

## CESSNA CITATION X

As one of the fastest private business jets available, the Citation X is the largest of Cessna's fleet, with the highest speed and greatest range. The stand-up cabin seats eight passengers comfortably and the aircraft's luggage compartments are heated and pressurized to keep baggage in top shape.

The Citation X's eight executive, fully reclining seats are arranged in double club configuration. The cabin includes a private lavatory with plenty of space to double as a dressing room. There is a full galley, bar, microwave amenities and a closet for coats and small bags. The aircraft has 82 cubic feet of space for up to nearly 770 pounds of luggage.
