

THE VIRGO-ORION CONNECTION III

The purpose of this illustration is to convey what the sky will look like begin in the month of September 23, 2017. What is noticeable about this time and place cosmologically is that it approximately appears to depict the Great Virgo Sign of Revelation 12, just after Rosh HaShanah or YHVH's Head of the Year. What is highlighted is that during this time, Venus – Mars – Mercury in the constellation of Leo are in approximate alignment as are the Giza Pyramids and the Orion belt stars. These 3 planets are aligned by size and mirrored by the relative size order of the Giza Plateau pyramids. As the depiction renders the Galactic Equator with the maximum noted to be Star of the King, Regulus. It is also at the approximate intersection of the Galactic Meridian. The other significant astronomical alignment is that the Moon is conjoined with the Sun at the head area of Virgo.

What is rather amazing is that using the entire coordinates to scale, it appears that the phi ratio of the end points just intersecting the horizon at that place and time has the Sun in approximate phi ratio to the planet Jupiter, which is at the center of the phi ratio spiral fulcrum. The Planet of the Messiah or Jupiter at this point in time is approximately 13 days out from being 'birthed' out of the 'womb' of Virgo.

Now what it all means is yet to be determined. Many believe it is the Rapture, but the 'birthing' as some would equate the Church with is already 13 days out. Furthermore, the Rapture of the Body of Christ with respect to the book of Revelation chronology takes place in Chapter 4. As the book of Revelation chronicles 7 raptures, the one coinciding the rapture of the Manchild in Revelation 12 is the 4th one and it will signal the midpoint of the Tribulation. It is at this time when the oblation in the rebuilt 3rd Temple are stopped by the AntiChrist, the Abomination of Desolation is setup instead and the worldwide persecution of the Jews and Christians are targeted,

Furthermore the phi ratio of the Sun is in direct alignment to the Sphinx below and Leo above.

This astronomical alignment of the Great Virgo Sign is yet to be accompanied by a 2nd 'Great Sign', tat of the 7-headed Red Dragon. Many believe that at that time and place the Planet X phenomena will be self-evident in the skies for all the world to see. Others believe it could be the 'birthing' or beginning of the Advent of the AntiChrist instead as it is tied to the dark side interpretation of Orion, being the coming of Osiris, Apollo, etc.

Great Pyramid

SEPTEMBER 23, 2017

REVELATION 12 GREAT VIRGO SIGN

- @ 0 Hour with atmosphere stripped away
- Vela rising over with Regulus at maximum on Galactic Meridian
- Orion setting in the West
- Venus-Mars-Mercury alignment in Leo
- Sun at head of Virgo and in phi ratiion to horizon-Galactic Equator
- Moon at feet of Virgo
