Our birds are pasture-raised in mobile chicken tractors and supplemented with locally produced and sustainable S&M Farms non-GMO feed.

Whole Pastured Chicken (SASSO Naked Neck)

\$4.09 / lb

SASSO Naked Necks are a heritage breed chicken derived from the French Label Rouge genetics. Their rich flavor and firmer texture are hallmarks of slower-grown, well-raised, heritage breeds, yet they remain juicy and tender in any preparation.

Whole Pastured Chicken (Cornish)

\$3.89 / lb

Bred to grow fast, these birds are young, tender, juicy, and perfect for any dish. Pasture grasses add depth of flavor not found in any store-bought chicken.

Stewing Hens \$ 6.00 each

When their laying days are done, our free-range heritage breeds make beautiful stew hens. While they need to be cooked longer, they add incredible flavor to stock, and the meat makes a delicious chicken salad.

Cuts (Cornish)	Price per lb.
