

Music Stores

Unless your child measures for a full-size (4/4) violin or cello, 16-inch viola, or 3/4 bass, a bigger size may be needed as he/she grows.

Instrument Insurance (through the store) is recommended if offered.

All stores rent & sell violins, violas, cellos, & basses unless otherwise noted.

Be VERY cautious of instruments found on the Internet except from the sites listed below.

Just a few brands found on the Internet to avoid include Academy, Cecilio, Crescent, & Mark II (they are poor in quality and usually need costly repairs).

Avoid instruments from big box stores (they are poor in quality and usually need costly repairs).
