Meeting Notes: The current Club Officers up for election were all re-elected for another 2 years. The other 4 positions will be up for election next year.

Dues for 2015 will be processed at our December meetings. Each member will have to sign a new safety form for our files.

We are moving to a non-profit club, at the suggestion of our attorney. He has also suggested a name change to separate us from the old club. The new name will be Texas Panhandle Pistol Club (TPPC).

SAFETY: Some of the Range cameras have been installed. We will be streaming this feed online in the future. That way you can check to see if the Range is busy before going.

Reminder: It is important that nothing be swept into the lead pit.

When sweeping, sweep toward the shooting booths and put all trash in the trash cans. The bucket behind the booths is NOT for trash, only brass.

Mailing Address: We have had some problems with getting mail at the Range address. Please use our mailbox address:
