December 28, 2017

Attention City of Winnsboro Residents:

The utility department has notified us that fire hydrant repairs will be taking place on Friday – December 29th. These repairs will be on the North side of town, and will leave some residents without water for approximately 2 hours for each hydrant. Please bear with us as these long-needed repairs are taking place. City Hall staff will only be notified if any repairs do not go as expected and have a prolonged shut-off time and will not be able to answer any specific questions as to when the repairs will be happening for any specific area. The following northern areas have been noted as repair areas for Friday, but are not limited to:

Taylor
Connie Mae
Pine

If you live on the SOUTH side of town and find yourself without water, please call and report this to City Hall at 903.342.3654.

Thank you for your patience,

City Staff.
