**Subject: Irrevocable Commitment to World Standing Together Program**

**Geography Area Request:**

**Targeted Population:**

**Legal Name of General Partner:**

**Passport/ Other Legal ID:**

**Financial Commitment:**

**Requested Name of Charter:**

Dear Mr. Bush,

I have reviewed all the information as shown on the Website: [www.ifggroups.com](http://www.ifggroups.com) about the World Standing Together program and the General Partner CLLP agreement. I irrevocable request and commitment to handle the above geography and coordinate within 30 days the financial commitment to support the establishment of said Charter.

I further agree to abide by the guidelines as shown today, understanding these will progress over time to improve all charters as they are established. I clearly understand this is not a money-making scheme, but a commitment to work together in my geographic area to improve the overall economic of all families in a non-basis way.

I further will coordinate within the next 30 days and Partner Financial Institution that will support the program and open the required account to hold the baseline financial commitment as stated above.

Please issue a Series Trust Charter with the Certificate of Limited Liability Partnership (CLLP) to license the exclusive rights to operate the World Standing Together in the above state geography area.

I hereby agree to further take all actions as required to establish this charter and follow the business plans, economic models and code of ethics.

Signed
