Throughout history, epic men and women have changed mankind with words — loud words with a lot of syllables. Since marijuana has been around since the Garden of Eden, you better believe that potheads have been present at all of these groundbreaking rhetoric phenomena. This is what those potheads heard.

### The Last Supper

“You know what? Peter is a total bitch. He’s just ... look at him eating all that bread. You’re a traitor. No, no — YOU’RE A TRAITOR. This wine is delicious. Hey, Judas, bring me some more water so I can turn it into wine! Judas, wait, wait ... Let me tell you something. I love you. No homo. I really love you. Like a brother. You’re like my brother, man. Hey, listen. Listen. Don’t ever be like Peter. I seriously hate him. And you know what, it’s OK that you turn me over to the Romans or whatever because I love you. PETER, STOP LOOKING AT ME! LOOK AWAY!”

### Paul Revere

“DUDES! DUDES! The British — they’re like, on their way ... We’ve got to deal with this. I mean, not right now. But you know, eventually. I don’t really see the point of taking care of it tonight. I mean, let’s do it tomorrow. Tomorrow would be better, I think. I just — holy crap, is this a horse? Am I sitting on a horse right now? Where did this come from? Is this a normal sized horse? Dude. Wait ... don’t move ... if we move, the horse is gonna explode ... just hold on, dudes ...”

### Gettysburg Address

“Four score and seven years ago, I bought this outrageously-sized top hat. It makes me look even taller than I am. See how tall I am? Is this totally freaking you out right now? So, slavery. It’s bull, man. I hate it. Owning another person? Come on. If all the slaves had top hats, then ... Wait, what was I talking about? Hm. Forgot where I was going with that one. Oh, right, I was talking about lasagna. Lasagna is delicious. I wish I could have a cat that would just eat lasagna with me all day. I’d put him in a top hat. I bought this top hat that I’m wearing four score and seven years ago, which is a long time. I think.”

### Pearl Harbor

“Yesterday, April 19, 2010, a date which will live in infamy, I got soooooo baked. Like, seriously. Eleanor actually looked attractive, that’s how high I was. And Japan, you know, it’s an island ... But they have airplanes. *Vrooooooooooom*, AIRPLANE. Did you know that Japanese airplanes poop torpedos? Ha ha ha ha ha. Poop. Oh. That’s funny. Have you ever just stopped and thought about the word “poop?” I think people need to just stop and think. Just stop and think. Not about poop. Maybe about poop. But about other stuff, too, you know ... important stuff ... stuff that matters ... Oh, and Hawaii! I LOVE HAWAII! It would suck if someone bombed that place ... What is this speech supposed to be about again?”

## I Have A Dream

"I have a dream that this nation will rise up and live out the true meaning of its creed, which I can't remember right now, but it's something really, really smart. I have a dream that dragons in wheelchairs will be able to eat ice cream in the red hills of Georgia without it melting. I have a dream that Mississippi will be sucked back into the earth so we don't have to deal with it anymore. Just sucked right up. I have a dream that my four little children will one day go to a petting zoo and steal all the goats and then we'll breed the goats and sell them so that we can make money to spend at the petting zoo and the color of the goats won't matter ... I have a dream tomorrow!"

## Obama's State of the Union

"Tonight I want to begin by congratulating the men and women of the 112<sup>th</sup> Congress, as well as your new speaker, John ... John ... John *Boner*. BA HA HA HA HA! OK, OK, calm down everyone ... I know it's pronounced bay-ner but ... I mean, come on. It's spelled B-O-E-H-N-E-R. That's *boner*. Anyway, whatever, back to this shit ... Right. Do I really have to do this again? All my speeches are, like, exactly the same. Hope. Change. Yes we can. Yes we can hope for change. Healthcare reform ... whatever. Oooohhh mmmmyyyy goooooodd. I have the munchies sooo bad right now. I need some Chipotle. Can someone go to Chipotle for me? I can't go in there because they'll know I'm stoned. Chipotle is delicious, man. That's why we should just buy Mexico. Because of the food. It would solve our immigration problem, right? Am I right?"
