October is National Cybersecurity Awareness Month, so we're excited to bring you two proven leaders in cybersecurity who are also ABWA MoKan Chapter members! As the world moved to a more remote workforce these past years during the pandemic, the 'bad guys' ramped up their game and cybercrime increased at an alarming rate. Now, more than ever, we all need to boost our cyber smarts.

Come and hear Cheryl and Krina share valuable information to help boost your cyber intelligence including:

- Who do cyber criminals target?
- What is social engineering?
- When are we most vulnerable?
- Where do cyber attacks occur?
- How do I avoid phishing, vishing, smishing?
- Why is cybersecurity a great job opportunity?

Cheryl and Krina have years of experience in security & awareness and are proven leaders on the Cybersecurity team at T-Mobile. Each have also been speakers at many industry forums across the country and are both recipients of the Kansas City Central Exchange STEMMy Award.
