

Wesley's Excavating Services

OPEN POSITION: Equipment Operator (CDL Required)

We are a small excavation company experiencing rapid growth. We are now accepting applications for a small machine equipment operator. Our company focuses on sub-surface drainage, new tile installation and repair for the agriculture industry and excavation work for residential, agriculture and light commercial. Candidate must have valid CDL. Ideal candidate will have experience in equipment operation, specifically skid steers and mini excavators. Ideal candidate will have basic knowledge of digging for water management, rough and final grade.

DUTIES AND RESPONSIBILITIES:

- Operate Mini-Excavator, Skid Steer and other equipment.
- Rough Grades.
- Final Grades.
- General Laborer.
- Perform physical tasks required for job completion such as manual digging with shovels and other hand tools.
- Load and haul equipment with valid CDL; driving to and from job sites safely and accident free.
- Keep records and submit reports on work performed and materials used.
- Perform miscellaneous job-related duties as assigned.
- Ability to perform work in adverse weather conditions.
- Ensure proper care in the use and maintenance of equipment and supplies.
- Adhere and comply with all company safety procedures and DOT regulations.
- Working Hours Monday through Friday and occasional Saturday's as needed.

MINIMUM QUALIFICATIONS:

- High School Diploma or GED
- Indiana CDL

PREFERRED QUALIFICATIONS:

- Operator Experience
- Working knowledge of DOT regulations.

SALARY/BENEFITS:

- Based on experience.
