

Michigan USSSA Weather and Refund Policy

1. Tournament Director reserves the right to modify the tournament if necessary due to weather.
2. The tournaments are also subject to the complex owners decision on if and when their fields will be playable. They make the final decision.
3. In the event the tournament is interrupted by weather and can't be played in its original format, we will bring back as many teams as we can based on field availability. Remember the complex has final authority over the fields.
4. Teams will be ranked based on the current standings determined by the USSSA ISTS computer system. This system is used throughout the entire United States at USSSA tournaments. This will determine the teams that come back and also the final placing in the tournament.
5. If less than 3 games are completed, a forfeit is considered a complete game. The following will be the official refund policy.
 - A. 0 games played \$250.00
 - B. 1 game played \$125.00
 - C. 2 or more games played \$0.00
6. When the umpire takes the field and the first pitch is thrown, this constitutes a game for refund purposes.
7. In a regulation game if the game is suspended and able to later resume without scheduling issues beyond the tournament directors control then it will be resumed at the point of interruption with lineups and batting orders remaining the same.
8. A regulation game that is suspended can be ruled a complete game if:
 - A. 3 innings of having a batting turn have been completed by the team that has scored fewer runs, or if the home team has completed 2 or 2 and a fraction batting turns and the teams are tied.
 - B. If a game goes past 3 innings and the game is called, even if the teams haven't had equal amount of batting turns, the score shall be the same as it was at the completion of the last completed inning, or if the home team is in its half of the incomplete inning and scores a run(s) which equals or exceeds its opponents score this will be the score recorded if the game is called.
9. If a team drops from a tournament for any reason within 30 days of the start of the tournament they will forfeit all entry and gate fees.
