ARTICLE III - HEALTH AND WELFARE

Part A - Plan Changes

Section 1 - Continuation of Plans

The Railroad Employees National Health and Welfare Plan ("the Plan"), the Railroad Employees National Dental Plan ("the Dental Plan"), the Railroad Employees National Early Retirement Major Medical Benefit Plan ("ERMA"), and the Railroad Employees National Vision Plan ("the Vision Plan"), modified as provided in this Article with respect to employees represented by the organization and their eligible dependents, will be continued subject to the provisions of the Railway Labor Act.

Section 2 - Plan Design Changes

(a) The Plan's Managed Medical Care Program ("MMCP") shall be revised as follows:

- (1) There shall be a separate, stand-alone, Annual Deductible for In-Network Services for which a fixed-dollar copayment does not apply. For the six-month period from July 1 through December 31, 2012, inclusive, this Annual

Deductible shall be \$100 per individual and \$200 per family. For calendar year 2013, this Annual Deductible shall be \$150 per individual and \$300 per family. Beginning January 1, 2014, this Annual Deductible shall be \$200 per individual per year and \$400 per family per year.

- (2) The percentage of Eligible Expenses paid by the Plan for any In-Network Services for which a fixed-dollar copayment does not apply (as defined by procedure code) shall be 95% of the Eligible Expenses that exceed the applicable Annual Deductible provided for in clause (1) above; the amount payable by the employee as a result of this “coinsurance” shall be capped at (i) \$500 per individual and \$1000 per family for the six-month period from July 1 through December 31, 2012, inclusive, and at \$750 per individual and \$1500 per family for calendar year 2013. Beginning January 1, 2014, the amount payable by the employee as the result of this “coinsurance” shall be capped at \$1000 per individual per year and \$2000 per family per year.
- (3) The Emergency Room Co-Payment for In-Network Services shall be increased to \$75.00 for each visit, but shall not apply if the visit results in admission to the hospital.
- (4) The Urgent Care Center Co-Payment for In-Network Services shall be decreased to \$20.00 for each visit.
- (5) In cases where a fixed-dollar copayment of \$20 currently applies to an office visit, the copayment shall be reduced to \$10 if the office is in a “convenient care clinic.” A “convenient care clinic” means, for purposes of this Section, a health care facility typically located in a high-

traffic retail store, supermarket or pharmacy that provides affordable treatment for uncomplicated minor illness and/or preventative care to consumers.

- (6) The Plan shall not cover radiological services performed at a convenient care clinic.

(b) The Plan's Managed Medical Care Program ("MMCP") and its Comprehensive Health Care Benefit ("CHCB") shall both be revised to include:

(c) The Plan's Prescription Drug Card and Mail Order Prescription Drug Programs shall be revised as follows:

- (1) Prior Authorization by the Plan's current pharmacy benefit manager (or any successor pharmacy benefit manager) ("PBM") shall be required, in accordance with such PBM's Prior Authorization Program then in effect, before any prescription drugs in the therapeutic drug categories shown

- (2) Employees and their covered dependents shall be required to adhere to Step Therapy and Quantity/Duration Limits Programs then in effect of the Plan's PBM with respect to the prescription drugs in the therapeutic drug categories shown on Exhibit C hereto as subject to such Step Therapy Program and/or Quantity/Duration Limits Program, as the case may be.
- (3) Employees and their covered dependents may, on a wholly voluntary basis and in accordance with program criteria, participate in the PBM's Personalized Medicine and/or Generic Rx Advantage Program then in effect.

(d) The Plan's Prescription Drug Card Program Co-Payments to In-Network Retail Pharmacies per prescription are revised as follows:

- (1) Generic Drug - decrease to \$5.00;
- (2) Brand Name (Non-Generic) Drug On Program Administrator's Formulary - increase to \$25.00;

- (2) Retirees and their covered dependents shall be required to adhere to Step Therapy and Quantity/Duration Limits Programs then in effect of ERMA's PBM with respect to the prescription drugs in the therapeutic drug categories shown on Exhibit C hereto as subject to such Step Therapy Program and/or Quantity/Duration Limits Program, as the case may be.
- (3) Retirees and their covered dependents may, on a wholly voluntary basis and in accordance with program criteria,

participate in the PBM's Personalized Medicine and/or Generic Rx Advantage Program then in effect.

(b) The design changes contained in this Section shall become effective on July 1, 2012, and shall apply only to individuals who become eligible for ERMA coverage on or after July 1, 2012.

(d) For purposes of subsections (b) and (c) above, the "Carriers' Monthly Payment Rate" for any year shall mean one twelfth of the sum of what the carriers' monthly payments to –

- (2) the Dental Plan for employee and dependent dental benefits and

Employee cost-sharing contributions made pursuant to this Part shall be made on a pre-tax basis pursuant to the existing Section 125 cafeteria plan to the extent applicable.

Section 3 - Method of Making Employee Cost-Sharing Contributions

Employee cost-sharing contributions will be made for the employee by the employee's employer. The employer shall deduct the amount of such employee contributions from the employee's wages and retain the amounts so deducted as reimbursement for the employee contributions that the employer had made for the employee.

Dear Mr. Hill:

This confirms our understanding with respect to Article III, Part A, Sections 2(c)(1) & (2) of the Agreement of this date. The prescription drug management rules identified in the aforementioned provisions of the Agreement are those that have been recommended by the Plan's current pharmacy benefit manager, Medco Health Solutions. The same is true of the therapeutic drug categories listed on Exhibit C to the Agreement; they are the therapeutic drug categories that Medco Health Solutions has recommended be subject to one or more of those rules.

The parties intend that new prescription drug management rules for which there are no existing therapeutic drug categories listed in Exhibit C shall not apply to the Plan unless such application has been (a) recommended by an independent committee of experts generally relied upon by the Plan's pharmacy benefit manager, (b) such recommendation is also made by the pharmacy benefit manager itself, and (c) the recommendation is accepted and approved by the Plan's Joint Committee.

Clinical Support Services¹

Radiology Notification Program (RNS) – Under this program, a radiology notification process is required for participating (network) physicians, health care professionals, facilities and ancillary providers for certain advanced outpatient imaging procedures, prior to performance, with administrative claim denial for failure to provide notification. The program is a prior notification requirement only, not a precertification, preauthorization or medical necessity determination program, and currently applies to the following outpatient advanced imaging procedures: CT, MRI, PET and Nuclear Medicine, including Nuclear Cardiology. These services that take place in an emergency room, observation unit, urgent care center, or during an inpatient stay do not require notification.

The process may require a physician-to-physician discussion, the purpose of which is to engage the ordering physician in a discussion about the use of evidence-based clinical guidelines. However, the final decision authority rests with the ordering physician. This program is invisible to the covered member – non-compliance (i.e., non-notification) will result in an administrative denial of the claim with no balance billing to the patient.

Centers of Excellence (COE) Resource Services – this service are based on the foundation that certain facilities treat patients who consistently achieve favorable clinical outcomes, as demonstrated by reduced hospital lengths of stay and readmission rates, lower infection rates, etc. Programs are typically designed around specific disease states or conditions in which COEs can be clearly identified. The following programs develop national COE networks and specialty nurse resources that provide specific case management interventions:

¹ The actual program names, specific services/processes, and administration will vary by medical vendor.

- Bariatric Resource Services (BRS) - BRS provides a national Center of Excellence network of bariatric surgery centers and hospitals with an upfront case management component.

- Cancer Resource Services (CRS)/Cancer Support Program (CSP) - This clinical consulting with cancer specialists, combined with an extensive nationwide COE network will deliver clinical and financial value.

- Kidney Resource Services (KRS) – KRS provides a large network of dialysis facilities meeting strict quality outcomes with kidney nurse specialists assisting patients.

Treatment Decision Support (TDS) – These services include enhanced one-to-one coaching for individuals facing potential procedures that have been carefully targeted as having varied treatment practices and inconsistent patient outcomes. TDS normally targets back pain, knee/hip replacement, benign prostate disease, prostate cancer, benign uterine conditions, hysterectomy, breast cancer, coronary artery disease and bariatric surgery.
