

Attention Kentucky NSDA:

Another District Tournament is completed! The results will be up on the KYNSDA website soon, but attached please find the press release (you with award winners feel free to use it as you like and adapt it as needed).

If you have photos from the tournament, please send them to me as email attachments. It's cool if they're mostly or entirely of your own team – put them all together, and we'll have a good district photo collection for the website. You can also ask your kiddos to send me photos – via email only, please!

If you have kids who have qualified for Nationals, Hooray! And don't do anything. Don't make plane reservations or hotel reservations (NSDA requires a two-night deposit on hotels to get the rate to protect the hotels) until we receive word that the audit is approved and our results are official. That can take anywhere up to a month. Usually it's much faster, but don't spend money yet. Make plans, make schemes, plan out sharing rooms with kids from other schools (I have room in a boy's room, for example, for a boy), but don't spend money you can't get back. Once we're in the clear for audit, I'll send you info on how to register, etc.

May the sleep be with you –

Steve Meadows, Danville HS
