

OUR LADY OF PORT RICHMOND
3233 THOMPSON STREET
PHILADELPHIA, PA 19134

Dear Parents,

This is a summer packet of work for your child to complete over the summer. This packet of school related work will be collected on the first day of second grade. This will be your child's first assessment grade in the second grade.

Your child has to read two-chapter books that are age appropriate. After reading the books the attached book report forms must be completed. Please have your child draw a cover for their book using construction paper. On the cover your child should write the title of the book, draw a picture and write their name. Please make sure your child's picture is neat.

Attached is a list of books that you can use to complete your two book reports. You can also choose books from your home library. The reading may be done independently by your child or as a shared reading between you and your child. It is best to read a book every two weeks rather than waiting until the last minute.

Throughout the summer your child must review their addition and subtraction facts up to 20. Your child has to complete the worksheets in this packet.

Thank you for your cooperation and active participation in your child's education.

Sincerely,

Frist Grade Teachers

Grandfather's Journey - Allen Say ©1993 Mr. Say explores familiar themes of cultural connection and disconnection.
