		<b>Reviewed Date(s):</b>
	<b>Forms or Attachments: None</b>	

All EMS Run Reports will be reviewed by the EMS Coordinator or designee after completion. Copies of incomplete reports will be given to the Paramedic assigned to the incident for review to assist them on future incidents.

This Policy will in no way interfere with any Quality Assurance Program which may be conducted by the Pinellas County EMS Medical Director's office.

Quality Assurance Questionnaires will be sent to patients treated by East Lake Personnel. The criteria for the questionnaire are:

1. Fire Department Personnel on scene prior to Sunstar.
2. Patient was transported.

The results will be compiled on a monthly basis and information will be provided to all Personnel.

Observation of on-scene medical incidents will be completed by the EMS Coordinator on an as needed basis.

Personnel will complete the delayed response form when response in District is over 7.5 minutes.
