TCMAFC President

President's Letter

Ch-ch-ch- Changes. We embraced the change, and traveled to the home of Marc and Jackie Rude for the July 20, 2019 Business Meeting. What a fantastic day, it was peaceful, enjoyable, good fellowship, great conversation regarding our pieces of living history, A few Model As were presented even in the rain, and a surprise visit was made from Harley. What a joy to be surrounded by such a wonderful group of people. Thank you to the Rude family for hosting, and for all those who helped and attended. Great job. Everyone loved traveling to your neck of the woods. We appreciate you!

The Board, as the representative democracy that we are, is being bombarded with encouragement and positive comments regarding the recent ch-ch-ch changes. Thank you to those sending along your feedback. The Board feels strongly that the recent TCMAFC Clinic and Business Meeting location changes are in the best interest of the club, as a whole. Thank you for your support and for your presence at Model A activities and events, we love seeing you enjoying your cars. For those thinking of hosting an event in the future, know that the Board recognizes the hosts should have some leeway as to the scheduling of those dates and times to not only accommodate the host but also the majority of the membership, as well as fulfillment of the bylaws. Mr. Leder is diligent in his commitment in publishing the newsletter on time, and disseminating information in a timely manner, so as many of the membership who chooses to attend are given appropriate notice and the opportunity to adjust their schedules as necessary.

If it is your desire to effect positive change to the club, consider becoming more involved at the next level. The Twin Cities Model A Ford Club, as an entity, is always looking for volunteers from its membership to hold positions on the Board to guide the club in the direction in which the membership, as a whole, wishes to proceed. The Board is a representative democracy, where everyone's opinion is valued and acknowledged. The Board is comprised of various positions with differing capacities. The Board, the Standing Committee Members, as well as a small group of members choose to volunteer their time, finances, and resources because they are some of the most dedicated people committed to the pursuit of the Twin Cities Model A Ford Club's success and purpose to serve as a medium of the exchange of ideas, information and parts and to aid its members in their efforts to restore and preserve the Model A Ford, and to unite in a central organization all persons interested in restoring and preserving the Model A Ford, to help those persons become better acquainted, and to encourage and maintain among them a spirit of good fellowship, sociability and fair play through sponsored activities, including the use of the Model A Ford and family participation. I have personally been on the receiving end of such wonderful people that I chose to give back and serve the club at the next level...President. I am also choosing to continue my service to the Twin Cities Model A Ford Club by running for the office of President in 2020, if you'll have me. My vision is clear, and my purpose unwavering, I will serve with the most dedicated.

continued next page

If it is your desire to serve with the most dedicated and to become involved at the next level, I would encourage you to review the Membership Roster for information regarding each Board position, and if it suits you to do so, I would encourage you to contact TCMAFC Junior Board Member Mr. Marc Rude at 904-540-0233 to obtain nomination requirements and information for Board positions, as the clubs' Nomination Banquet is scheduled to be held October 19, 2019 at Gulden's Restaurant in Maplewood, MN.

In the meantime, let's travel together to Phil and Mary Zins' home for the August 17, 2019 Business Meeting, as we prepare for another successful year of teaching, learning, and sharing our living pieces of history.

Oh, I should mention... Daisy is finished!! HUGE Thank you's go out to TCMAFC members Dave and Jean Gerold, Peter Trence, Dave Peterson, Steve Barnacle, Lee Oster, Mike Sweeney, Steve Gray, Bob Butek, Dale Pomerleau, Dave Kieger, Jerry Shilling, Vince Smith, Tom Wesenberg, Thom Boche, Jim Lake, Mark Leder, Tom Luxem, Tom and Debbie Owens, Doug Portlance, and Marc Rude. Thank you from the bottom of my heart. Your experience and willingness to teach and assist in your areas of expertise are greatly appreciated. You embody and demonstrate the true purpose of the club, and I am thankful for your commitment and dedication to the pursuit of the Twin Cities Model A Ford Club's success and purpose. I am so proud to have worked and learned from all of you. I couldn't have done it without your help. And now... I have the opportunity to not only enjoy your friendship, but also to enjoy what my father loved.

Happy Motoring,
Catherine

“A” Few Words

By Sarah Jammer

My name is Sarah Jammer and I am the daughter of your TCMAFC President Catherine Jammer. I am 15 years old and absolutely love riding horses. Finally, after seven months (I think the meteorologist got fired after saying that), I can report that we have officially escaped Minne-snow-ta. Wind-consin on the other hand, is still chasing us at approximately 6mph. I would like to give a big thanks to those who have helped my mom with restoring her dads Model A. I know he is looking down with the biggest smile.

When we trailered Daisy home in June of 2016, I cannot tell you how many people honked or waved at us when they saw the car. At that time, I did not know much about cars. During the first few months when mom would come home from working on Daisy, I would just smile and nod when she started talking about all the different parts. Now however, I understand...well...some of it. My favorite part of helping with Daisy was when I got to chisel out the old window seals. The name Daisy came about 20 minutes after watching the classic 1989 movie *Driving Miss Daisy*.

But smooth roads were not always the case during the restoration. We had to replace the front leaf spring, as well as a cracked front cross member. Both were unexpected and put a setback to our plans. At one-point Daisy was in eight different spots in an assortment of bins, bags, and boxes.

After three years Mom trailered Daisy home on July 7th, 2019. Everyone is in love with it. None more than mom, of course.

Me, with my love of horses, can appreciate the time when transportation was so simple. There were three options. Walking, horses, and cars. Two years ago I wrote a nine page research paper on Henry Ford himself. It was very fortunate that I found this quote in my hours of researching. It was written by an unknown author, but it is one of my favorites.

The Horseless Carriage

“It doesn’t shy at papers as they blow along the street.
It cuts no silly capers on the dashboard with its feet.
It doesn’t paw the sod all up around the hitching post.
It doesn’t scare at shadows as a man would with a ghost.
It doesn’t gnaw the manger and it doesn’t waste the hay.
Nor put you in danger when the band begins to play”

Thank you to all the club members who helped us with our own horseless carriage.

Sarah

The Third Thursday Tour in July

by Lois Agrimson

The afternoon temperature was 94 degrees. The humidity and air quality were scoring in the tropic zone; but that did not deter ten Model A enthusiasts and seven cars from participating!

Acacia Cemetery in Mendota Heights was the first stop. An outstanding panoramic view of the Twin Cities area is provided at this site. We observed a giant cannon and bronze plaque that recorded information about the Spanish American War and the involved military forces. Beautifully carved grave markers were in abundance. The Twin Cities International Airport many years ago used the cemetery as a reference point to guide landings in inclement weather.

Lebanon Hills Regional Park Environmental Headquarters building provided a much-needed air conditioned second stop break. The park offers a large variety of outdoor activities and they were being utilized by so many hiking, biking, canoeing, kayaking, paddle boarding, swimming, fishing and picnicking people that evening. We appreciated the cooled building air! Many winter activities also draw large numbers of people to this park. Attendance is always the highest at this Dakota County Regional Park. We did not tour the camping site.

We received many hand waves and honks of passing autos as we continued through the county. Several people asked questions about the cars when we made our stops.

We ended the tour at the City of Farmington. The Farmington Steak House provided a variety of delicious food on its menu. Many “doggie bags” were requested as we departed. They contained their very generous tasty servings of food we were unable to consume in one meal.

Russell and Lois Agrimson led the tour this night filling in for Rog Anderson and Lynne Groven

Our Clinic nights are an important part of our club !

Needed: Volunteers to present technical items and interesting subjects . Your project, your experience. Even “shorts” are great. It would be nice to have many half hour presentations to either fill an evening or add on to an evening should a presentation not fill an entire time period. Whatever you are doing to do with your Ford - take pictures and we can make a program out of it. *Dave Peterson*

July Business Meeting

July's business meeting was held at the home of Marc and Jackie Rude in Center City. This was the second time that we ventured out to the Rude's home for a meeting and last year was the ice breaker to test the idea that Saturday afternoon meetings could be an incentive to bring more people to the meetings. This year even with a rainy morning we had a respectable crowd that showed up and we salute the determination that Dave Peterson and Steve Barnacle had driving in that rain from the western suburbs of Minneapolis to the meeting. We were treated to "Walking Tacos" although some had them sitting down along with many side dishes and desserts.

We had ample roofs over our heads for the meal and meeting as the rain really did not want to let up. The board conducted the official business of the club and members participated and made suggestions and announcements making it a meeting for all. With the rain, it became a lazy afternoon that left everyone with plenty of time to catch up with one another. Finally, the rain stopped and we ventured outside and our host Marc Rude has another interesting hobby that he introduced to those gathered. Marc is the master of a Harris hawk, which is a hawk found out west near New Mexico. These birds are hunters of prey and the hunting history goes way back in time. The owning and care of these birds are protected by federal law and Marc has a license to own this bird and is subject to many rules and conditions for the boarding and care of the bird. Should you have some opportunity to ask Marc about Harley (his hawk) I think you will be intrigued with history of hunting birds and the relationship that the bird and his master develop. All those present on that Saturday sincerely appreciated the hospitality and friendship extended by Marc and Jackie for hosting this meeting.

Our next meeting will be on a Saturday at the home of Phil and Mary Zins in Golden Valley, we hope this Saturday meeting date encourages Model A drivers as well as anyone else to come out to be part of the meeting, lunch and social gathering. Looking forward to seeing many of our members making this a destination.
