Garden historian Marta McDowell will take us on an entertaining journey through our nation's history as seen through the evolution of the White House grounds.

She will share how the presidents, their families and the White House gardeners have left their imprint on America's most famous residence, from Lincoln's goats to Jackie Kennedy's roses to Michelle Obama's kitchen garden.

McDowell will have copies of her books, *All the Presidents' Gardens* and *Beatrix Potter's Gardening Life* available for purchase and signing. Cash or check only.
