## INFO

CARDS EACH \$2.5  
SOLD IN 6'S

Hi! i am Olga Krigman.  
I started O+D in 2005 and am proud to be here  
to offer you what I think are some of the funniest cards  
available. I work hard. Everything is made here, in the US  
and we ship everything from our fulfilment house in  
San Diego. Life is short, and I try to live it as best I can,  
and make as many people smile as I can.

I am grateful to you for checking us out, and if you already  
order from me, then thank you for keeping me in business.

Please always feel free to contact me with any  
questions, concerns, or comments,  
I am glad to hear from you.

Olga K.
