GENERAL RESTRICTIONS APPLICABLE TO COMMUNITY AREA

All real property within the Community Area shall be held, used and enjoyed subject to the following limitations and restrictions, and subject to exemptions of Declarant set forth in this Declaration. The strict application of the following limitations and restrictions in any specific case may be modified or waived in whole or in part by the Design Review Committee if such strict application would be unreasonably or unduly harsh under the circumstances. Any such modification or waiver must be in writing or be contained in written guidelines or rules promulgated by the Design Review Committee.

3.1 Landscaping of Community Area. It is the intent of the Declarant and the Design Review Committee that all exterior landscaping will be installed by the Declarant and that the portion thereof located outside of the private fenced yard of each Site will be maintained by the Association as part of Declarant's landscape plan. Therefore, owners may not install any landscaping unless landscape plans or drawings showing the design and location of other plants and landscape materials are first submitted to and approved by the Design Review Committee. No changes to landscaping that are inconsistent with the landscape and plantings elements of the Planned Building Group may be made without the prior approval of the City and the Design Review Committee. No changes or additions to landscaping installed by Declarant may be made by an Owner unless approved by the Design Review Committee and also shall be approved by Declarant, as long as Declarant owns a Site within the Community Area or any Parcel that may be annexed to the Community Area. All landscaping shall comply with the requirements of any landscape and planting plans included in the Planned Building Group.

3.2 Maintenance of Community Area. No property within the Community Area shall be permitted to fall into disrepair, and all property within the Community Area, including any fences,

Improvements, and landscaping thereon, shall be kept and maintained in a clean, attractive, and slightly condition and in good repair. Maintenance, repair, and upkeep of Improvements on each Site shall be the responsibility of the Owner of the Site, except for landscaping outside the privacy fence in each Site installed by Declarant, sidewalks along a private or public street or upon the Lots, fences, the utility/drainage channel across Lot 1, Block 1, Lowry Filing No. 20, and any other Improvements that are to be maintained by the Association. Dead or dying landscape materials shall be replaced as soon as possible, taking into account weather conditions affecting the planting of replacement landscaping, and all landscaping shall be regularly maintained in a neat and trim manner. Only the Association is permitted to make any changes in Improvements located on Association Properties and landscaping installed by Declarant erected on Sites or Association Properties. Automatic irrigation systems shall be maintained and operated in such a fashion as to conserve water to the maximum extent practicable while still maintaining landscaping in an attractive condition.

The Association is hereby granted an easement across all Sites for the purpose of maintaining, repairing, and replacing any and all fences, the maintenance of which is the responsibility of the Association, landscaping installed by Declarant outside the privacy fence on each Site and other landscaping that is the responsibility of the Association to maintain, utility/drainage channel across Lot 1, Block 1, Lowry Filing No. 20, sidewalks along public or private streets and upon Lots, and any other Improvements and Common Areas, the maintenance of which is the responsibility of the Association.

Violation of this Section 3.2 by an Owner shall permit the Association to enter on the Site of the Owner and cure the violation or cause compliance with this provision and to levy and collect a Reimbursement Assessment for the costs and expenses of the Association in so doing; provided, however, that there shall be no entry into the interior of an Improvement intended for human occupancy without the consent of the Owner thereof unless a clear emergency exists.

3.3 Fences Within Community Area. Except for fences which may be installed by Declarant, no fences shall be constructed on any Site without the prior written approval of the Design Review Committee. No fences may be installed in any Common Area unless installed by the Declarant or the Association. It is the current intent of Declarant and the Design Review Committee that no additional fences will be allowed on any Site other than those erected by Declarant.

Each fence installed by Declarant located on Association Properties or Sites shall be maintained by the Association. Each Owner of a Site shall be responsible for maintaining, repairing, and replacing, in a reasonably attractive manner, any fence installed by such Owner with the approval of the Design Review Committee. Any fence located on a lot line between two Sites which was installed by one of the Owners shall be maintained by the Owner who installed the fence. Owners are hereby granted an easement across adjacent Sites for the purpose of maintaining, repairing, and replacing any fence installed by such Owner.

3.4 Property Uses. All Sites shall be used for residential purposes and such other purposes as may be permitted under the applicable regulations of the City. No dwelling erected or

maintained within Community Area shall be used or occupied for any purpose other than for a single-family detached dwelling. Notwithstanding the foregoing, business activities associated with the sale of Sites or residences constructed thereon shall be allowed, including construction trailers, sales offices, and model homes used by Declarant, subject to all of the requirements of the City. In addition, in-home businesses not involving the servicing of customers or use of employees in the residence, other than the Owners of the Site on which such activities occur or their family members, shall be allowed if permitted under applicable zoning and other City regulations and requirements, provided such activities are conducted solely within the residence and do not create or result in any offensive or noxious activities, do not constitute a nuisance, and do not result in customers, employees or clients coming to the residence for purposes related to the business or parking in public or private streets. Any other use of a Site for in-home businesses shall be prohibited unless approved by the Board of Directors of the Association, which approval may be approved, approved with conditions, or disapproved in the sole discretion of the Board of Directors.

3.5 Construction Type; Building Height. All construction shall be new, No building previously used at another location nor any building or structure originally constructed as a mobile dwelling or structure may be moved onto a Site, except as expressly hereinafter provided for temporary buildings. The height of all buildings constructed within the Community Area shall be limited to the height limits required or approved by the City.

3.6 No Noxious or Offensive Activity. No noxious or offensive activity shall be carried on upon any property within the Community Area, nor shall anything be done or placed thereon which is or may become a nuisance or cause an unreasonable embarrassment, disturbance, or annoyance to others.

3.7 Annoying Sounds or Odors. No sound or odor shall be emitted from any property within the Community Area which is noxious or unreasonably offensive to others. Without limiting the generality of the foregoing, no exterior speakers, horns, whistles, bells, wind chimes, or other sound devices, other than security devices used exclusively for security purposes, shall be located or used on any property except with the prior written approval of the Design Review Committee. All materials located upon a Site that create or cause a noxious or offensive odor shall be removed immediately by the Owner of the Site. The Board of Directors of the Association may require the Owner of a residence or motor vehicle with a security system which experiences false alarms more than three (3) times in any thirty (30) day period or more than six (6) times in any twelve month period to repair, replace, or deactivate such alarm system. All alarm systems shall conform with applicable governmental requirements.

Notwithstanding the foregoing, special gatherings of residents within the community and their invited guests (family parties, block parties, community garage sales, and similar activities) which may utilize outdoor speakers may be permitted, provided that the event has first been approved by the Association Board of Directors and is permitted by the City's Code Enforcement office or similar office. Any approval by the Board of the Association may impose conditions on the noise level, location, hours, number of participants, and other matters in connection with any approval of the gathering.

3.8 No Hazardous Activities. No activity shall be conducted on and no Improvement shall be constructed on any property within the Community Area which is or might be unsafe or hazardous to any Person or property. Without limiting the generality of the foregoing, no firearms shall be discharged upon any property within the Community Area and no open fires shall be

lighted or permitted on any property within the Community Area except in a contained barbecue unit while attended and in use for cooking purposes or within an interior or exterior fireplace designed to prevent the dispersal of burning embers. No exploding fireworks shall be discharged within the Community Area.

3.9 No Unsightliness. All unsightly conditions, structures, facilities, equipment, and objects shall be enclosed within a structure, including snow removal equipment and garden or maintenance equipment except when in actual use. The Board may specify what conditions and objects constitute "unsightliness" by Rules and Regulations duly adopted by the Board. The foregoing shall not apply to Declarant during construction activities.

3.10 Weeds. The grass and other landscaped areas in all yards and other portions of every Site on which no building has been constructed shall be maintained in an attractive condition. In addition, each Site shall be kept free from brush or other growth or trash which, in the reasonable opinion of the Design Review Committee, is unsightly or causes undue danger of fire.

3.11 Restrictions on Garbage and Trash. No refuse, garbage, trash, lumber, grass, shrub, or tree clippings, plant waste, compost, metal, bulk materials, scrap, refuse, or debris of any kind shall be kept, stored, or allowed to accumulate on any Site except within an enclosed structure or appropriately screened from view, except that any container containing such materials may be placed outside at such times as may be necessary to permit garbage or trash pick-up. All trash containers shall have a cover that is resistant to animals that may be attracted to trash. The Board of the Association may prescribe the types of permitted trash containers by rules which shall be followed by all Owners after adoption. The Board may, in its sole discretion, contract with one or more trash disposal contractors to provide regular and consistent refuse management for all Owners within the Community Area and include the costs of such services in the Common Assessments.

3.12 Animals. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any Site, except that domesticated birds or fish and other small domestic animals permanently confined indoors (not including pot-bellied pigs and other animals capable of being domesticated that are excluded pursuant to rules and regulations adopted by the Board of the Association), and except an aggregate of not more than two domesticated dogs (which must be restrained in the backyard or side yard of a Site or other enclosure area approved by the Design Review Committee or kept inside the residence at all times within a Site) and two domesticated cats (not including tamed wildlife), will be permitted on any Site within the Community Area unless approved by the Board of the Association. A greater number of dogs and/or cats may be permitted by the Board of the Association. The Board of the Association may withhold its approval in its sole discretion and may condition such approval on conditions applicable to the care and maintenance of pets approved by the Board and on physical improvements to the Site of the applicant which are approved by the Design Review Committee. Pet restraints may include an invisible fence on or within the perimeter boundary of a Site or other type of enclosure approved by the Design Review Committee. Any permitted pets may not be kept, bred, or maintained for any commercial purpose. Animals may not be tethered or allowed to run in the front yard or side yards of a Site. No animal of any kind shall be permitted which, in the opinion of the Board of Directors, makes an unreasonable amount of noise or odor, chases or otherwise harasses or attacks people or other pets within the Community Area or adjacent public or private properties or is a nuisance. The Board of Directors may require an Owner or their tenant to reduce the number of pets kept on a Site based on the problems described in the preceding sentence, whether or not the Board of Directors had approved keeping more than two dogs and/or cats on the Site and even if the number of animals

complies with the requirements of this Section. The Board of Directors may adopt rules prescribing the number of complaints about a pet received by the Association over a specified period of time that would constitute a violation of this Section. AH household pets (except domesticated cats) shall be controlled by their Owner and shall not be allowed off the Owner's Site except when properly leashed and accompanied by the pet Owner or his representative. Each Owner of a household pet shall be financially responsible and liable for any damage caused by said household pet to any Association Properties, to Sites owned by any other Persons, injuries to any Persons, or otherwise. The Owner of a pet causing any damage shall defend, indemnify, and hold harmless the Association, the members of the Board of Directors and the Design Review Committee, and their agents and representatives of the Association from and against all claims and damages related to any such damage. Animal waste shall be cleaned up regularly and damaged landscaping shall be replaced as soon as the landscaping is visually unattractive, dead or dying. Within the Community Area, animal waste deposited by an Owner's pet shall be immediately removed by such Owner.

3.13 No Temporary Structures. No tent, shack, storage shed, temporary structure, or temporary building other than those placed within the Community Area by Declarant (which may or may not be new) in connection with the sale of Sites or construction and sale of Improvements on Sites shall be placed upon any property within the Community Area except with the prior written consent of the Design Review Committee obtained in each instance, subject to such conditions or restrictions as may be required by the Design Review Committee.

3.14 Restriction on Antennae, Pipes, Utility Lines, and Transmitters. Pipes for water, gas, sewer, drainage, or other purposes, wires, poles, and other facilities for the transmission of electricity, and utility meters or other utility facilities shall be kept and maintained, to the extent possible, underground or within an enclosed structure. Any satellite dish, aerial, pole, antenna or other facility for the transmission or reception of audio or visual signals (except those located entirely inside a residence) shall be screened from view from streets and adjacent Sites and shall first be approved by the Design Review Committee. Satellite dishes which are one meter or less in diameter may be placed on the side of a residential structure abutting the back yard or side yard of a Site, or at another location if a clear signal cannot be obtained at such location, with approval from the Design Review Committee. The Design Review Committee shall act on applications for approval of satellite dishes and antennae in accordance with the requirements of the Federal Telecommunications Act of 1996, and any applicable regulations adopted pursuant thereto, as such statute and regulations may be amended from time to time. With the approval of the Design Review Committee, a master antenna or cable television antenna may, but need not, be provided for use of all Owners or a group of Owners, and Declarant may grant easements for such purposes. Antennae for shortwave or HAM radio operation are prohibited unless it can be demonstrated that said antennae can be screened from view similar to a television satellite dish or similar equipment or unless the Association is prohibited from excluding such antennae from the Community Area under applicable federal or state law.

3.15 Restrictions on Signs and Advertising. No sign, poster, billboard, advertising device, or display of any kind shall be erected or maintained anywhere within the Community Area so as to be evident to public view, except signs as may be approved in writing by the Design Review Committee or which are permitted herein. A sign advertising a Site for sale or for lease may be placed on such Site; provided, however, that standards relating to dimensions, color, style, and location of such sign shall be subject to the sign code requirements of the City. The provisions of this Section shall not apply to Declarant with respect to advertising in connection with the construction and/or sale of residences located within the Community Area.

3.16 Maintenance of Drainage. Each Owner shall be responsible for maintenance of the established drainage pattern on his Site in accordance with the applicable grading plan approved by and on file with the City. There shall be no interference with the established drainage pattern over any property within the Community Area, except as approved in writing by the Design Review Committee. Approval shall not be granted unless provision is made for adequate alternate drainage. The Owner of the Site for which the established drainage pattern is changed shall be solely liable for the impact of such changes on adjacent Sites, Association Properties, adjacent properties outside the Community Area, or public property. The "established drainage pattern" shall mean the drainage pattern which exists at the time the approved grading of any property is completed and shall include any established drainage pattern shown on any plans approved by the Design Review Committee. The established drainage pattern may include the drainage pattern: (a) from Association Properties over any Site; (b) from any Site over the Association Properties; (c) from any property owned by the City or other Persons over any Site; (d) from any Site over property owned by the City or other Persons; (e) from any Site over another Site; or (f) from any Site over properties outside the Community Area. The Association is hereby granted an easement across all Sites for the purpose of maintaining drainage ditches and improvements that cross or are adjacent to a Site and to correct the drainage pattern and grading of a Site if necessary to improve or correct overall drainage of the Community Area.

3.17 Compliance with Insurance Requirements. Except as may be approved in writing by the Board of Directors, nothing shall be done or kept on property within the Community Area which may result in a material increase in the rates of insurance or would result in the cancellation of any insurance maintained by the Association.

3.18 Compliance with Laws. Nothing shall be done or kept on any property within the Community Area in violation of any law, ordinance, rule, or regulation of any governmental authority having jurisdiction.

3.19 Further Subdivision of Sites. The Owner of a Site shall not further subdivide that Site to smaller sites without the approval of the Design Review Committee and the City. The foregoing restriction shall not apply to the Declarant.

3.20 Restoration in the Event of Damage or Destruction. In the event of damage or destruction of any Improvement on any Site, the Owner thereof shall cause the damaged or destroyed Improvement to be restored or replaced in a timely manner to its original condition or such other condition as may be approved in writing by the Design Review Committee, or the Owner shall cause the damaged or destroyed Improvement to be demolished and the Site to be suitably landscaped, subject to the approval of the Design Review Committee, so as to present a pleasing and attractive appearance.

3.21 Temporary Storage of Building Materials. No building materials shall be stored on any Site except temporarily during continuous construction of an Improvement on the same Site or inside a residence. Building materials shall be removed from a Site or other portion of the Community Area within thirty (30) days after cessation of actual construction in those areas being served by such material storage area.

3.22 Playground Equipment. Playground equipment such as basketball backboards and poles, playhouses, swing sets and the like may not be erected on any Site within the Community

Area without the prior written consent of the Design Review Committee, subject to the requirements of this Section and any design guidelines adopted by the Design Review Committee. Any such playground equipment may not be located on a property line and shall be located so as to minimize any disturbance of residents on other Sites. No basketball backboards may be attached to a structure. Free-standing basketball backboards shall be made of standard manufacturers materials and colors.

3.23 Vehicle Repairs. No maintenance (other than washing and polishing vehicles), servicing, repair, dismantling, or repainting of any type of vehicle, boat, trailer, machine, or device may be carried on within the Community Area, except within a completely enclosed structure which screens the sight and sound of the activity from the street and from other Sites, Association Properties, and public property.

3.24 Storage of Gasoline and Explosives, Etc. No Site shall be used for storage of explosives, gasoline, or other volatile and/or incendiary materials or devices. Gasoline or fuel for Owner's lawn mower, snowblower, and the like may be maintained on an incidental basis on the Site in an amount not to exceed five (5) gallons and shall be kept in UL approved containers. The provisions of this Section shall not apply to Declarant s with respect to fuel which may be necessary in connection with the construction and/or sale of residences located within the Community Area.

3.25 Parking Restrictions. No motor vehicles, boats, campers, trailers, motorcycles, motor homes, or other vehicles may be parked on Tract A shown on the Plat except as permitted by the Association in the designated parking spaces on Tract C. No boat, camper (on or off supporting vehicles), trailer, tractor, truck (other than a 3/4-ton or smaller pick-up truck not used for commercial purposes), towed trailer unit, motorcycle, snowmobiles, disabled, junk, or abandoned vehicles, motor home, mobile home, camper, recreational vehicle, or any other vehicle, the primary purpose of which is recreational, sporting, or commercial use, shall be parked or stored in, on, or about any Site or street within the Community Area, except within the attached garage. Any vehicle that has external lettering or signage that gives the appearance of being a vehicle used in connection with a commercial enterprise or business shall be deemed to be a vehicle the primary purpose of which is commercial use. The Association shall have the right to enter Owner's Site to remove and store, at Owner's expense, vehicles in violation of this Section. Owner shall be entitled to not less than fifteen (15) days' written notice prior to such action by the Association. Parking of motor vehicles on public and private streets or driveways within the Community Area shall be prohibited, unless permitted by the Association pursuant to duly-adopted Rules and Regulations which shall be consistent with the regulations of the City. The foregoing restrictions shall not apply to the temporary, daytime parking of commercial vehicles while providing service at a residence within the Community Area.

3.26 Air Conditioning and Heating Equipment. Except for those installed by Declarant, no heating, air conditioning, solar collectors, evaporative coolers, or refrigeration equipment shall be placed, allowed, or maintained anywhere on a Site or structure other than within a structure or on the ground in an area which shall be screened from public view, or, with respect to solar collectors, which are flush with the roof surface, in accordance with plans approved by the Design Review Committee.

3.27 Construction Activities. Normal construction activities carried out by the Declarant within the Community Area or carried out by an Owner or Owner's contractor in connection with Improvements to Property approved by the Design Review Committee shall not be deemed a

violation of any of the provisions of this Article 3. All contractors (including Declarant) engaged in construction activities within the Community Area shall ensure that all construction activities comply with applicable requirements of the City and OSHA, that construction debris is removed from the Community Area on a regular basis, that streets are cleaned of mud, dirt, and debris caused by such contractor or its subcontractors, and that any damage to streets, curbs, sidewalks, utilities, and any other Improvements within the Community Area caused by such contractor or any of its subcontractors is repaired in a timely manner.

3.28 Leases. All leases of Improvements located on any Site within the Community Area shall be subject in all respects to the provisions of this Declaration. No lease may be executed for a term of less than six (6) months, unless the Board of Directors approves a shorter lease term prior to execution of the lease. Any lease shall include the entire residence and Site.

3.29 Clotheslines. No outdoor clotheslines may be placed on any Site.

3.30 Obligations under Sewer Agreement. The Property is served by private sewer facilities and is subject to the terms of that certain Sanitary Sewer Easement and Indemnity Agreement dated as of December 3, 2003, and recorded on March 10, 2004, at Reception No. 2004066296 in the records of the Clerk and Recorder of the City and County of Denver, State of Colorado (the "Sewer Agreement"). Pursuant to the provisions of the Sewer Agreement, the Owners of all Sites are jointly and severally responsible for all costs of maintenance and repair of the privately owned roads, streets, sewers, or other drainage facilities located within the Community Area and for the indemnity provisions of the Sewer Agreement. The Association shall be responsible for and shall be obligated to fulfill all obligations of the Owners under the Sewer Agreement on behalf of and as the agent for the Owners.

ARTICLE 4

ARCHITECTURAL APPROVAL

4.1 Approval of Improvements Required. The approval of the Design Review Committee shall be required for any Improvement to Property on any Site, except (a) for any Improvement to Property made by Declarant, and (b) where prior approval of an Improvement to Property may be waived or certain Improvements to Property may be exempted in writing or under written guidelines, rules, or design standards promulgated by the Design Review Committee. The Design Review Committee may delegate some or all of its authority under this Declaration to such subcommittee or subcommittees as the Design Review Committee may elect to establish from time to time or, with approval of the Boards of Directors of the Association. Membership on any subcommittee need not include members of the Design Review Committee.

4.2 Improvement to Property Defined. "Improvement to Property" requiring approval of the Design Review Committee shall mean and include, without limitation: (a) the construction, installation, erection, or expansion of any building, structure, or other Improvement, including utility facilities and fences; (b) the demolition or destruction, by voluntary action, of any building, structure, or other Improvement; (c) the grading, excavation, filling, or similar disturbance to the surface of the land including, without limitation, change of grade, change of ground level, change of drainage pattern, or change of stream bed; (d) installation of landscaping on a Site; (e) changing the access point and driveway location for any Site; and (f) any change or alteration of any previously approved Improvement to Property; including any change of exterior appearance, color, or texture.

4.3 Membership of Committee. The Design Review Committee shall consist of three (3) members, all of whom shall be initially appointed by Declarant. Declarant shall have the continuing right to appoint and replace all three (3) members during the Appointment Period (as hereinafter defined). The Board of Directors of the Association shall have the right to appoint such members after the expiration of the Appointment Period. During the period of development of the Community Area while Declarant has rights to appoint members of the Design Review Committee, Declarant shall give the Association written notice of the appointment or removal of any member of the Design Review Committee. The "Appointment Period" shall mean the period of time commencing as of the date of Recordation of this Declaration and continuing until the earliest to occur of the following events: (a) when all Sites have been conveyed to Persons other than a successor Declarant, and certificates of occupancy have been issued for the residences constructed thereon; (b) three (3) years after the date of Recordation of this Declaration; or (c) when, in its discretion, Declarant voluntarily relinquishes such right. After termination of the Appointment Period, members of the Design Review Committee shall be Members of the Association. After expiration of the Appointment Period, members of the Design Review Committee to be appointed by the Association shall be appointed by the Board of Directors. Members of the Design Review Committee appointed by the Board of Directors may be removed at any time by the Board, and shall serve for such term as may be designated by the Board or until resignation or removal by the Board. After the expiration of the Appointment Period, the Association may at any time and from time to time change the authorized number of members of the Design Review Committee, but the number of members of the Design Review Committee shall not be less than three (3).

4.4 Address of Design Review Committee. The address of the Design Review Committee shall be at the principal office of the Association.

4.5 Submission of Plans. Prior to commencement of work to accomplish any proposed Improvement to Property, the Person proposing to make such Improvement to Property ("Applicant") shall submit to the Design Review Committee at its offices such descriptions, sketches, surveys, plot plans, drainage plans, elevation drawings, construction plans, specifications, and samples of materials and colors as the Design Review Committee shall reasonably request showing the nature, kind, shape, height, width, color, materials, and location of the proposed Improvement to Property. The Design Review Committee may require submission of additional plans, specifications, or other information prior to approving or disapproving the proposed Improvement to Property. Until receipt by the Design Review Committee of all required materials in connection with the proposed Improvement to Property, the Design Review Committee may postpone review of any materials submitted for approval. The provisions of this Article 4 shall not apply to the Declarant, except as where Declarant is specifically referred to in this Article 4.

4.6 Criteria for Approval. The Design Review Committee shall approve any proposed Improvement to Property only if it deems in its reasonable discretion that the Improvement to Property in the location indicated will not be detrimental to the appearance of the surrounding areas of the Community Area as a whole; that the appearance, exterior design, materials and colors of the proposed Improvement to Property will be in harmony with the surrounding areas of the Community Area; that the Improvement to Property will not detract from the beauty, wholesomeness, and attractiveness of the Community Area or the enjoyment thereof by Owners; that the proposed changes in topography, if any, properly relate to adjacent Sites and the Community Area as a whole; that the proposed Improvement to Property complies with all applicable public and private development restrictions, including all development restrictions set

forth in this Declaration, any Design Standards adopted by the Design Review Committee and on a Preliminary and Final Plat or other development approval by the City; and that the upkeep and maintenance of the proposed Improvement to Property will not become a burden on the Association.

4.7 Design Standards; Waivers. The Design Review Committee may issue standards or rules ("Design Standards") relating to approval criteria, recommended materials and designs, submittal and approval procedures, materials to be submitted, fees, and additional factors which will be taken into consideration in connection with the approval of any proposed Improvement to Property. The Design Standards, or the Design Review Committee on a case-by-case basis, may specify circumstances under which the strict application of limitations or restrictions under this Declaration will be waived or deemed waived in whole or in part or variances granted because strict application of such limitations or restrictions would be unreasonable or unduly harsh under the circumstances. The Design Standards, or the Design Review Committee on a case-by-case basis, may waive the requirement for approval of certain Improvements to Property or exempt certain Improvements to Property from the requirement for approval, if such approval is not reasonably required to carry out the purposes of this Declaration.

4.8 Design Review Fee and Compensation of Members. The Design Review Committee may, in the Design Standards, provide for the payment of a fee to accompany each request for approval of any proposed Improvement to Property. The Design Review Committee may provide that the amount of such fee shall be uniform for similar types of any proposed Improvement to Property or that the fee shall be determined in any other reasonable manner, such as based upon the estimated cost of the proposed Improvement to Property or the anticipated costs to be incurred by the Design Review Committee in reviewing the application. Such fee may not exceed the amount set forth in the Design Standards, if any, as amended from time to time. Members of the Design Review Committee may not receive compensation for services rendered to the Committee.

4.9 Decision of Committee. Any decision of the Design Review Committee shall be made within the time period specified in the Design Standards, but in no event later than the time period set forth in Section 4.10 below. The Design Review Committee's decision shall be in writing. The decision of the Design Review Committee shall be promptly transmitted to the Applicant at the address furnished by the Applicant to the Design Review Committee. The Design Review Committee shall maintain records of all submittals, approvals and disapprovals, and correspondence.

4.10 Failure of Committee to Act on Plans. Any request for approval of a proposed Improvement to Property shall be deemed approved, unless disapproval or a request for additional information or materials is transmitted to the Applicant by the Design Review Committee within forty-five (45) days after the date of actual receipt by the Design Review Committee of all required materials and expiration of the additional ten (10) day period described below. If additional information or materials are requested by the Design Review Committee, the forty-five (45) day time period within which the Design Review Committee is required to make its decision shall be automatically extended to forty-five (45) days after the Design Review Committee receives the requested information or materials. If an Applicant does not receive a response from the Design Review Committee within forty-five (45) days after the Applicant sent the request to the Design Review Committee, the Applicant shall notify the Design Review Committee that a response was not received and the Design Review Committee shall have ten (10) days after actual receipt of such

notification (and an additional copy of the request and supporting materials) to act on the request. If the Design Review Committee fails to act on the request within such ten (10) days, the request shall be deemed to have been approved.

4.11 Prosecution of Work After Approval. After approval of any proposed Improvement to Property, the proposed Improvement to Property shall be commenced within twelve (12) months and accomplished as promptly and diligently as possible and in complete conformity with the description of the proposed Improvement to Property, any materials submitted to the Design Review Committee in connection with the proposed Improvement to Property, and any conditions imposed by the Design Review Committee. Failure to complete the proposed Improvement to Property within twelve (12) months after the date of approval or such other period or extension of the initial twelve (12) month period as specified in writing by the Design Review Committee, or to complete the Improvement to Property in accordance with the description and materials furnished to, and the conditions imposed by, the Design Review Committee; shall constitute non-compliance with the requirements for approval of the Improvement to Property. Failure to commence construction of the proposed Improvement to Property within twelve (12) months after the date of approval shall result in the automatic termination of such approval, unless the Design Review Committee grants an extension of such time period.

4.12 Notice of Completion. Upon completion of the Improvement to Property, the Applicant may give written Notice of Completion to the Design Review Committee. Until the date of receipt of such Notice of Completion, the Design Review Committee shall not be deemed to have notice of completion of such Improvement to Property.

4.13 Inspection of Work. The Design Review Committee or its duly authorized representative shall have the right to inspect any Improvement to Property prior to or after completion, provided that the right of inspection shall terminate sixty (60) days after the Design Review Committee shall have received a Notice of Completion from Applicant.

4.14 Notice of Non-Compliance. If, as a result of inspections or otherwise, the Design Review Committee finds that any Improvement to Property has been done without obtaining the approval of the Design Review Committee or was not done in complete conformity with the description and materials furnished to, and any conditions imposed by, the Design Review Committee or was not completed within twelve (12) months after the date of approval by the Design Review Committee or such other period as may have been specified in writing by the Design Review Committee, the Design Review Committee shall notify the Applicant in writing of the noncompliance, which notice shall be given, in any event, within sixty (60) days after the Design Review Committee receives a Notice of Completion from the Applicant. The notice shall specify the particulars of the non-compliance and shall require the Applicant to take such action as may be necessary to remedy the non-compliance.

4.15 Failure of Committee to Act After Completion. Failure of the Design Review Committee to inspect the work shall not relieve the Applicant from its obligations to comply with this Declaration or all conditions of approval or prevent the Design Review Committee from pursuing all remedies available to it in the event of any non-compliance.

4.16 Correction of Non-Compliance. If the Design Review Committee determines that a noncompliance exists, the Applicant shall remedy or remove the same within a period of not more than forty-five (45) days from the date of receipt by the Applicant of notice of noncompliance from

the Design Review Committee. If the Applicant does not comply with the Committee ruling within such period, the Committee may, at its option, record a Notice of Non-Compliance against the real property on which the noncompliance exists, may enter upon such property and remove the non-complying Improvement to Property, or may otherwise remedy the non-compliance, and the Applicant shall reimburse the Association, upon demand, for all expenses, including attorneys fees, incurred therewith. If such expenses are not promptly repaid by the Applicant or Owner to the Association, the Board may levy a Reimbursement Assessment against the Owner of the Site for such costs and expenses. The right of the Association to remedy or remove any noncompliance shall be in addition to all other rights and remedies which the Association may have at law, in equity, or under this Declaration. The Applicant and Owner of the Site shall have no claim for damages or otherwise on account of the entry upon the property and removal of the non-complying Improvement to Property.

4.17 No Implied Waiver or Estoppel. No action or failure to act by the Design Review Committee, including the granting of a variance, shall constitute a waiver or estoppel with respect to future action by the Design Review Committee with respect to any Improvement to Property. Specifically, the approval of the Design Review Committee of any Improvement to Property or granting of a variance shall not be deemed a waiver of any right or an estoppel to withhold approval or consent for any similar Improvement to Property on the same Site or any other Sites or any similar proposals, plans, specifications, or other materials submitted with respect to any other Improvement to Property on the same Site or any other Site.

4.18 Committee Power to Grant Variances. Subject to the limitations set forth in Section 4.7 above, the Design Review Committee may authorize variances from compliance with any of the provisions of this Declaration, when circumstances such as hardship, aesthetics, or environmental considerations may require. Such variances must be evidenced in writing and shall become effective when signed by at least a majority of the members of the Design Review Committee. If any such variance is granted, no violation of the provisions of this Declaration shall be deemed to have occurred with respect to the matter for which the variance was granted; provided, however, that the granting of a variance shall not operate to waive any of the provisions of this Declaration for any purpose except as to the particular property and particular provision hereof covered by the variance, nor shall the granting of a variance affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting the property concerned, including, but not limited to, zoning ordinances and setback lines or requirements imposed by any governmental authority having jurisdiction.

4.19 Meetings of Committee; Delegation of Authority. The Design Review Committee shall meet from time to time as necessary to perform its duties hereunder. The Design Review Committee may from time to time, by resolution in writing adopted by a majority of the members, designate a Committee Representative (who may but need not be one of its members) to take any action or perform any duties for or on behalf of the Design Review Committee, except the granting of approval to any Improvement to Property and granting of variances. The action of such Committee Representative within the authority of such Committee Representative or the written consent or the vote of a majority of the members of the Design Review Committee shall constitute action of the Design Review Committee. The Design Review Committee also may, from time to time, by written resolution adopted by a majority of the members, delegate some or all of the Design Review Committee's rights and responsibilities under this Declaration to a subcommittee which shall have the power and the obligation to exercise such delegated rights and responsibilities with respect to the part of the Community Area that is described in such resolution. Such resolution

shall identify the members of such subcommittee, the mailing address for applications that are to be submitted to such subcommittee, state whether such subcommittee has been authorized to adopt additional or different Design Guidelines applicable to the portion of the Community Area within the subcommittee's jurisdiction, any other limitations on such subcommittee's authority, and the portion of the Community Area within which the subcommittee shall have the rights and responsibilities of the Design Review Committee. A copy of such resolution shall be mailed to all Owners of property within the portion of the Community Area affected by such delegation. Any delegation may be modified or withdrawn by a subsequent written resolution adopted by a majority of the members of the Design Review Committee, but any such modification or withdrawal shall not affect any prior actions of the Committee Representative or subcommittee or the review and action on any applications then pending before the Committee Representative or subcommittee.

4.20 Records of Actions. The Design Review Committee shall keep a permanent record of all final actions taken by the Committee for a period of three (3) years after each final action.

4.21 Estoppel Certificates. The Association may adopt, amend, repeal, and enforce Rules and Regulations as may be deemed reasonably necessary or desirable with respect to the interpretation and implementation of this Declaration, the operation of the Association, the use and enjoyment of Association Properties, and the use of any other property within the Community Area, including Sites. Any such Rules and Regulations shall be effective only upon adoption by resolution of the Board of Directors. Notice of the adoption, amendment, or repeal of any Rule or Regulation shall be given in writing to each Member at the address for notices to Members as elsewhere provided in this Declaration or the By-Laws, and copies of the currently effective Rules and Regulations shall be made available to each Member upon request and payment of the reasonable expense of copying the same. Each Member shall comply with such Rules and

Regulations and shall see that Persons claiming through such Member comply with such Rules and Regulations. Such Rules and Regulations shall have the same force and effect as if they were set forth in and were part of this Declaration. In the event of conflict between the Rules and Regulations and the provisions of this Declaration, the provisions of this Declaration shall prevail.

8.17 Power to Enforce Declaration and Rules and Regulations. The Association shall have the power to enforce the provisions of this Declaration and the Rules and Regulations and shall take such action as the Board deems necessary or desirable to cause such compliance by each member and each Person claiming by, through, or under such Member ("Related User"). Without limiting the generality of the foregoing, the Association shall have the power to enforce the provisions of this Declaration and the Rules and Regulations by anyone or more of the following means: (a) by entry upon any property within the Community Area, without liability to the Owner thereof or the Association, for the purpose of enforcement or causing compliance with this Declaration or the Rules and Regulations; (b) by commencing and maintaining actions and suits to restrain and enjoin any breach or threatened breach of the provisions of this Declaration or the Rules and Regulations, by mandatory injunction or otherwise; (c) by commencing and maintaining actions and suits to recover damages for breach of any of the provisions of this Declaration or the Rules and Regulations; (d) by suspension of the voting rights of a Member during and for up to sixty (60) days following any breach by such Member or a Related User of such Member of this Declaration or the Rules and Regulations, unless the breach is a continuing breach in which case such suspension shall continue for so long as such breach continues; (e) by levying and collecting a Reimbursement Assessment against any Member for breach of this Declaration or the Rules and Regulations by such Member or Related User of such Member; and (f) uniformly applied fines and penalties, established in advance in the Rules and Regulations of the Association, from any Member or Related User for breach of this Declaration or the Rules and Regulations by such Member or Related User of such Member. Any Rules and Regulations which adopt a system of fines shall include a procedure to require notice and provide an opportunity for an Owner to be heard prior to imposing a fine.

8.18 Power to Grant Easements. The Association shall have the power to grant access, utility, drainage, water facility, and other easements in, on, over, or under Association Properties and the portion of Sites outside the footprint of the Residence constructed thereon.

8.19 Power to Convey and Dedicate Property to Government Agencies. The Association, with the approval of Members representing at least sixty-seven percent (67%) of the voting power of the Association (exclusive of the voting power of the Declarant), shall have the power to grant, convey, dedicate, or transfer any Association Properties or facilities to any public, governmental or quasi-governmental agency or authority for such purposes and subject to such terms and conditions as the Association shall deem appropriate.

8.20 Power to Borrow Money and Mortgage Property. The Association shall have the power to borrow money and, with the approval of Members representing at least sixty-seven percent (67%) of the voting power of the Association (exclusive of the voting power of Declarant), to encumber Association Properties as security for such borrowing. *Pill* agreement to convey, or subject the Association Properties to a security interest in accordance with this Declaration shall be evidenced by the execution of an agreement, or ratification thereof, in the same manner as a deed by the requisite number of Owners. The agreement shall specify a date after which the agreement will be void unless Recorded before that date and shall be effective upon Recordation.

8.21 Power to Engage Employees, Agents, and Consultants. The Association shall have the power to hire and discharge employees and agents and to retain and pay for legal, management, and accounting services as may be necessary or desirable in connection with the performance of any duties or the exercise of any powers of the Association under this Declaration. The Board of the Directors of the Association shall use its best efforts to obtain competitive proposals for the aforementioned consultant services.

8.22 Trash Collection. The Association shall have the power to regulate the days and hours during which trash, solid waste and recycling materials, if offered, may be collected or put out for collection in any part of the Community Area. The Association also shall provide or contract for the provision of services for the collection of trash, solid waste and, if reasonably available, recycling materials, within the Community Area. The cost of such trash collection shall be included in Common Assessments. The area(s) to be served and the frequency and type of such service shall be determined by the Board of Directors.

8.23 General Corporate Powers. The Association shall have all of the powers and rights of an association under the Colorado Common Interest Ownership Act and all of the ordinary powers and rights of a Colorado corporation formed under the Colorado Nonprofit Corporation Act, including, without limitation, entering into partnership and other agreements, subject only to such limitations upon such powers as may be set forth in this Declaration or in the Articles of Incorporation or By-Laws. The Association shall also have the power to do any and all lawful things which may be authorized, required, or permitted to be done under this Declaration or the Articles of Incorporation or By-Laws and to do and perform any and all acts which may be necessary or desirable for, or incidental to, the exercise of any of the express powers or rights of the Association under this Declaration and the Articles of Incorporation or By-Laws.

8.24 Powers Provided by Law. In addition to the above-referenced powers, the Association shall have full power to take and perform any and all actions which may be lawfully taken by the Association under the Colorado Nonprofit Corporation Act.

ARTICLE 9

ASSESSMENTS

9.1 Obligation and Lien for Assessments. Each Owner, by acceptance of a Deed to a Site that has been annexed to this Declaration, agrees to pay to the Association, Assessments, together with interest, late charges, cost of collection, and attorneys' fees as provided herein. Such Assessments, interest, late charges, cost of collection, and attorneys' fees shall also be a continuing lien upon the Site against which each Assessment is made in the event of delinquency in payment. Such Assessments, interest, late charges, cost of collection, and attorneys' fees shall also be the personal obligation of the person who was the Owner, or the persons, jointly and severally, who were the Owners at the time the Assessment was made. Assessments may consist of Common: Assessments, Special Assessments, and Reimbursements Assessments.

9.2 Allocation of Assessments/Working Capital. All Assessments (other than Reimbursements Assessments) will be allocated equally among the Sites that have been annexed to this Declaration, except as provided in the following sentences. Notwithstanding any other provisions of this Declaration to the contrary, all Assessments (other than Reimbursement Assessments) imposed on Sites that are unimproved or which do not have a certificate of occupancy

issued for improvements constructed thereon (which Sites are referred to herein as "Unfinished Sites") shall be set at a lower rate than the rate of Assessments imposed on other Sites that have a completed residence and certificate of occupancy and which are required to pay a full Assessment. Such lower assessment shall be based on a determination by the Board of Directors of the Association of the benefits that are actually received by such Unfinished Sites and the services provided to the Owners of other Sites that are not actually received by such Unfinished Sites, including replacement reserves that do not benefit Unfinished Sites, as provided in C.R.S. 38-33.3-315(3)(b), as amended. The Common Assessment on Unfinished Sites will not exceed twenty-five percent (25%) of the full assessment rate, unless the Board of Directors of the Association determines that the services actually received by the Unfinished Sites exceed twenty-five percent (25%) of the full assessment rate, in which event the Common Assessment on Unfinished Sites will be set at such higher rate as reflects the services actually received by such Unfinished Sites. Upon issuance of a certificate of occupancy for improvements constructed on an Unfinished Site, such Site shall be assessed at the full assessment rate commencing the first day of the month immediately following the month in which the Site is occupied by the Owner or a Related User of the Owner after issuance of the certificate of occupancy. Such reduced assessment rate for Unfinished Sites is based on the fact that Unfinished Sites do not receive the same benefits from assessments as Sites for which certificates of occupancy have been issued.

Upon conveyance of a Site to an Owner, other than a Successor Declarant, by the Declarant, the Purchaser of the Site shall pay to the Association a sum equal to two (2) times the Common Assessment then in effect as working capital for the Association. Upon the subsequent sale of such Site, the Purchaser may be required to pay a working capital contribution to the Association in an amount determined by the Board of Directors of the Association. Under no circumstance may an Owner obtain repayment of such contribution from the Association. .

9.3 Common Assessments, Maximum Annual Assessment, and Initial Assessment. For each calendar year, the Association may levy annual Common Assessments against Owners of the Sites which are to be collected monthly. Each Owner shall be obligated to pay the Common Assessments levied against and allocated to such Owner and the Site of such Owner. For the purposes of the calendar years 2006 and 2007, the amount of and commencement date for payment of the initial Common Assessment shall be determined by the Board of Directors (the "Initial Assessment"), subject to the requirements of Sections 9.5 and 9.8 below. The applicable portion or portions of the Initial Assessment shall be payable by the Owner of any Site at such time as the Owner of such Site takes title to the Site. The Initial Assessment paid by the Owner of a Site shall be prorated to reflect the time that the Owner took title to the Site. Until such time as the Initial Assessment commences, the Declarant shall pay the expenses of the Association.

Until January 1 of the year immediately following the conveyance of the first Site to an Owner by Declarant, the maximum base monthly Common Assessment per Site shall be Four Hundred and No/100 Dollars (\$400.00) for a maximum base annual Common Assessment of Four Thousand Eight Hundred and No/100ths Dollars (\$4,800.00) per Site.

(1) Automatically, without a vote of the Membership, from and after July 1 of the year in which the conveyance of the first Site to an Owner by Declarant occurs, the maximum base annual Common Assessment shall be increased effective on the first day of July of each year by an amount equal to the greater of ten percent (10%) per annum or the increase, if any, of the Consumer Price Index for the Denver-Boulder SMSA, published by the United States Department of Labor (or any successor index) for the twelve (12) months preceding July of the previous year.

(2) The Board of Directors of the Association may fix the annual Common Assessment at an amount not to exceed the maximum annual Common Assessment for such year. The Association shall retain any surplus funds at the end of each fiscal year.

9.4 Supplemental Common Assessments. If the estimated sums required for Common Assessments prove inadequate for any reason, including non-payment of any Owner's Common Assessment, the Board may, from time to time, levy a Supplemental Common Assessment, provided that the total Common Assessment per Site does not exceed the maximum annual assessment as set forth in Section 9.3 above. Such Supplemental Common Assessments shall be allocated among the Sites in the same manner Common Assessments are allocated. Written notice of any change in the amount of any annual Common Assessment shall be sent to every Owner subject thereto, not less than thirty (30) days prior to the effective date of such change, and shall be submitted to the Members as part of a supplemental budget proposal pursuant to Section 9.5 below.

9.5 Annual Budgets. The Board of Directors shall cause to be prepared prior to imposing any Assessments and, commencing with calendar year 2007, prior to the commencement of each calendar year, a Budget for such calendar year. The Budget shall include an amount for normal operations and maintenance, for contingencies, and amounts deemed necessary or desirable for deposits to create, replenish, or add to the reserve fund for major capital repairs, replacements, and improvements to the Association Properties in such amounts as the Board of the Association deems appropriate. Copies of the Budget shall be made available by the Association to any Members requesting a copy of the same upon payment of the reasonable expenses of copying the same.

Within ninety (90) days after adoption of any proposed budget, the Board of Directors shall mail, by ordinary first-class mail, or otherwise deliver the full budget or a summary of the budget to all Owners and shall set a date for a meeting of Owners to consider ratification of the budget, which date shall be within a reasonable time after mailing or other delivery of the budget or summary thereof. Unless at that meeting at least seventy-five percent (75%) of all Owners vetoed the budget, the budget is deemed to be approved by the Owners, whether or not a quorum is present. In the event the proposed budget is vetoed, the periodic budget last not vetoed by the Owners shall be continued and assessments shall be based thereon until such time as the Owners fail to veto a subsequent budget proposed by the Board of Directors.

9.6 Commencement of Common Assessments. Common Assessments shall commence as to each Site within the Community Area on the first day of the first month following the date of Recordation of the first Deed conveying a Site within the Community Area to an Owner other than Declarant or a Successor Declarant. The Common Assessments for the then current calendar year shall be prorated within the Community Area on the basis of the number of months in such calendar year remaining from the date of commencement of such Common Assessments to the end of such calendar year. Prior to the commencement of assessments, the Declarant shall be responsible for all costs of the Association.

9.7 Payment of Common Assessment Annual Common Assessments shall be due and payable in advance to the Association by the assessed Member during the calendar year in equal monthly installments, on or before the first day of each month, or in such other manner and on such other dates as the Board of Directors may designate in its sole and absolute discretion. Notice of the

amount of the Annual Common Assessments shall be given to each Member prior to January 1 of each year.

9.8 Failure to Fix Assessment. The failure by the Board of Directors to levy an Assessment for any year shall be deemed to be a continuation of the Assessment previously levied by the Association pursuant to the Budget adopted for the previous year and shall not be deemed a waiver or modification with respect to any of the provisions of this Declaration or a release of the liability of any Member to pay Assessments, or any installment thereof, for that or any subsequent year. No abatement of the Common Assessment or any other Assessment shall be claimed or allowed for inconvenience or discomfort arising from the making of repairs or Improvements to Association Properties or from any action taken to comply with any law or any determination of the Board of Directors or for any other reason.

9.9 Special Assessments for Capital Expenditures. After termination of Declarant's right to appoint members of the Board of Directors of the Association, in addition to Common Assessments, the Board of Directors may, subject to the provisions of this Article 9, levy and include in the budget Special Assessments for the purpose of raising funds not otherwise provided under the Budget from Common Assessments to construct or reconstruct, repair, or replace capital Improvements upon Association Properties, including necessary personal property related thereto; to add to the Association Properties; to provide for necessary facilities and equipment to offer the services authorized in this Declaration; or to repay any loan made to the Association to enable it to perform the duties and functions authorized in this Declaration. The Board of Directors shall not levy Special Assessments without the vote of the Members representing at least sixty-seven percent (67%) of the voting power of all Members at a meeting, written notice of which shall be sent to all Members not less than thirty (30) nor more than sixty (60) days in advance of the meeting setting forth the purpose of the meeting. Special Assessments shall be allocated in the same manner as Common Assessments. The Association shall notify Members in writing of the amount of any Special Assessment and of the manner in which, and the dates on which, any such Special Assessment is payable and the Members shall pay any such Special Assessment in the manner so specified.

9.10 Reimbursement Assessments. The Board of Directors may, subject to the provisions hereof, levy a Reimbursement Assessment against any Member if the willful or negligent failure of the Member or a Person claiming through the Member to comply with this Declaration, the Articles of Incorporation, the Bylaws, or the Rules and Regulations shall have resulted in the expenditure of funds by the Association to cause such compliance. Such Assessment shall be known as a Reimbursement Assessment and shall be levied only after approval by the Board. The amount of the Reimbursement Assessment for each Site shall be based upon such criteria and factors as the Board of Directors determines to be appropriate and shall be due and payable to the Association thirty (30) days after notice to the Member of the decision of the Board of Directors that the Reimbursement Assessment is owing.

9.11 Late Charges and Interest. If any Common Assessment, Special Assessment, or Reimbursement Assessment or any installment thereof is not paid within ten (10) days after it is due, the Member obligated to pay the Assessment may be required to pay a reasonable late charge to be determined by the Board. Any Assessment or installment of an Assessment which is not paid within ten (10) days after it is due shall bear interest from the due date at the interest rate established by the Board from time to time.

9.12 Attribution of Payments. All Common Assessment payments shall be credited first to late fees, interest, attorneys' fees, and other costs of collection, and next to principal reduction, satisfying the oldest obligations first followed by more current obligations.

9.13 Notice of Default and Acceleration of Assessments. If any Annual Common Assessment, any Special Assessment, or any Reimbursement Assessment or any installment thereof is not paid within thirty (30) days after its due date, the Board of Directors may mail a notice of default ("Notice of Default") to the Owner and to each Mortgagee of the Site who has requested a copy of the notice. The notice shall specify (a) the fact that the installment is delinquent; (b) the action required to cure the default; (c) a date, not less than thirty (30) days from the date the notice is mailed to the Member, by which such default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the entire balance of the Assessment or the unpaid installments of the Assessment against the Site of the Member. If the delinquent Assessment or installment and any late charges, legal fees or interest thereon are not paid in full on or before the date specified in the notice, the Board, at its option, may declare all of the unpaid balance of the Assessment to be immediately due and payable without further demand and may enforce the collection of the full Assessment and all charges and interest thereon in any manner authorized by law in this Declaration, subject to the protection afforded to the Mortgagees under this Declaration.

9.14 Remedies to Enforce Assessments. Each Assessment levied hereunder shall be a separate, distinct, and personal debt and obligation of the Owner or Member against whom the same is assessed. In the event of a default in payment of any Assessment or installment thereof, whether Common, Special, or Reimbursement, the Board may, in addition to any other remedies provided under this Declaration or by law, enforce such obligation on behalf of the Association by suit or by filing and foreclosure of a lien as hereinafter provided.

9.15 Lawsuit to Enforce Assessments. The Board may bring suit at law to enforce any Assessment obligation. Any judgment rendered in such action shall include any late charges, interest, and other costs of enforcement, including reasonable attorneys' fees in the amount as the court may adjudge, against the defaulting Owner or Member.

9.16 Lien to Enforce Assessments. All Assessments against a Site (including late fees, interest, cost of collection and attorneys' fees) shall constitute a lien on such Site superior to all other liens and encumbrances, except: (a) tax and special assessment liens in favor of any assessing authority; (b) liens and encumbrances Recorded prior to recordation of this Declaration; and (c) all sums unpaid under a Mortgage encumbering a Site ("First Mortgage") that has first priority over any other Mortgage encumbering such Site to the extent the Assessments were assessed after the First Mortgage is Recorded. By acceptance of a deed for a Site, the Owner or Owners agree that the Assessment lien shall be prior to any homestead exemption or right and irrevocably waive any and all rights they may have to claim a homestead exemption against enforcement of the Assessment lien.

Notwithstanding the foregoing, the statutory lien for Assessments is also prior to the lien of a First Mortgage to the extent of an amount equal to the Assessments based on a period budget adopted by the Association which would have become due, in the absence of any acceleration, during the six (6) months immediately preceding institution of an action to enforce or extinguish the statutory lien or the lien of the First Mortgage.

The recording of this Declaration constitutes record notice and perfection of the Assessment lien. No further recordation of any claim of lien or Assessment is required. However, to evidence such lien, the Association may Record a written notice setting forth the amount of such unpaid Assessments, the name of the Owner of the Site and the identification of the Site. Such notice shall be signed by one of the Board of Directors, an officer of the Association or an agent appointed by the Board and shall be Recorded. The recording of a notice of lien shall not be a condition precedent to nor delay the attachment of a lien which shall attach as of the first day of any period for which any Assessment is levied. Such lien may be enforced by foreclosure on the defaulting Owner's Site by the Association in the same manner as a mortgage on real property and shall encumber all rents and profits issuing from the Site, which lien on rents and profits shall be subordinate to the matters described in subparagraphs (a) and (b) above. The Association shall have the power to bid at the foreclose sale and to acquire and hold, lease, mortgage and convey the Site. The Association shall have all of the rights and obligations with respect to enforcement of Assessment liens which are set forth in the Act.

9.17 Estoppel Certificates. Upon the written request delivered personally or by certified mail, return receipt requested, first-class postage prepaid, addressed to the Association's registered agent, of any Member or his designee and any Person with, or intending to acquire, any right, title, or interest in the Site of such Member, or of any Mortgagee or its designee, the Association shall furnish a written statement setting forth the amount of any Assessments or other amounts, if any, due and accrued and then unpaid with respect to a Site and the Owner thereof, and setting forth the amount of any Assessment levied against such Site which is not yet due and payable. Such statement shall, with respect to the Person to whom it is issued, be sent to the requesting person within fourteen (14) days after receipt of the written request and, if sent within such time period, shall be conclusive against the Association and all Persons for all purposes, that no greater or other amounts were then due or accrued and unpaid and that no other Assessments have been levied.

9.18 No Offsets. The payment of Assessments is an independent covenant and all Assessments shall be payable in the amounts specified in the levy thereof without notice or demand (except as may be specifically required in this Declaration), and no offsets or reduction thereof shall be permitted for any reason including, without limitation, any claim that the Association or the Board of Directors in not properly exercising its duties and powers under this Declaration or Owners' vacation or abandonment of their residence.

9.19 Other Liens. It is possible that liens other than mechanics' liens and Assessment liens may be obtained against Association Properties, including, without limitation, judgment liens, and purchase money mortgage liens.

10.4 Amendment of Articles and By-Laws. (
10.7 Priority of First Mortgage Over Assessments. Each First Mortgagee of a Mortgage encumbering a Site who obtains title to such Site pursuant to the remedies provided in the Mortgage, by judicial foreclosure, or by deed or assignment in lieu of foreclosure shall take title to the Site free and clear of any claims for unpaid Assessments or charges against such Site which accrued prior to the time such holder acquires title to such Site in excess of the amount of Assessments which is prior to the lien of the First Mortgage as provided in Section 9.19 above.

10.8 First Mortgagee Right to Pay Taxes and Insurance Premiums. Declarant's rights under this Section 10.10 shall terminate on the earlier of ten (10) years after the date of recordation of this Declaration or the sale of all Sites owned by Declarant or a Successor Declarant. 10.12 Persons Entitled to Enforce Declaration. The right of enforcement shall include the right to bring an action for damages as well as an action to enjoin any violation of any provision of this Declaration.

Notwithstanding any other provisions of this Declaration to the contrary, any action brought by the Association in which it seeks to recover an unspecified amount of damages or damages in excess of \$10,000.00 shall first be approved by the vote of the Members holding at least seventy-five percent (75%) of the voting power of the Association. All costs and fees to be incurred in connection with such action shall be described in a budget which is approved by the vote of Members holding at least seventy-five percent (75%) of the voting power of the Association at the same time as the required vote of the Members is obtained to bring the action. 10.21 Governing Law. This Declaration shall be construed and governed under the laws of the State of Colorado.

10.22 Severability. Each of the provisions of this Declaration shall be deemed independent and severable, and the invalidity or unenforceability or partial validity or partial enforceability of the provisions or portion thereof shall not affect the validity or enforceability of any other provision.

The surviving consolidated association may administer and enforce the covenants, conditions, and restrictions established by this Declaration governing the Property, together with the covenants and restrictions established upon any other property as one plan.

10.26 Disclaimer Regarding Safety. DECLARANT HEREBY DISCLAIMS ANY OBLIGATION REGARDING THE SECURITY OF ANY PERSONS OR PROPERTY WITHIN THE COMMUNITY AREA. ANY OWNER OF PROPERTY WITHIN THE COMMUNITY AREA ACKNOWLEDGES THAT DECLARANT IS ONLY OBLIGATED TO DO THOSE

ACTS SPECIFICALLY ENUMERATED HEREIN, OR IN THE ARTICLES OF INCORPORATION AND BYLAWS, AND IS NOT OBLIGATED TO DO ANY OTHER ACTS WITH RESPECT TO THE SAFETY OR PROTECTION OF PERSONS OR PROPERTY WITHIN THE COMMUNITY AREA.

10.27 Recorded Easements. In addition to all easements and rights-of-way of record at or before recordation of this Declaration, the Community Area, and all portions thereof, shall be subject to the easements shown on any Recorded plat or map of the Community Area, or any portion thereof. Further, the Community Area; or portions thereof, is now or may hereafter be subject to the easements, licenses, and other Recorded documents, or any of them, set forth on Exhibit D attached hereto and incorporated herein by this reference.

10.28 Association Books and Records. The Association shall make available to Owners, First Mortgagees of Sites, and insurers or guarantors of any such First Mortgage, current copies of this Declaration, and the Articles of Incorporation, By-Laws, Rules and Regulations, books, records, and financial statements of the Association, copies of which shall be maintained by the Association. The Association shall make available to prospective purchasers of Sites current copies of this Declaration, and the Articles of Incorporation, By-Laws, Rules and Regulations, and the most recent annual financial statement, if such is prepared, of the Association. The Association shall not be required to prepare audited financial statements. However, if there is no audited financial statement available, any First Mortgagee shall be allowed to have an audited financial statement prepared, at its expense, three (3) copies of which shall be provided to the Association. "Available" shall mean available for inspection, upon request, during normal weekday business hours or under other reasonable circumstances. The Association may charge a fee for the reasonable copying costs, management fee, and labor costs of any materials provided pursuant to this Section.

10.29 Statement of Unpaid Assessments. The Association shall provide to an Owner or its designee or to a holder of a security interest or its designee, upon written request, a statement setting forth the amount of unpaid assessments currently levied against such Owner's Site, as provided in Section 9.17 above.

10.30 General Description of Use Easement Premises. Each Site may constitute a Benefited Site and a Burdened Site. Sheet 2 of the Planned Building Group identifies by cross-hatching those Sites that are a Benefited Site and those Sites that are a Burdened Site and by identifying two possible Patio types that may be constructed on both the Benefited Site and a portion of the Burdened Site for the benefit of the Benefited Site. Each patio type is shown as being attached to the building footprint on the Benefited Site on Sheet 2 of the Planned Building Group. Exhibit E specifically identifies the Benefited Sites and the Burdened Sites, as well as the Patio type being constructed for each Benefited Site by Declarant. The specific location of the Use Easement Premises on each Burdened Site is determined by the Patio type as shown on Exhibit E and the location of that patio type on the Burdened Site as shown on Sheet 2 of the Planned Building Group.

10.31 Reservation of Use Easement. Declarant hereby reserves a perpetual, exclusive easement in accordance with this Article X, on, over, and across each Use Easement Premises located upon a Burdened Site for the benefit of the Benefited Site adjacent to such Use Easement Premises. The Use Easement Premises shall be located in the area of each Burdened Site as shown by cross-hatching on Sheet 2 of the Planned Building Group. Not all Sites are granted the benefit of an Easement Premises as provided herein, nor are all Sites burdened by having an Easement

Premises located thereon. The listing provided on the attached Exhibit E constitutes the designation of Burdened Sites and Benefited Sites which are part of the Property, but the Declarant may change any of the Use Easement Premises designations as to Sites owned by the Declarant as listed on the attached Exhibit E, provided that the change in designation is consistent with the location of the alternative patio types shown on Sheet 2 of the Planned Building Group and is reflected in an amendment to Exhibit E that is recorded in the real property records of the City and County of Denver, State of Colorado. At the time of conveyance of each Burdened Site that is subject to a Use Easement Premises, the Use Easement granted herein shall automatically attach to such Burdened Site without the necessity of a specific, separate easement or other instrument being recorded.

10.32 Purpose of Use Easement Premises. The Owner of the Benefited Site that is immediately adjacent to a Use Easement Premises shall have the right to use the patio located on the adjacent Use Easement Premises in a manner that is consistent with this Declaration, to the exclusion of the Owner and Related Users of the Burdened Site on which such Use Easement Premises is located, except as otherwise provided in this Article. Subject to compliance with all terms and provisions of this Declaration, including, without limitation, obtaining the prior written approval of the Design Review Committee as required, such permitted uses of the patio located on the Use Easement Premises include those uses to which a backyard patio is typically made, including, without limitation, potted plants, chairs and tables, outdoor grills, and similar items (as long as such improvements are not enclosed and do not have a solid cover). The Use Easement Premises may be used as a general recreational, picnic, and social area, as though such Use Easement Premises were owned by the Owner of the Benefited Site; provided that such Use Easement Premises shall not be used in any manner, at any time, to unreasonably disturb the Owner and Related Users of the Burdened Site on which the Use Easement Premises is located, and nothing shall be placed in the yard of the Burdened Site or attached to the exterior wall of the Dwelling Unit on such Burdened Site.

10.33 Right of Entry. The Owner of a Burdened Site on which an Easement Premises is located shall have the right at all reasonable times to enter upon the Easement Premises for the purpose of performing work related to maintenance of the Dwelling Unit located on the Burdened Site.

10.34 Right of Drainage. The Burdened Site shall have the right of drainage over, across, and upon the Use Easement Premises for normal precipitation upon and irrigation of the Burdened Site, and the Owner of the Benefited Site adjacent to such Easement Premises shall not do or permit to be done any act which interferes with such drainage.

10.35 Right of Support. The Burdened Site shall have the right of lateral and subjacent support for the Dwelling Unit and all improvements now or hereafter constructed upon such Burdened Site, and no use of the Easement Premises shall adversely affect such right of support.

10.36 Indemnity of Owner of Benefited Site. The Owner of the Burdened Site shall indemnify and hold the Owner of the Benefited Site harmless from damage to any improvements, including, without limitation, the permitted improvements and items listed in Section 10.32, above resulting from the right of access reserved to the Owner of the Burdened Site onto the Easement Premises.

10.37 Indemnity of Owner of Burdened Site. The Owner of the Benefited Site shall indemnify and hold the Owner of the Burdened Site harmless from damage to any improvements

now or hereafter constructed, located, or erected on the Burdened Site, to the extent that any sueD damage or injury is caused by use of the Easement Premises by the Owner of the adjacent Benefit^{eo} Site or by his Related Users. The Owner of the Benefited Site shall acquire and keep in force adequate hazard and liability insurance covering the Easement Premises.

10.38 Maintenance of Use Easement Premises. The Owner of the Benefited Site shall be responsible for maintenance, repair, and replacement of the Use Easement Premises, and of all improvements that are located thereon by or for the benefit of such Benefited Site, to the same extent as if the Easement Premises were a portion of such Site and owned by the Owner of such Site.
