OUTTINGS AND ANNOUNCEMENTS

Hi all,

The outing season is upon us again. Our first outing will be a the Pahrump claim. Please keep in mind that snake season is still in full swing. Don't forget to fill your holes when you leave your area. I have had a few inquiries regarding camping on the claims. On our claims that are BLM land, you are allowed to camp in one spot for 14 days in a 28 day cycle. At the end of 14 days, you need to move your camp site

25 miles from the original sit. Also, even though it is starting to cool off, you can still get dehydrated. Please be sure to drink plenty of water. Coffee and soda will not keep you hydrated Lets have a great prospecting season. The outing for September will be at the Pahrump claim the weekend of the 29th and 30th. Come on out and join us for the outing. See you there.

We want to send a huge thank you to Doc from 'Docs Detectors' for the fabulous presentation at the August meeting.
And a giant thank you for the contributions you made to the raffle table.

MINUTES FOR May, June, August, September

MAY 2012

The GSSN met at the American Legion Hall in Henderson NV on Wednesday, May 2, 2012 at 6:30 PM. President Ian Thaler called the meeting to order and led in pledging allegiance to the flag. He welcomed all (87 signed in & there were 14 visitors). Dara gave the Treasurer's Report after which Morris made a motion to accept the treasurer's report as read; Pam Goulder seconded the motion. The vote was unanimous in favor and it was approved. Ian briefly commented on the last outing and said that the next outing would be May 19 & 20th at Section 34 claim. There will be a pot luck on Saturday and brunch on Sunday. Next the South Point Gold Show was discussed -- all favorable comments. Ian suggested that mid-June might be a good time to go to the Taylor Mine as our monthly outing. It is in the Dolan Springs area. He'll get back to the club before mid June regarding planning and further information as it evolves. It was announced that the K&T puffers are both available for check-out. George N. said he'd have info available about maps and claims on his website for those interested. Just contact him. Ian then announced that thanks to the efforts of many (especially John Anderson who filed papers in Kingman AZ relative to our not-for-profit status regarding property taxes on Mohave claims) we are now officially a tax exempt organization in Mohave County, Arizona. John Bronstein then showed the group his circa-1959/1960 Geiger counter and demonstrated how it picks up radioactivity. After a short break Ian commented on things some people suggested be added to an emergency kit. He then passed around some core samples and said that next fall; a geologist will give a presentation at a GSSN meeting regarding this topic. He mentioned that the Hang Tag ID Committee is still working on that project and will be reporting back to us in the near future. Emily Camp LLC was briefly mentioned by a member and there were a few comments from those familiar with it. There being no further new or old business, the raffles were held next. (See details below.) Ian thanked the many people* who contributed items for the raffle. Their generosity is much appreciated. (See * below.)

At 8:00 PM Morris made a motion to adjourn the meeting. Pam Goulder seconded the motion and the meeting ended at that time.

JUNE 2012 The GSSN met at the American Legion Hall in Henderson NV on Wednesday, June 6, 2012. President Ian Thaler called the meeting to order at 6:30 PM & led in pledging allegiance to the flag. He welcomed all -- there were 6 visitors and 40 people signed in. Dara gave the Treasurer's Report. Fred Zajac made a motion to approve the report as read & Dennis seconded the motion. The vote was unanimously in favor and it was approved. Next Ian asked about the previous month's minutes as published in the HighGrader and Mark made a motion to approve them; Jim seconded the motion and they were approved by unanimous vote.

Dennis Johnson then commented on the June 16 -17 outing to Taylor Mountain. He said he'd contacted the owners and the event was all set. Visitors were asked to make a voluntary contribution of \$5 or \$10 and a sign-up sheet was provided. The Taylor Mt. venue features a mining museum, stamp mill, cave, shaker table, diamond slab cutter etc. After spending the day at Taylor Mt. the GSSN group would proceed to the 28 Claim to camp overnight. Attendees (who would meet Dennis at the Ace Hardware in Dolan Springs at 9AM) were asked to bring a pot luck lunch for Saturday and whatever would be needed for Sunday (desert appropriate clothing, lots of water, chairs, etc.). The GSSN has various items of mining equipment available to be checked out. Those interested can contact Ian. In regard to the subject of Outings, Ian asked for volunteers to help with hauling equipment to and from each venue.

Next John Anderson spoke briefly on possible increases in claim costs. He will keep us advised about this. Ian then thanked Patty Green for donating Daniel's mining equipment to GSSN. He also mentioned that about a month ago Jake Jakl had mining equipment stolen from his home and asked that everyone keep their eyes open and if anyone sees anything suspicious to contact Jake. He suggested everyone put a personal mark on their tools and equipment for identification purposes. After a short break Ian spoke about an interesting book on Jack Longstreet who prospected at Gold Basin, the Johnnie in Pahrump, and other placer claims with which we're familiar. Anyone who'd like to read the book can contact Ian. In regard to the July meeting, members would be notified about a date. There being no further New or Old Business, the raffles were held next. Ian thanked all who contributed items to be raffled off. (See following list.)

At 8:05PM Fred made a motion to adjourn the meeting which was seconded by Mother. The meeting ended at that time.

Dolores Gee, Secretary

June Continued;

Taylor Mountain June 2012

The outing at Taylor Mountain in June was a huge success.....

We want to give a special thank you to the Taylor's for their hospitality. Also, a big thank you to Dennis Johnson for organizing the event. They invited us into their home and mine site in June and gave us one of the best outings we have ever had. We will visit Taylor Mountain again this fall. For everyone that didn't join us for the first trip, you will surely want to make every effort to make the second. The Taylor's ran all of the equipment on site including a crusher and tromel that is so big it needs to be loaded with a front end loader. The Taylor's granted us access to the cave house that was built with their own bare hands. They even ran two stamp mills that are both over 100 years old!!! It was a great day with great friends and our new friends the Taylor's. Thank you again to the Taylor family for a great outing and to Dennis for setting up the trip.
