## Late Appointment/Missed Appointment/No Show Policy

We would sincerely like for everyone to understand that *missed appointments present problems for both our office and also for you as the patient*. For you, a missed medical appointment causes a delay in evaluation and treatment that was recommended to help improve your health. For our office, a missed appointment prevents us from scheduling another patient that could benefit from that evaluation and treatment. We schedule individual time for each patient in order to allow us to deliver the quality, personal care which we believe every patient deserves.

The definition of a missed appointment is when a patient does not show up for a scheduled appointment without *sufficient* notification to the office, or without any notification at all. In other words, if we do not have a reasonable amount of time to fill that empty slot, it will be considered a missed appointment. **We ask for notification 24 hours in advance if you know that you will not be able to make your appointment.** We are *very understanding* about certain situations. Some notification is always better than none, and we are usually willing to take that into consideration.

In order to keep our physicians running on time, we also ask that patients **show up early for their pre-appointment check-in screen**. We ask that returning patients show up 20 minutes ahead of appointment time and new patients arrive at least 30 minutes prior to their appointment time. This is to give sufficient time to fill out paperwork, verify insurance, pay copays, go over medications, and have vital signs checked prior to seeing the doctor. **It should also be noted that if a patient is more than 15 minutes late for an appointment, it will be considered a missed appointment and the appropriate action will be taken.**

**Our no show policy is as follows:**

### For new patients:

- 1<sup>st</sup> missed appointment – **\$100 charge** (must be paid before scheduling any further appointments)
- 2<sup>nd</sup> missed appointment – **\$150 charge** (must be paid before scheduling any further appointments)
- 3<sup>rd</sup> missed appointment – **No further appointments will be scheduled**

### For established patients:

- 1<sup>st</sup> missed appointment within the period of one year – **No charge** (we know things happen)
- 2<sup>nd</sup> missed appointment within the period of one year – **\$80 charge** with a warning
- 3<sup>rd</sup> missed appointment within the period of one year – **Discharged from our practice**

We will provide a confirmation call 1-2 days before your appointment as a reminder. **This is a courtesy call and does not release you from your appointment obligation.** If we are unable to reach you to confirm your appointment or we are unable to make that call for some reason, you will still be responsible for your appointment and the above actions will still be taken.

If you would like to reschedule your appointment, or have any other questions or issues, please feel free to contact us at any time at 504-889-5242. If you ever need to notify us after hours that you will not be able to make a scheduled appointment, we do have an answering service available 24/7 that will be happy to take your message.

Please signify your complete understanding of this policy with your signature below:
