We would like to invite the Blalack Families or anyone of the Carrollton Community of diverse cultural groups to host a table that represents any country or part of the United States. Your table can have any or all of the following: exhibits with arts and crafts, informational displays, traditional clothing, live demonstrations, a sampling of a food or beverage that represents your country. Dressing in traditional clothing of the country you are representing is encouraged. Different groups or individuals can join together to represent the same country.

Students will be visiting each table to learn about and experience the different countries and cultures. After each visit, they will obtain a stamp on a PASSPORT that they will turn in to their Social Studies Teacher for extra Credit.

We will provide:

A table, sample tasting cups, spoons, and napkins for your food or beverage, stamps for Passports.
