

September 20, 2019

Today one of our fellow EVT's, Kelly Carver passed away. Sadly, he will be missed by the EVT community.

I had the pleasure of working under Kelly at the City of Abbotsford and will miss him as a friend and former co-worker. Kelly dedicated himself to his work and as an EVT, supported the EVTA of BC for many years.

His patience, intelligence and wit will always be remembered.

**Steve R. Watson, EVT
City of Abbotsford**

"The announcement of Kelly Carver passing away this morning is met with great sadness. As Kelly's son Benjamin stated, "Dad has finished his work here on earth and has gone on before us to his home in Heaven". Our thoughts and prayers are with Kelly's wife Cynthia, all his children and extended family as they mourn their loss.

Prior to Kelly's retirement a few short years ago, he played a pivotal role with the Abbotsford Fire Rescue Service as our certified mechanic (Emergency Vehicle Technician). Kelly kept the fire vehicles running and in top notch shape. He ensured the safety of all members through his work maintaining the fire fleet. We are forever grateful for Kelly's commitment to the members of AFRS.

We will be sure to forward information regarding a memorial service as the details are provided."

**Don Beer, Fire Chief
Abbotsford Fire Rescue**

On behalf of the Board and EVT members of the Emergency Vehicle Technicians Association of B.C. both past and present, I would like to express our sincere condolences to the Carver family at this difficult time.

Kelly joined our organization in 2007 and was an active member and supporter of our organization until 2018 when he retired from the trade. He will be missed by all who knew him and remembered as one of the original Emergency Vehicle Technicians to join our organization, which incidentally, was the same year that E.V.T.A. of B.C. became a registered, non-profit Society in the Province of B.C.

**Frank Gale, President
Emergency Vehicle Technicians**
