Standard Flat Screen Monitor Arms

7905 Budget Arm

- Patented Quick Connect allows fast, simple assembly
- The arm swivels 360° around the base, increasing the options for display position
- Desk clamp and grommet mount hardware are included to minimize SKUs
- Clamp and grommet adjustable to fit most desks and work surfaces
- Monitor mounting bracket contains both 75mm and 100mm hole patterns to comply with VESA standards
- Pole allows manual height adjustment through a 13" range
- 180 degree tilt, 180 degree side-to-side, and 360 degree landscape-to-portrait movement
- A choice of finishes - Silver or Black
- Cable management system

Suggested List Price \$225

7915 Single Arm

- Patented Quick Connect allows fast, simple assembly
- 20" of back and forth movement
- The arm swivels 360° around the base, increasing the options for display position
- Desk clamp and grommet mount hardware are included to minimize SKUs
- Clamp and grommet adjustable to fit most desks and work surfaces
- Monitor mounting bracket contains both 75mm and 100mm hole patterns to comply with VESA standards
- Pole allows manual height adjustment through a 13" range
- 180 degree tilt, 180 degree side-to-side, and 360 degree landscape-to-portrait movement
- A choice of finishes - Silver or Black
- Cable management system

Suggested List Price \$360

7920 Dual Arm

- Patented Quick Connect allows fast, simple assembly
- 20" of back and forth movement
- The arm swivels 360° around the base, increasing the options for display position
- Desk clamp and grommet mount hardware are included to minimize SKUs
- Clamp and grommet adjustable to fit most desks and work surfaces
- Monitor mounting bracket contains both 75mm and 100mm hole patterns to comply with VESA standards
- Pole allows manual height adjustment through a 13" range
- 180 degree tilt, 180 degree side-to-side, and 360 degree landscape-to-portrait movement
- A choice of finishes - Silver or Black
- Cable management system

Suggested List Price \$560

Infinity Pneumatically Assisted Monitor Arms

Model 1INF, 2INF

- Comes with clamp and grommet mount, ideal for all desk mounting configurations, minimizing SKU's
- Adjustable counterbalance cylinder provides smooth 14 1/2" of height adjustment with fingertip control
- Infinity-1-L series counterbalances monitors from 5 lbs. to 20 lbs., 1-H series counterbalances monitors from 10 lbs. to 30 lbs.
- Double extension arms provide a maximum of 26 3/4" extension from the rear edge of the mounting surface to the VESA Plate for greater monitor adjustment on deep or corner workstations
- Arms fold back to a minimum dimension of 4 1/2" (1INF) and 8 3/8" (2INF) to provide maximum desk utilization
- Monitor mounting bracket contains both 75mm and 100mm hole patterns to comply with VESA standards
- Patented Quick Connect allows fast, simple assembly
- Weight gauge provided to allow for quick and easy counterbalance adjustment of the arm prior to installing the screen.
- VESA Plate rotates for portrait or landscape viewing with 180° side to side rotation and -90° to +45° tilt for optimal viewing adjustment
- Die cast aluminum construction provides greater stability and contains high recycled material content with full recyclability
- Adjustable rotation limiter to restrict arm rotation to 180°, preventing arms from hitting walls
- Multiple color choices include Silver, Black and White to match any furniture or décor

Dual Arm 2INF

- Counterbalances monitors with a combined weight from 15 to 40 lbs
- Support beam holds dual 23" monitors at a 25° booking angle for improved ergonomic viewing comfort
- Weight gauge provided to allow for quick and easy counterbalance adjustment of the arm prior to installing the screen. Saves time and guesswork especially for multiple arm installations

Wall Mount Laptop Arm

- Single handed counter balance adjustments
- Optimizing workflow efficiencies while sitting or standing
- Tray flips up and arms fully retract when not in use for minimal storage
- Easy, effortless installation
- Quick connect locking bars allows for seamless and secure integration of laptops and notebooks
- 32" track allows for direct-to-drywall applications optimizing locations with limited real estate
- Anti-microbial agents incorporated into all contact surfaces
- Manufactured of steel, aluminum and high density polyethylene materials supporting long term use
- A choice of finishes - Silver or Black
- Cable management system

Suggested List Price \$2,160

Energy Saving LEDs While high quality LED lighting costs a little more, the total cost of operating and maintaining an LED lighting system is considerably less than comparable incandescent or fluorescent solutions. This is due to their long life expectancy (several times that of incandescent, and almost twice as long as fluorescent), and because LEDs consume far less energy. Annual power costs can be reduced by up to 80%. Returns on LED lighting investments are often realized in fewer than three years.

Deluxe LED

- 12' cord, 60 watt power supply for 31", 44" and 58" models, 15 watts for 17" model.
- Single touch on/off switch with 15%-100% continuous dimming with last state memory.
- Screw and magnetic mounting with adhesive cord managers
- Auto turn off after 10 hours of use.
- High quality, long lasting LED luminaires rated at 50,000 hrs.
- 3500k color "temperature" in the optimum neutral range for office work.
- Clear anodized aluminum housing with white end caps
- Optional: Daisy Chain connections, link 2 to 5 lights to 1 switch. Call for more information.
- Optional: Occupancy Sensor for maximum energy efficiency. Call for more information.

Anti-Fatigue Floor Mat Strat-Mat

Anti-Fatigue Mat

To help reduce leg fatigue so you can stand more, our ergonomically designed anti-fatigue mat is made of 3/4" thick 100% polyurethane foam and is designed to provide extra support for users who enjoy the health benefits of standing during their workday.

The 18" x 30" environmentally friendly black mat comes with a patent pending foot hold and textured surfaces for easy adjustment and non-slip performance.

Features	Benefits
Made of 3/4" thick 100% polyurethane foam	For long lasting performance and comfort that helps reduce leg and lower back fatigue
Integral skin	Stain and puncture resistance surface prevents dirt or water absorption
Patent pending foot hold	Allows for simple mat positioning without having to bend over
20° with a tolerance of +/- 2°	Chair casters can easily roll over the mat edge
Textured top and bottom surface	Anti-slip surfaces prevent the mat from moving while someone is standing on the mat
Dimensions: 18" x 30" x 3/4"	Ideal sized to fit the most common applications
Meets RoHS Directive (EU) 2015/863	An environmentally sound product
Three year warranty	Tested to ASTM D7255-14 and ISO 34-1-2015, for years of use
Satin black finish	A neutral colorfast mat to match any office design décor

Suggested List Price

- \$121 - FRK3500
- \$146 - FRK4500

Proudly providing ergonomic office products for over 30 years

Systematix is a family owned and operated company located along the Gulf Coast of Florida. Dr. Christopher Hogan, a Chiropractor since 2000, took over the company in 2004 from his father James Hogan.

With his background in treating musculoskeletal conditions, Dr. Hogan truly understands how repetitive stress injuries, secondary to poor posture and improper ergonomics can lead to serious health issues. With this in mind every product offered by Systematix is hand selected to give maximum ergonomic benefits to the end user.

Over the years we have worked with 1,000's of dealerships. It is our office standard to go above and beyond. Our vast network of dealerships are knowledgeable in all aspects of our product line with an emphasis on proper ergonomics to help make your work environment more comfortable and beautiful! All of our products are made in the USA, ship quickly and come with a Lifetime warranty.
