

Beaded Snowflakes

Materials Included:

- 3 pipe cleaners
- Assorted crystal beads
- 1 silk cord

Instructions

1. Lay two pipe cleaners together in the shape of an X.
2. Twist them together in the middle where they overlap.
3. Lay the third pipe cleaner on top of the other and twist it together in the middle as well.
4. Lace the beads onto the pipe cleaner in any order you want. You can do a pattern using large beads and short beads or you can make it completely unique.
5. When all of your beads are on your snowflake, trim the ends of your pipe cleaner so that there is approximately 1" left over. Wrap that 1" into a ball at the end to hold the beads in place.
6. Tie the silk cord on to create a hanging ornament or glue a magnet on to put it on the fridge.
