Dear Trinity Family,
Please consider helping with transporting our friends from Mount Miguel Retirement Home to church on Sunday mornings. Our hope is to get a team together that can rotate driving the vans so that no one person has the full responsibility. If we get enough people to respond, it could work out to be only once a month. Please prayerfully consider serving your church family in this manner. If you are interested, please contact Don Axe (619-300-9432). God Bless...

Dear Trinity Family,
A hearing aid was found. If you're looking for it, please contact Yasmin in church office (619)465-3011 x103.
