---

**A BYLAW OF THE SUMMER VILLAGE OF SOUTH VIEW, IN THE PROVINCE OF ALBERTA, TO REMOVE A PARK RESERVE DESIGNATION FROM CERTAIN LANDS AND TO CONFIRM AN ENVIRONMENTAL RESERVE DESIGNATION TO CERTAIN LANDS.**

---

**WHEREAS**, the Summer Village of South View ("the Municipality") is the registered owner of the lands legally described as

PLAN  
2647KS  
BLOCK 1  
LOT P (PARK RESERVE)  
CONTAINING 1.08 ACRES MORE OR LESS  
EXCEPTING THEREOUT ALL MINES AND MINERAL AND  
THE RIGHT TO WORK THE SAME AS SET FORTH IN  
TRANSFER 7849JV  
("Lot P")

**AND WHEREAS**, the Municipality has noted that the "Park Reserve" designation assigned to Lot P is not a recognized designation of land under the current *Municipal Government Act* ("MGA") and that the designation of Lot P most closely resembles an "Environmental Reserve" designation under the current MGA,

**AND WHEREAS**, the Municipality has, following lengthy investigation, determined that there may have been errors made in the boundaries of Lot P at the time of registration of the subdivision that created Lot P, such that certain lots adjacent to Lot P did not extend to the shoreline of Lake Isle, as intended. These errors resulted in the adjacent landowners constructing improvements that encroach onto Lot P and the Municipality has also levied and collected property taxes in a manner that reflects the mistaken belief that the boundaries of the certain lots extended to the shoreline of Lake Isle,

**AND WHEREAS** the Municipality has determined that the result of their investigations indicate "an omission, error or other defect in the certificate of title" for Lot P, and "an encroachment problem and other concerns" with respect to Lot P, within the meaning of section 676(1)(d) of the MGA,

**AND WHEREAS**, the Municipality may, by Bylaw made in accordance with section 676 of the MGA, change the boundaries of an Environmental Reserve in order to correct an omission, error or other defect in the certificate of title, or to rectify an encroachment problem or other concern,

**AND WHEREAS**, the Municipality wishes to remove the "Park Reserve" designation from Lot P in order to correct the identified problems and concerns prior to subdivision of Lot P,

**AND WHEREAS**, the Municipality wishes to add an "Environmental Reserve" designation to a portion of Lot P in conjunction with correcting the identified problems and concerns outlined above;

**AND WHEREAS** a portion of Lot P is also to be subdivided to assist with correction of the problems noted above, a copy of the intended subdivision plan for which is attached as Schedule "A",

**NOW THEREFORE**, the Council of the Summer Village of South View, in the Province of Alberta, duly assembled, enacts as follows:

1. THAT this Bylaw may be cited as the "REMOVAL OF PARK RESERVE DESIGNATION BYLAW";
2. THAT the Summer Village of South View shall remove the reserve designation from all of Lot P.
3. THAT the Summer Village of South View shall designate Lot 6ER as identified on the intended subdivision plan at Schedule "A" as Environmental Reserve.
4. THAT this Bylaw shall come into force and have effect on the date of the third and final reading.

Read a first time on this 24th day of April, 2019.

\_\_\_\_\_  
Mayor, Sandi Benford

\_\_\_\_\_  
Chief Administrative Officer, Wendy Wildman

Read a second time on this \_\_\_\_\_ day of \_\_\_\_\_, 2019.

\_\_\_\_\_  
Mayor, Sandi Benford

\_\_\_\_\_  
Chief Administrative Officer, Wendy Wildman

Read a third and final time on this \_\_\_\_\_ day of \_\_\_\_\_, 2019.

\_\_\_\_\_  
Mayor, Sandi Benford

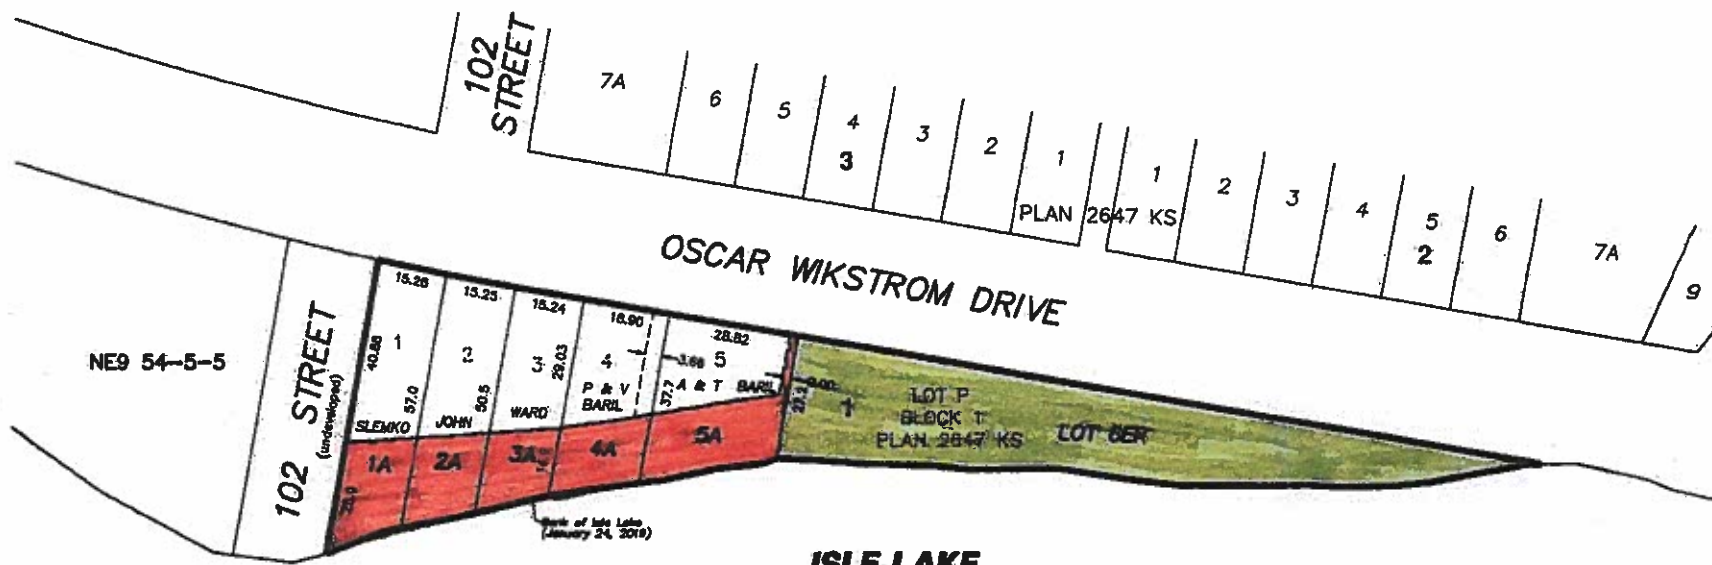

\_\_\_\_\_  
Chief Administrative Officer, Wendy Wildman

**Subject:** AUMA Update- Jan 2020  
**Attachments:** Fair Deal Panel Submission v.2.docx

Dear Friends and Colleagues:

It's been a busy month for the AUMA, with that in mind there are a number of issues I'd like to bring to your attention.

### The President's Summit:

These are challenging times for many Alberta municipalities. Now more than ever, we need our message to be clear and unequivocal. We are the fiercest defenders of our communities and it's time to stand up and show those communities and the world the important work we do. We need to make it clear where we stand and what we can achieve together. This is about supporting our neighbours, our friends and our communities. We need to plan for a healthy and sustainable future. We need to stand together and remain strong.

We have been operating from a position of fear. Fear of the provincial budget; fear of cuts and the trickle-down effect that they will have. That fear makes councils shrink their budgets, be less progressive, and become overly cautious. There's a very real danger that the impact of fear will erode not just our own confidence and that of our citizens, but investor confidence as well.

This is the time when municipalities should be looking at new ways of leveraging existing funding. Don't forget that our job is to plan for the future while we are coping with the realities of today. If we put off making necessary improvements to infrastructure it will create significant problems further down the road that the next generation will have to deal with.

So what can we do?

Aside from bundling tenders to get a better deal or creating focus groups on major projects to get community feedback and reviewing franchise agreements there are three ideas from around the province that I wanted to share with you.

#### Financially Fit for the Future (Medicine Hat)

<https://www.medicinehat.ca/government/departments/corporate-communications/financially-fit-for-the-future>

“We will need multiple solutions to help become financially fit for the future. We are examining how we can increase our return on investments, where we can cut costs and how we can generate increased revenue. We will also examine service levels.”

#### Change the Amortization period (Grand Prairie)

- In this process the City refinanced a consolidated debenture for a 30-year term, to match the lifespan of the assets concerned. This generated \$3.3M in positive cash flow each year for the first five years and then on a reducing scale for the following six years for an average of \$2.9M over 11 years. Funds were used to increase reserve funds and contribute to the 4.1% tax reduction approved by Council during Budget 2019 deliberations. By doing this they are ensuring the residents of today are only paying their share versus the residents of the future.
- 19 individual loans the City held with interest rates of 3.9-5.15% were combined into a single debenture with a lower rate.

#### Lean process philosophy (Grand Prairie) <https://leankit.com/learn/lean/lean-methodology/>

There are two primary concepts that guide all practice of Lean methodology, they are: continuous improvement and respect for people.

“So how do we create value? We become learning organizations. We set out to learn what our customers want and need -- and how to eliminate what they don't. We work to continuously improve so that our value stream, from end to end, is continuously optimizing to create more value for the customer.”

#### The Board Meeting:

The province's Fair Deal panel appeared as a delegation. They came to listen and have been tasked to report back on what they hear by making recommendations to the province. There are two topics that AUMA feels will have severe impacts on municipalities and we have responded to the panel, the letter is attached.

The first issue is having to get approval from the province on any federal contract. If that is implemented it would lead to a significant slowdown in approval time when we should be trying to get our tax dollars back from the federal level as quickly as possible.

The second issue is the possible establishment of a provincial police force to replace the work currently carried out by the RCMP.

These are important issues and your feedback is vital to this process. The panel has an open survey, PLEASE fill it out and give them any input you have. <https://www.alberta.ca/fair-deal-panel.aspx>

If you'd like to discuss these issues or anything else related to the smooth running of your town I'm always available.
