6. Summary of Current Actions

March 18, 2020 16:00

Testing of individuals continues by medical providers. Aspirus - Stevens Point Campus is providing drive-thru screening and testing of potential suspect cases.

New guidance for testing criteria for [patients under investigations](#), is available from WI DHS – 3/17/20.

New [emergency order #5 prohibiting mass gatherings of 10 people or more](#) – 3/17/20

There are many questions concerning hair salons, nail salons, tattoo and body art establishments, and massage therapy facilities. Questions for clarification have been sent to DHS Response.

Public health facilitated a call with community partners to discuss a community response to COVID-19.

Immediate concerns of the group include: availability of PPE (N 95s), calming of the worried well, precautions to follow for polling stations, stock piling concerns of retail goods through out the community, vulnerable populations including households, and individuals, traffic control for drive-thru testing sites, better communication among community partners and members, and testing at healthcare centers, CBRFs and other long term care facilities.

There is concern over the lag in receiving negative tests back from the Wisconsin State Lab of Hygiene (WSLH). Some tests are as far out as 10 days without results. DHS shared that WSLH has been holding results for import into the Wisconsin Electronic Disease Surveillance System (WEDSS).

DHS COVID-19 update: clinical call occurred at 14:00. Discussion of testing guidance, new Patient Information Form (PIF) to replace the CDC's Patient Under Investigation (PUI) form – effective 03/16/2020.

Public Health ICS team was identified and initiated to full response.
