Brian Keefe (630/520-2518) of Montgomery, Illinois is pleased to announce the start of his new residential and commercial cleaning service. For many years, he was employed by both a school district and a cleaning franchise in other states, taking care of all their janitorial and maintenance duties. He launched B & C Cleaning Service in January of 2017 and is now ready and able to take on new clients in the Fox Valley area.

He seeks not only residential clients but those in the Health Care industry, hospitals and clinics, theaters and arenas, entertainment venues, retail centers, hotels and restaurants, municipal buildings and schools.

His focus is on sustainable and environmentally secure janitorial services and he aims to provide exemplary work for all types of clients. He believes that a proactive approach to his business practices will take into account the specific needs of each customer, whether it be deep cleaning of carpets or acid washing of restrooms as examples, in addition to regular routine maintenance.

After a consultation with new clients, a thorough estimate of all costs involved will be presented. Weekly, Bi-Weekly, Monthly, Seasonal or Yearly contracts are available and rates depend on square footage and the nature of all work to be performed.

B & C Cleaning promises to anticipate the needs of its clients and offer services that are affordable, flexible, accommodating and able to meet the highest expectations. If you are looking for a small, independently owned cleaning service, please call Brian Keefe at B & C and mention that you read about his new business in the Fox Valley News Shopper.

Check out his ad in the Business Service Directory of this newspaper for a special offer of one free room cleaned with two paid for new residential customers.
