

3-week classes

SUMMER PROGRAM

Watercolor Sessions

JUNE 9, 16, 23
"ALL AGLOW"

You get to learn how to make your paintings glow! It is all an illusion! You're going to get so much out of creating this painting.

Things to think about ahead of time:

- Do you want only one mushroom?
- The caps could be white or golden!
- Larger paper for more forest, is an option!

JULY 7, 14, 21
"UPCLOSE & PERSONAL"

Right now this is a little hard to see and imagine. (This is, currently, a photo, btw.)

This will be a cool, funky painting of a very stunning dragonfly!

Think about:

- Your background could be plastic wrap, alcohol, splatter and/or salt!
- What color is your dragonfly going to be?!

AUG 4, 11, 18
"RUSTY ROO"

Look at that background! It is the "puddle, tip & splatter" technique! And, the truck is just glorious wet-on-wet then let the magic happen!

These roosters paintings are going to be amazing!

Think about:

- Are you going to change the color of the roo?

6:00 – 7:30 (or 8:00)

Fee: \$40 per month

All supplies provided. No drawing ability needed.
