

LAWN SERVICE

TERM: The term of this agreement shall be for the 2020 mowing season, commencing on or about March 2020 and ending on or about October 2020, with such beginning and ending dates being adjusted to meet the needs of the District. This agreement may be extended at the sole discretion of the District to include two one-year renewal options.

DUTIES: Shall furnish all equipment and labor required to mow and trim the areas specified hereinbelow and such other areas as directed by the Superintendent or his/her designee. Should an issue be raised regarding the frequency of mowing and trimming service or area to be mowed or trimmed, the Superintendent or his/her designee shall make the final determination.

INSURANCE: Shall provide the District with acceptable proof of liability insurance coverage prior to the provision of any services pursuant to the terms and conditions of this Agreement.

The following areas shall be mowed and trimmed each time services are provided:

1. The entire property of the District and the track
2. Trim around all shrubs, playground areas, equipment, fences, and buildings
3. Trim window well areas outside the social studies room
4. Trim and mow both sides of the chain-link fences at the school and the track
5. Trim the flowerbed as needed and/or as directed by the Superintendent
6. In the track area, cut the entrance to the track and all inside areas. Weed eat all the pits. In addition, make one cut around the outside of the track fence
7. Such other areas as directed by the Superintendent or his designee.

All power mowing near low window areas must be completed with mower discharge pointed away from windows and doors to avoid breakage.

All grass must be blown or swept from sidewalks and from the track

Payment will be remitted by the school district, at the next board meeting after the invoice has been received, in accordance with the accepted bid rate upon successful completion of the work required in accordance with this agreement.
