

9th annual
Southwest Energy Summit

**Tuesday-Wednesday
June 13-14, 2017**

Roscoe, Texas – Midway USA

Interstate 20 (Exit 235) @ US 84

Roscoe Collegiate STEM Agricultural Research Center

In the heart of America's Energy Solutions Region

Informative Seminars – Expo Opportunities – Powerful Business Networking – Energy Solutions Tours

Tuesday, June 13, 2017

8:00 a.m. **Registration opens & Mid-Continental breakfast**

9:00 a.m. ***Opening intro – Greg Wortham – Southwest Energy Coalition***

Speaker will discuss topics to be covered during the Summit that reflect the role of Southwest & South Central USA states in oil, wind, natural gas, solar, nuclear energy, infrastructure, and related sectors for USA global energy leadership.

9:30 a.m. ***Oil & natural gas policy updates – Luke Legate – Joint Association Oil & Gas Initiative***

Speaker will provide an update from the recently concluded 2017 session of the Texas Legislative as it relates to policies impacting oil, natural gas, taxes, and related issues.

10:00 a.m. ***Natural gas power plants – West Texas case studies***

Speaker will discuss latest technology, innovations, and status of three natural gas-fired power plants planned for the eastern Permian Basin, all within 30 miles of the Summit site.

10:30 a.m. ***Expo & refreshment break***

11:00 a.m. ***Wind energy status & expansion*** – Greg Wortham – Texas Wind Energy Clearinghouse

Speaker will discuss innovations, magnitude, and activity across the USA from the center of USA wind energy in Roscoe. Texas is on pace to rank as the world's 4th largest wind energy nation by 2020, and West Texas counties rank as the second leading state between Texas and Iowa, California, and others.

- 11:30 a.m. ***Congressional keynote***
The Honorable Jodey Arrington, U.S. Congress – Lubbock
(invited – pending Congressional schedule)
- Congressman will discuss federal energy policies, his initial impressions of working with the Trump Administration, and outlook for the Southwest region.
- 12:00 p.m. ***Keynote luncheon – Industry & infrastructure opportunities***
Wendall Hirschfeld – San Angelo
- Speaker will discuss industrial projects in and nearing action in Texas and New Mexico in energy, infrastructure, and related sectors through 2020.
- 1:00 p.m. ***Expo & refreshment break***
- 1:30 p.m. ***Refinery project innovations & status – Fort Stockton***
Jack Hanks – Director & CEO -- MMEX Resources – Austin
- Speaker will discuss development status of a 50,000 barrel per day refinery project in Pecos County, Texas, to refine Permian Basin crude oil.
- 2:00 p.m. ***Deep well bore 20,000-foot test – Pecos County, Texas***
- Speaker will discuss a potential 20,000-foot deep well bore test in Pecos County involving a consortium of private industry, the Los Alamos National Laboratory, U.S. Department of Energy, The University of Texas, and others.
- 2:30 p.m. ***Solar energy case studies***
Sol Bobst – Solar Ranch Development – Houston
- Speaker will discuss solar energy project development initiatives and opportunities in West Texas involving ranchers, farmers, utilities, and community readiness.
- 3:00 p.m. ***Expo & refreshment break***
- 3:30 p.m. ***Solar energy status & expansion***
- Speaker will discuss Southwest USA leadership in solar energy investment and development, including policies, solar energy purchases, and action. Presentation will include San Antonio leadership initiatives affecting Texas, corporate purchases of solar output, use of Texas electric transmission upgrades, aggressive policies in Texas and California, U.S. Army activities, and other related topics
- 4:00 p.m. ***Regional energy solutions showcase – Roscoe energy & infrastructure showcase***
- Roscoe is an active energy sector in wind, oil, natural gas, solar, and energy infrastructure (electric transmission, pipelines, road & rail transportation). A panel of speakers in government, private sector, and education will discuss the roles played by

energy, infrastructure, and educational transformation in Roscoe and the surrounding area.

4:30 p.m. ***Energy innovations showcase***

Speaker will discuss innovations and actions surrounding a Southwest USA regional hub in sectors such as oil, natural, wind, solar, and infrastructure.

6:00-8:00 p.m. ***Southwest Energy Summit reception & music event – Downtown Roscoe***

Join with Summit attendees, speakers, regional leaders, and others for a Southwest reception in historic downtown Roscoe, halfway between the Atlantic and the Pacific at the midpoint of Broadway of America, the Nation's first transcontinental paved highway.

Wednesday, June 14, 2017

8:00 a.m. ***Registration opens & Mid-Continental breakfast***

9:00 a.m. ***Legislative Keynote***

The Honorable Charles Perry – Texas Senate – District 28 – Lubbock

Speaker will provide an update on energy, infrastructure, and other issues from the recently completed 2017 session of the Texas Legislature.

9:30 a.m. ***Nuclear energy services in the Southwest***

Mick Truitt – Ludlum Measurements, Inc. – Sweetwater, Texas

Speaker will discuss the nuclear energy services, products, and manufacturing at www.ludlums.com, as well as an overview of the ranger of nuclear energy activity in West Texas and New Mexico.

10:00 a.m. ***Next generation nuclear energy generation***

John Hopkins – Chairman & CEO of NuScale Power LLC – Tigard, Oregon
Chairman of the US Chamber of Commerce, Board of Directors

Speaker will discuss innovative small modular nuclear power generation solutions.

10:30 a.m. ***Expo & refreshments break***

11:00 a.m. ***Energy & infrastructure showcase – Sweetwater & Nolan County, Texas***

Ken Becker – Sweetwater Enterprise for Economic Development (SEED)

Speaker will discuss the unique role of Sweetwater and Nolan County as active energy hubs for wind energy, nuclear energy services, oil, natural gas, electric high voltage transmission, oil & gas pipelines, electric vehicle charging, compressed natural gas vehicle fueling, power plants, manufacturing, and other sectors.

11:30 a.m. ***Energy innovations***

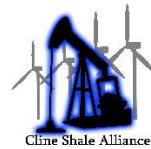

Speaker will discuss energy innovations and economic impacts for a regional energy hub in America's Energy Solutions Region.

12:00 p.m. ***Networking lunch***

1:00 p.m. ***Regional energy solutions tours***

Oil – Wind – Natural Gas – Solar – Battery Storage –
Transmission – Pipelines – Rail & Road

5:00 p.m. ***Summit adjourns***
