumb on convention-related business is: when in doubt, consult the MWAN President.

Convention committee chairmen provide their respective reports at the business meeting and move the adoption of their reports. Once submitted and moved, there is no need for seconding motions from the committee coordinator. When the committee consists of more than one member, the chairman says, "By direction of the committee, I move that my report be adopted." When there is a committee of one, the chairman says, "I move that my report be adopted."

MASTER-AT-ARMS FORCE

The Master-at-Arms Force will be in attendance at the National Convention to maintain order, protocol and security. The Chief Master-at-Arms is appointed by the Convention Coordinator and shall serve until the end of the convention, unless she resigns or is removed by the Convention Coordinator. The master-at-arms force shall consist of the

number of members deemed necessary at each convention by the Chief Master-at-Arms. The Master-at-Arms Force may be called upon to assist in any variation of service, including:

- Ballot counting should a hand vote be necessary.
- Escorting dignitaries and guests to/from the podium.
- Maintaining order as members assemble at the floor microphones and assist by keeping track of the time each speaker speaks at the microphones.
- Any other duties deemed necessary by the President or convention coordinator.

MINUTES COMMITTEE

A Minutes Committee Chairman shall be appointed by the Convention Coordinator prior to the convention. The Minutes Committee Chairman shall further be assisted by at least two individuals for the purpose of recording the business of the membership. The chairman of the minutes committee will ensure complete and accurate minutes are recorded during the conduct of the convention, causing notes to be taken during the business meeting and acting as a back-up to the Recording Secretary. Members of this committee should be knowledgeable in the structure of the organization, know the names of the officers and committee chairmen, and familiar with the contents of the bylaws.

The minutes of the convention are the official historical record of all business transacted at the convention, and every attempt shall be made to document as fully and accurately as possible. Minutes should include every motion stated by the presiding officer and all action taken; the full report of the tellers; all amendments to the bylaws and the votes on each side; the name of the member making motion (but not the name of the seconder); when a count of votes has been ordered or the vote is by ballot (the number of votes on each side must be recorded); any other action taken during the proceedings and both the opening hour and time of adjournment.

The National Recording Secretary shall cause the formal minutes to be prepared using the notes, recordings, and all other avenues available for ensuring accuracy and completeness of minutes. Each member of the committee shall sign the minutes taken at the General Session and provided to the Recording Secretary. If there are questions regarding minutes that cannot be resolved by the Chairman of the Minutes Committee, the Parliamentarian or Recording Secretary should be consulted.

PROGRAM COMMITTEE

The Program Committee Coordinator shall ensure that ample information is provided via the Call to Convention sent to all MWAN members in advance of the biennial convention. For planning purposes, a tentative schedule is included in the Call to Convention. The Call to Convention should include events outside the business meetings, such as local sightseeing or participation in unique local events.

A printed program shall be prepared for each biennial convention composed of a welcome to members by the MWAN President, the Convention Coordinator, and any other local dignitaries; locations and times for events to include an agenda for the business meeting; details of events that will transpire during the convention; and any other information useful to

members attending the convention. The program should include the agenda for the business meeting, prepared by the President, together with times for events outside the business meeting.

The printing of the program is usually handled by the chairman of the committee after a completed draft has been submitted to the President for necessary changes and for final approval. Once the printed program is adopted by the voting body, it becomes the order of business for the entire convention.

REGISTRATION AND MEALS COMMITTEE

The chairman is appointed by the Convention Coordinator and is responsible for collection and accountability of the registration and meal reservation fees. She shall also maintain an accurate record of the attendance at the convention, to include attendance by any guests at the formal banquet or other external events. The chairman should be prepared to report on registration at the convention when called upon by the President.

A registration fee as determined by the Board of Directors at their mid-term meeting shall be paid by every person attending the convention, either as a member in good standing or a guest of a member in good standing. A guest is classified as a person who is not eligible to become a MWAN member but is attending or sponsored by a MWAN member.

The committee shall ensure name badges are made for attendees, meal tickets and any other admission tickets are printed at the request of and with coordination by the meals chairman, and members are issued appropriate badges and tickets during the convention registration process.

The local convention committee will determine the times for registration at the convention, with the approval of the President, and ensure that registration and meals information is included in the Call to Convention.

STANDING RULES AND RESOLUTIONS COMMITTEE

The Convention Coordinator shall appoint a Standing Rules and Resolutions Committee to draft and submit the standing rules governing business session proceedings. These Standing Rules are in effect only during the business session of that particular convention and may be amended as needed. The standing rules of a convention usually cover subjects relating to the conduct of business, rules contained in the parliamentary authority adopted by the organization, or any rule which would be pertinent to the convention not of a parliamentary nature.

The committee shall also receive, consider, edit and evaluate all resolutions referred to them and make their recommendations to the members in convention. The committee may also originate resolutions. The chairman of the standing rules committee presents rules and resolutions to the convention by reading them and then initiating a move for their adoption.

Convention standing rules must not conflict with the bylaws of the organization. As these rules usually do not normally change from one convention to the other, prior convention standing rules should be reviewed for applicability and currency, and they should then be printed on the back of the convention program.

REGIONAL/STATE CONFERENCE GUIDELINES

These are guidelines for regional conferences that regions are asked to hold in the odd-numbered years when there is no convention. However, some states have yearly state conferences. These guidelines are meant to provide direction and respond to frequently-asked questions, and assist with but not encumber regional conference planning.

Attendance by all members at the biennial national convention may be cost prohibitive, or members may be unable to travel distances to attend. Regional and state conferences provide an opportunity for these and all region members to be a part of conducting National business and, at the same time, meet and socialize with other members. Sufficient conference time must be given to conduct MWAN business during Regional or State conferences. Tours, sightseeing and social activities are not considered MWAN business but inclusion of these social activities is encouraged to foster camaraderie as well as enjoy the particular area of the host location.

The most important part of the conference is for members to be given an opportunity to discuss Military Women Across the Nation national policies, procedures and administration. The Regional Representative (or State Director) should run the business portion of the meeting. The recommendations made at these conferences are discussed at the mid-term Board of Directors' meeting which is normally held in the fall. Thus, Regional or State conferences should be held in the spring or early summer so that the recommendations made at them can be provided to the National President in a timely manner for discussion at the above-mentioned mid-term Board of Directors' meeting.

The Regional Representative should solicit her region's State Directors and Unit Presidents for potential hosting of the regional or state conference. Conference attendees will vote for the conference site, should more than one bid be presented. It is suggested that the states in the region take turns hosting the conferences. The conference committee should be established well in advance of the event and shall include the Regional Representative if applicable, the State Director, the conference chairman and her committee. Hotel space should be obtained as early as possible – ideally, at least two years before a multi-day conference, or one year before a one-day conference. The conference chairman should keep the Regional Representative informed as plans progress.

The conference chairman in coordination with the host unit shall be responsible for selecting speakers, arranging for a memorial service, liaising with the host hotel or conference location, coordinating meals and, if desired, local tours, and other such procedural matters. The Regional Representative and State Director shall work closely with the unit in preparing and distributing an appropriate agenda.

Most hotels or conference centers will offer a complimentary room for a certain number of rooms booked by attendees. Be sure to ask for details on provision of complimentary rooms when arranging lodging and hosting sites, as these rooms may be used by the conference committee to house invited speakers and/or as hospitality rooms.

COSTS

Registration fees should be defined and promulgated to all MWAN members within the region and/or state. Fees should be based on the cost to actually conduct conference and should not include lodging or travel costs. If there is a group meal or banquet planned, the registration fee could include such costs. Additionally, registration fees should cover administrative costs such as mailing, printing, name tags, taxes and tips, and any additional meals for guest speakers or color guard or other specially invited guests. This cost will vary according to what the host unit can obtain through donations from companies they may be working with, i.e. printer, city convention volunteer program, etc. The registration fee not only pays for certain conference items, it also goes to build seed money for future conferences.

Each conference shall be self-supporting and normally no expenses will be offset by MWAN. One exception may be that the conference chairman, Regional Representative or State Director in a very large area containing many members-at-large working may submit a bill for mailing costs to the members-at-large. To minimize costs, units within the region or state should include the conference registration forms in their newsletters, e-mail notices to all of their members, or special mailings as an expense of the unit.

PUBLICITY

Conference information such as dates, locations, etc., shall be sent directly to all Regional/State members-at-large and each unit within the Region/State for publicizing to their members as soon as possible. The conference committee chair should ensure that an invitation is provided to all National Officers, enclosing all pertinent conference information. The conference committee should send a short release regarding the conference to the White Caps Editor. Send follow-up information to region units and MAL's, as appropriate, including registration/hotel reservation forms. Any questions regarding the conference should be directed to the conference chairman.

The conference committee chair is encouraged to contact each National Elected and Appointed officer to determine if there is any key and/or time sensitive information that needs to be passed on to Regional/State members.

The host unit should provide information about local attractions, transportation, or other events at the conference registration desk. The special room rate the host unit has negotiated for the conference should include a day early and a day late for those who wish to take advantage of sightseeing. Sightseeing and social events should be priced as optional for members and should not be included in the registration fee. As with the National Convention, the business meeting shall be a priority over sightseeing.

RECORD OF PROCEEDINGS

The Regional Representative shall see that a secretary is appointed to take notes at the business meetings. These records do not have to be verbatim but simply stating motions made and action taken. A conference treasurer should also be appointed to keep an accurate accounting of the monies received and disbursed. A complete report of receipts and disbursements and secretary's report should be submitted to the Regional

Representative within a month after the conference, or as soon as all expenses are paid and the report is prepared.

The Regional Representative (or State Director) shall send the National President a report of the conference, with a copy to the First Vice President, with special emphasis on the recommendations made by the members of the region that they wish to bring for discussion to the mid-term meeting of the Board of Directors. This report should be received by the National President at least one month before the mid-term meeting.

SEED MONEY

For a first conference, seed money may be provided by assessing the units of either the region or state for a certain amount as determined by the Regional Representative and State Director (s). This should be considered a donation by the units. Each unit may raise their share in accordance with their members' raffles, bake sales, etc. Thereafter, the seed money should come from the profits of the previous conference. The seed money is used for mailings, printings, and administrative costs as well as a hotel/site deposit if required. The seed money should be deposited by the host unit in a special interest-bearing savings account and made available for the next conference.

PLANNING TIMETABLE FOR REGIONAL/STATE CONFERENCES

R/C minus 2 yrs. At the regional conference, determine place and tentative date of next conference and the host unit.

R/C minus 1 yr. Contract with hotel (sales office) or other facility for conference services: meeting room, luncheon/banquet, and block of guests rooms. Deposit may be required. SET FIRM DATE. (For larger conferences or large hotels, these arrangements should be made two years in advance.) Some hotels will provide a package that will include rooms and meals. They will often handle these reservations directly, which would eliminate this responsibility of the conference committee.

Seek support from various community organizations and businesses. If a program is offered, advertisements can be included in the program. Many veterans' organizations (VFW, DAV, etc.) will make a donation, if requested. (NOTE: Strive to build rapport with these organizations by volunteering at their events and they may, in turn, make monetary donations to your unit or the conference. In addition, you will have volunteer hours you can turn in for MWAN.)

R/C minus 6 mos. Determine approximate number of attendees and interest in social attractions, sightseeing, etc. by distributing questionnaires to unit presidents and MALs. Regional Representative will provide tentative agenda for business meeting to National President.

R/C minus 4 mos. Send out registration and hotel reservation forms to ALL regional units and members-at-large and National Officers. Registrations should be received by host unit not later than TWO WEEKS before the event.

R/C minus 4 wks. Schedule host unit members for registration desk and other hospitality requirements for days of conference.

2 hrs before each event Check meeting room set-up: flag, table arrangements, coffee/tea/water, etc. Also arrange for table for ship's store, etc. in meeting room or hallway outside meeting room.

We hope these guidelines will help you in planning your conference. They are intended only as guidelines. Consult the National Convention planning guidelines for additional ideas and helpful suggestions. Keep in mind that the plans for the regional conferences depend upon the size of the conference and the capabilities of the host unit.

A member cannot represent more than one organization at a time.

Satellite clinics that are the administrative responsibility of a parent medical facility do not have a separate VAVS Advisory Committee. Based on need determined by that facility, organizations may appoint an additional deputy for the satellite clinic to serve on the parent VAVS Advisory Committee.

CHAIRMAN

Further specific information is promulgated by the Veterans Affairs Committee and is readily available online at www.va.gov.

VOLUNTEER HOURS CHAIRMAN

As a non-profit organization, MWAN members contribute a great deal of time and energy to supporting their local communities. Volunteer service is a key goal, and volunteer service hours are extremely important to track and collect for our organization. Whether committing time outside your home, in your community, helping other organizations or individuals, or preparing or making something by hand to donate to a worthwhile cause, all of this precious time accumulates. Individual members, units and members-at-large all do volunteer services in the name of MWAN, their units, their communities in many ways and every action is not only appreciated but also counts toward the group's aggregate hours.

MWAN members should use the Volunteer Service Hours form to collect monthly service hours and submit these reports to the Volunteer Service Hours coordinator. The Volunteer Services chairperson gathers the hours reported by individual members, units, members-at-large and friends of MWAN and reports these hours to National annually. **Timeframe for reporting is 1 June to 31 May.** Use the Volunteer Service Hours form to report your volunteer hours to the Volunteer Services Chairman. Hours are reported in three categories: VA Hours, Community Veteran Support, and Community Service Support.

VA HOURS: These are hours that are clocked in at the VA Medical Centers, hospitals and clinics. Hours are reported via the VAVS to the National VAVS Chair as well as to VA National office and constitute a portion of the Joint Annual Review (AJR). These hours are also reported on Volunteer Service Hours form to report annually to National. This is not double counting as the VA uses it to determine the benefit gained by supporting VSO's and other organizations.

VETERAN SERVICE SUPPORT: Veteran Service Support may include such activities as: participating in Veteran's Day parades or other veteran-centric events; attending MWAN meetings or other veteran organization meetings; providing transportation for veterans; helping a veteran at home, such as grocery shopping or paying bills; stuffing neck pillows for veterans and active duty military members; or virtually any service performed in support of a veteran (as long as that service is NOT reported to another organization, please report these hours to the MWAN Volunteer Services Hours coordinator).

COMMUNITY SERVICE SUPPORT: Any community service, whether inside or outside the home, is valued and valuable. Examples of this include but are not limited to: teaching Sunday School; helping a friend in need; volunteering at local pet or homeless shelters; participating in prayer chains; tutoring students; assisting with or participating in fund-raising events such as the Komen Walk for the Cure or raising awareness for Multiple Sclerosis; quilting blankets for the senior citizens' center; or virtually any service performed in support of your local community.

Support to MWAN through service as a national or unit officer, attending meetings, chairing a committee, or donating time to any number of worthy causes count as volunteer service!

HISTORIAN

MWAN maintains a documented history of Military Women Across the Nation through collection of memorabilia, photographs, and documentation of events both on the national and local level. Send your newspaper clippings, pictures, copies of significant documents of achievements, or other notable activities by our MWAN members to the MWAN Historian.

STAINED GLASS WINDOW

MWAN has traditionally donated Stained Glass Windows to military installations with significance to military women. There are infinite number of possibilities for fund-raising and subsequent installation of the MWAN Stained Glass Window or shadow boxes. The chairman of this committee investigates possible sites for a MWAN stained glass window, coordinates funding, and arranges its installation.

TIME AND PLACE

It takes an entire team of dedicated volunteers to support a MWAN National convention. Advanced planning is required to find a suitable location, and all units are encouraged to consider hosting a convention in their city or town. It's a great time to show off your city, showcase your local flavor, and give folks the opportunity to visit your location. Convention planning is ongoing, and units should consider scouting locations and generating ideas early on. The Time & Place Chairman is appointed by the MWAN President to scout out possible units and locations for upcoming MWAN conventions. If your unit or state is interested in hosting a national convention, contact the Time & Place Chairman for assistance. The Time & Place Chairman will present the bids at the biennial convention for a vote by the general membership.

HEARTSPRING PROJECT and HEARTSPRING PEDIATRIC SERVICES

This project is a non-profit organization that helps special needs children grow and learn on a path to an independent life. As a fundraiser to sustain its operations, it has generously offered cash contributions for labels to certain organizations. MWAN members may help this cause by sending boxtops and food labels to our Heartspring Chairman who collects and sends them to HEARTSPRING to help make their endeavor successful. Label collections include Box Tops for Education, UPC codes for Campbells for Education, and Tysons Project A+ and are all ways to collect the UPC/product codes or other brand proof of purchase that Heartspring Project can redeem for funds toward local school education. Obtain more information by writing to: Heartspring, 8700 E 29th Street North, Wichita, KS 67226 or by visiting www.Heartspring.org.

SCHOLARSHIP CHAIRMAN

MWAN holds a Scholarship Contest in the spring of each year; each applicant is required to write an essay in their own words on a topic provided by the BOD. The contest is open to all relatives of a Military Woman. Proof of eligibility is required. The contest is open to High School Seniors and College Students. As active duty military have other avenues for funding, they are not deemed to be qualified participants.

The announcement of the scholarship application is published in the newsletter White Caps in December and February issues. The Chairman shall request Public Relations Chairman to disseminate to media. She will also seek alternative avenues for publicity to garner applicants.

AUDIT COMMITTEE CHECKLIST

Audit Objective

Purpose:

To certify the accuracy of the books and records of your unit, and to assure the officers and membership that the unit's resources/funds are being managed properly.

What is an Audit?

Auditing involves following financial transactions through the records to be sure that receipts have been properly accounted for and expenditures made as authorized in the budget, as approved by the general membership, and in conformity with the unit bylaws and standing rules.

Composition of committee:

The committee is composed of the Unit Treasurer and two other unit members appointed by the Unit President.

When an audit should be performed:

- At the end of the fiscal year.
- When a new Unit Treasurer assumes office.
- At any time deemed necessary by the Unit President.

Preparing for the Audit

The treasurer is responsible for putting the financial records in order for the committee. The treasurer should provide the following to the audit committee members:

1. A copy of the last audit report.
2. The checkbook, cancelled checks and all unused checks for all accounts.
3. Bank statements and deposit receipts.
4. Treasurer's books and ledgers.
5. The annual financial report.
6. All receipts of bills paid.
7. Copies of minutes from general meetings.
8. Copies of all financial reports for the period to be audited.
9. Any other information requested by the Audit Committee.

Conducting the Audit

- ☐ Begin the audit with the first transaction posted after the last audit. Make sure the beginning balance agrees with the Balance on Hand per the last audit report.
- ☐ Make sure that each check written has proper substantiation, i.e. vendor invoice or check request.
- ☐ Check all ledger entries back to the cancelled checks and validated deposit tickets. Verify that all income and expenses are allocated to the proper budget category and are within the approved budget.
- ☐ Verify that bank reconciliations are done monthly and check their accuracy. Verify all checks have two signatures and spot check endorsements.
- ☐ Check the accuracy of the math in the checkbook and ledgers.

- ☐ Checks should never be made payable to "Cash."
- ☐ Check the minutes of the general meetings to verify the following:
 1. The budget and all amendments were adopted by the general membership.
 2. The general membership approves all fundraisers either through approval of the budget that includes them or through a special vote if added after the adoption of the budget.
 3. Financial reports were presented at all general meetings for all accounts.
- ☐ After the treasurer has corrected any errors and the committee is satisfied that the financial records are correct, draw a red line across the ledger and checkbook where the audit concludes. Write "Examined and found correct" and have all committee members sign and date the entry.

Irregularities in the Records

If the audit committee finds irregularities in the treasury records, the following steps should be followed:

- Contact the treasurer to secure additional records or information.
- If the matter cannot be settled to the committee's satisfaction, contact the Unit President to work out what additional steps need to be taken.

Audit Report

A member of the audit committee should make a report to the general membership at the first meeting held after the conclusion of the audit. The unit members should adopt the report at that time. A copy of the annual report should be attached to the audit report and maintained permanently by the treasurer and placed in the minutes.

In reporting an audit that finds inaccuracies in the records of the treasurer, the following statement should be given at the appropriate time:

"The Audit Committee has examined the records of the Unit _____ Treasurer for the period (on hand is \$ _____."

No discrepancies were found.

The following irregularities have been found: (List all irregularities)

The following steps were taken to correct the problem(s): (List all steps)

To prevent these types of problems from occurring in the future, we recommend the following: (List the recommendations)

Remember, the Unit Treasurer is legally responsible for all the funds of the unit. However, the officers of the unit are elected by the membership and should be committed to keeping the affairs of the association on a sound financial basis.

IMPORTANT: Any investigation by the Audit Committee must be kept confidential.

CHAPLAIN: Let us have a moment of silence as each of us, following our own belief, offers a prayer (pause for a moment). As we stand with heads bowed, Eternal Father, we ask that your all-encompassing love and compassion surround and comfort the loved ones who have been separated from our friend and fellow MWAN member, _____ .
