

December 2012

Nobles,

Let me start by saying thank you to all who attended our "Pioneers Night" and stayed for our general meeting. Both were well attended.

My Fez comes off to the Past Presidents for a job well done, both dinner and the elections. Also I'd like to congratulate all newly elected directors and officers that have moved up a notch. This year should be a good one under the leadership of our President elect Noble Grant Poulin, who I'm sure has a full agenda.

Well this is it my last President's message. I have thoroughly enjoyed my tenure as president of our Lakehead Shrine Club and look forward to being active in any way needed to help out. As I have said in the past it's not good enough to just join, you need to get active. The more you put into being a Shriner the more you will get out of it. So get involved let's make Noble Grant's year a successful one.

In closing I wish "Season`s Greetings" to all the nobles and their families and a very "Happy New Year"

Remember do it for the children!

President of the Lakehead Shrine Club,  
Noble Tony Biscardi
